One 20g sachet offers the nutritional equivalent of 2 egg whites plus 1 carton of milk.

Easy to swallow or chew, offering a pleasant taste with no unpleasant odor. Suitable for all ages and genders.

Tablet

Benefits of Egg White

Egg whites are a rich source of Albumin, a highly bioavailable protein optimal for muscle building and physical recovery. Additionally, they are low in calories, completely fat-free, and cholesterol-free, making them a safe and healthy choice for your body.

Aids In Muscle Building And Repair

Contributes To Healthy Hair And Skin

Suitable For Reducing Fat Consumption

Helps In Managing Cholesterol Levels

Promotes Feeling Of Fullness

Contributes To Protein Synthesis In The Body

Safe Option For Gluten Sensitivities

Easy-To-Digest Protein Source

How does egg white protein compare to other sources?

Based on Biological Value

(the percentage of protein efficacy absorbed and utilized by the body)

Egg white 	100 %
Milk 	90 %
Fish 	80 %
Meat   	75 %
Grains 	50 - 70 %

*Egg whites provide the highest level of protein absorption for the human body.
