

OUTPUT 16 -FOLD 16A C-LOAD ADAPTED / NE

TXM616D

Technical Properties

Number of outputs	16
Different phases connectably	yes
Max. power with incandescent lamps	2300 W
Max. power with electronic transfo.	1000 W
Lighting power LED lamps	183 W
Max number of LED/CFL lamps	25
Adapted to the capacitive loads	yes
type of connection	with screw
Connection cross-sect. flexible cable	0,5 / 4mm ²
Connection cross-sect. rigid cable	0,5 / 6mm ²
Number of modules	8
System supply voltage	30V DC via bus
Operating temperature	-5 to 45 °C
Storage temperature	-20 to 70 °C
Protection index IP	IP20
