Feature

- Tamper alarm function**
 Tamper-proof Mode starts when improper operation is repeated 6 times
 When Start Button is pressed at Tamper-proof mode, tamper alarm is triggered and no operation is allowed.
- Auticrime function**
 Set as s factory default for higher security.
 Inputting random numbers can prevent your password form being stolen by fingerprints
- Emergency power supply function:**
 When the battery runs out and can't unlock,
 you can input power by USB-TypeC (Mobile Battery)
- Anti-theft thumbturn function**
 You can't lock or unlock the door if you don't press the thumb turn button.
 This function prevents unauthorized unlocking by turning the thumb turn.
- Timer lock function**
 Timer locking can be set to prevent forgetting to lock the door.
 The door will automatically lock 5 minutes after unlocked
 by password, user card, or manually.
