## KLEEMANN timeline

## Our story & heritage

Founded in 1983 in Kilkis, Greece, KLEEMANN is one of the major lift companies in the European and global market, providing any type of residential or commercial passenger and freight lifts, escalators, moving walks, accessibility and marine solutions, parking systems and components.

Its distribution network expands to more than 100 countries, with local presence in 15 of them.

KLEEMANN stands for innovation in design and technology, for flexibility and pragmatic thinking, for quality products and dedicated service and support.

Integrated manufacturing facilities, highly trained workforce and state-of-the-art IT systems and logistics support enable KLEEMANN to deliver reliable, highly personalised solutions, whatever the challenge.

WE ARE THE GLOBAL LIFT  
SUPPLIER WITH THE BEST  
PRODUCT RANGE  
IN THE WORLD

WE ARE EXPERTS  
IN SPECIAL PROJECTS

WE OFFER  
WORLD CLASS  
DESIGN

# Development in China

KLEEMANN China was  
founded in Kunshan in

2011

---

The tower raises at

100

meters height

---

Premium quality according to

European

standards

---

Our premises cover an area of

16,500

square meters

---

Manufacturing capacity

5500

units/year

---

Global sourcing and worldwide  
funneling under product quality  
control, compliant with

EN 81.1

---

# Global perspective

We expand in  
more than

100

countries around  
the world

---

We have a local  
presence in

15

countries  
around the world

---

KLEEMANN Group facilities  
cover an area of 255.000 m<sup>2</sup>  
in land and 140.000 m<sup>2</sup>  
in buildings globally.

● MANUFACTURING FACILITIES    ● LOCAL PRESENCE

## Outstanding ride quality

Atlas is designed to deliver both premium quality and exceptional ride comfort. Low noise levels and minimal vibrations ensure a smooth and pleasant passenger experience.

## Safety

Feel safe and secure with the guarantee of complete passenger safety.

## Ease of installation

Designed for ease of installation and use, reliability and spatial efficiency.

## Fast delivery

Place your order and enjoy prompt delivery.

Max entrances	2
Panoramic option	No
Door Option	Semi-automatic
Directives & Standards	2006/42/EC

## World class design

Since 2007, KLEEMANN has launched its creative research, in cooperation with the industrial designer Andreas Zapatinas.

That was the beginning of a new era. Through this rewarding partnership, new technical and aesthetic solutions were explored and developed.

Inspired by human needs, KLEEMANN focuses on shaping new space qualities that lift the passenger's mood and stimulates interaction inside the elevator.

# Our cabins

KLEEMANN Design is about life. Going far beyond the elevator design, KLEEMANN cultivates a whole design culture that elevates each and every aspect of its operation. It is a way of thinking, a mindset of innovation.

Rather than thinking of the elevator as a box, KLEEMANN Design thinks of it as a unique space in the building and transforms the whole elevator experience into a new value for the people, the building, the environment.

# Special Features

## Magic Mirror

The Magic Mirror is an LCD display, which is functioning as a normal display while it is activated and as a full mirror while it is deactivated.

The surface glass/mirror is constructed to be combined with the LCD display and it complies with the necessary surface, hardness and tension requirements.

## Virtual Window

Virtual Window is one of the world's first immersive architecture & experience design elevator products. The display adapts the viewer's point of view in real time, according to the elevator's movement.

The patent pending Virtual Window software detects the movement of the elevator car - so it recognises whether it is stationary or moving, its direction, speed and location. This analysis is translated to the movement of the display's content.

# Doors

# Projects around the world

Being a reliable and innovative brand, renowned for specialising in unique and customised solutions, KLEEMANN is proud of its projects all around the world.

Through the years, KLEEMANN has developed a wide global network of customers and has fairly gained the position as a most valued lift manufacturer worldwide. KLEEMANN owns manufacturing facilities in Greece, Serbia and China and a wide network of companies around the world.

Thanks to the credibility, special innovative design and flexible and prompt service, as well as the importance to continuous development, KLEEMANN has earned the preference of the market.

For the people in KLEEMANN each project is a chance to go beyond conventional engineering and design!

KLEEMANN customers are unique and so are their projects!
