

HDMI over CAT5e/6/7 Transmitter with IR

Model : ET860R

The HDMI over Single CAT5e/6/7 Extender incorporating 2-way IR signal transfer allows for a more efficient system setup and is easy to install. Uncompressed video and audio

can be transmitted to distances of up to 60 meters (1080p) or up to 35 meters (4K×2K) and supports High Definition Audio and 3D signals. Designed with HDBaseT Lite technology for greater flexibility in custom installations with full HDMI and 2-way IR control signal transfer over a single CAT5e/6/7 cable.

Specification
