small trees, and the coolness from the succulent stream can be refreshing all day long. Then take you to [Hin Ta and Hin Yai Rocks](#). It is a strange-looking rock formed by natural

phenomena combined with people's imagination until it has become a famous tourist destination. Hin Ta is a granite penis that resembles a penis prominently located on the seafront. Hin Yai is a granite rock that looks like a woman's body from the waist down to the sea.

There is a legend that a pair of grandparents traveled by sailing boat from Nakhon Si Thammarat to Prachuap Khiri Khan to ask Mong Lai's daughter for their son but unfortunately encountered a big storm until the ship capsized. Grandfather and grandmother prayed that let they be a symbol for Mong Lai to know that they have been and have not broken their promises.
