

8-fold output 16A/230V manu mode w/o bus

TYA608C

Technical Properties

Number of outputs	8
Different phases connectably	yes
Type of contacts	8NO
Max. power with incandescent lamps	2300 W
Max. power with electronic transfo.	1200 W
Lighting power LED lamps	216 W
Max number of LED/CFL lamps	18
Adapted to the capacitive loads	no
type of connection	quick connect
Connection cross-sect. flexible cable	0,75 / 2,5mm ²
Connection cross-sect. rigid cable	0,75 / 2.5mm ²
Number of modules	6
System supply voltage	30V DC via bus
Operating temperature	-5 to 45 °C
Storage temperature	-20 to 70 °C
Protection index IP	IP20
