

HR-POE-INJECTOR

Specification

Model	HR-POE-INJECTOR
Input power	90-280VAC
Output power	46-52VDC
Dimensions	165mm*62mm*38.5mm
Network protocol, compatible with the standard	IEEE802.3i 10 BASE-T IEEE802.3i 100 BASE-TX IEEE802.3x flow control IEEE802.3af
PoE Power	Each port Max 30W Attention: 12&36 Data transmission and power Cable: UTP cat.5 or higher
Transmission Rate	store-and-forward 100Mbps full duplex 10 or 100Mbps half-duplex 10/100/1000Mbps
Installation and use	Plug and play installation Automatically detect all devices And to provide the output equipment
LED Indicator	System: power Per port: Link, speed, PoE active
Operating temperature	0°C -40°C
Storage temperature	-10°C -70°C
Operating humidity	20% -85%
Certifications	CE/FCC/RoHs
