

KUMWELL CORPORATION PUBLIC COMPANY LIMITED
AND SUBSIDIARIES
AUDITOR'S REPORT AND FINANCIAL INFORMATION
FOR THE YEAR ENDED DECEMBER 31, 2021

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of KUMWELL CORPORATION PUBLIC COMPANY LIMITED

Opinion

I have audited the accompanying consolidated and separate financial statements of KUMWELL CORPORATION PUBLIC COMPANY LIMITED AND SUBSIDIARIES (the Group) and of KUMWELL CORPORATION PUBLIC COMPANY LIMITED (the Company) which comprise the consolidated and separate statements of financial position as at December 31, 2021, and the consolidated and separate statements of comprehensive income, consolidated and separate statements of changes in shareholders' equity and consolidated and separate statements of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the accompanying consolidated and separate financial statements present fairly, in all material respects, the financial position of KUMWELL CORPORATION PUBLIC COMPANY LIMITED AND SUBSIDIARIES and of KUMWELL CORPORATION PUBLIC COMPANY LIMITED as at December 31, 2021, and their financial performance and cash flows for the year then ended in accordance with Thai Financial Reporting Standards.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements section of my report. I am independent of the Group in accordance with the Federation of Accounting Professions' Code of Ethics for Professional Accountants together with the ethical requirements that are relevant to my audit of the consolidated and separate financial statements, and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, were of most significance in my audit of the consolidated and separate financial statements of the current period. These matters were addressed in the context of my audit of the consolidated and separate financial statements as a whole, and in forming my opinion thereon, and I do not provide a separate opinion on these matters.

Key audit matters and how audit procedures respond for each matter are described below.

Revenue recognition from sale of goods

Revenue from sales of the Group are significant amount and the Group sell their goods to a large number of customers. I therefore determined revenue recognition as a key audit matter and focused on the occurrence of revenue recognition.

I have obtained an assurance relating to the occurrence of revenue recognition from sale of goods.

- An assessment of the Group's accounting policies relating to revenue from sales recognition and performance obligation, an assessment of the effectiveness of the Group's general controls over their IT systems and their internal controls with respect to the revenue cycle and suitable timing of recognition for sale of goods.
- On a sampling basis, I examined supporting documents for actual revenue transactions occurring during the year.
- Performing cut-off sales before and after the end of year.
- Reviewing the appropriateness of credit notes issued by the Group after the end of year.
- I also performed analytical review procedures on disaggregated revenue data and examined the related accounting entries made through journal vouchers.

Provision for devaluation of inventories

Estimating the net realizable value of inventory, as disclosed in Note 7 to the financial statement, is an area of management judgment, particularly with regard to the estimation of provision for devaluation of slow-moving and obsolete inventory. This requires analysis of the product life cycle, the competitive environment, economic circumstances and the situation within the industry. There is a risk with respect to the amount of provision set aside for devaluation of inventory.

I have obtained an assurance relating to the estimation of provision for devaluation of inventories.

- Inquire the Management to obtain an understanding of the Company's policy for net realizable value calculation and performed the internal control testing over the purchasing system.
- Observe physical count of inventory end of year.
- Sampling test the records of inventories in order to assure the correctness of cost of inventories and its allocation of related expenses.
- Analyse the quantities and movement of inventories to identify the slow-moving or long outstanding inventories.
- Inquire the Management to obtain an understanding the appropriateness of selling price per unit and test the appropriateness of selling price per unit on invoices against market prices at year end.
- Compare the cost and net realisable value of inventories at year end, deducting relating necessary expenses for inventories prompt for sale.
- Determine the adequacy of the presentation and disclosures relating to inventories in notes to financial statements.

Other Information

Management is responsible for the other information. The other information comprises information in the annual report of the Group, but does not include the consolidated and separate financial statements and my auditor's report thereon. The annual report of the Group is expected to be made available to me after the date of this auditor's report.

My opinion on the consolidated and separate financial statements does not cover the other information and I do not and will not express any form of assurance conclusion thereon.

In connection with my audit of the consolidated and separate financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

When I read the annual report of the Group, if I conclude that there is a material misstatement therein, I am required to communicate the matter to those charged with governance for correction of the misstatement.

Responsibilities of Management and Those Charged with Governance for the Consolidated and Separate Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated and separate financial statements in accordance with Thai Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated and separate financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated and separate financial statements, management is responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated and Separate Financial Statements

My objectives are to obtain reasonable assurance about whether the consolidated and separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated and separate financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the consolidated and separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Company's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the consolidated and separate financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Group and the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated and separate financial statements, including the disclosures, and whether the consolidated and separate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. I am responsible for the direction, supervision and performance of the group audit. I remain solely responsible for my audit opinion.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide those charged with governance with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, I determine those matters that were of most significance in the audit of the consolidated and separate financial statements of the current period and are therefore the key audit matters. I describe these matters in my auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, I determine that a matter should not be communicated in my report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
