

VARAPORN RAKKHITAWATTHANA

MOLECULAR GENETICS SCIENTIST

PROFILE

Khun Varaporn rakkhitawatthana is a professional in Molecular Genetics and expertise in development and execution of genetic. Specialize in human genetics testing.

EDUCATION

- **Doctor of Philosophy Biochemistry and Molecular Medicine , Chulalongkorn University | 2012-2022**
- **Master degree of Biochemistry and Molecular Medicine, Chulalongkorn University | 2011**
- **Bachelor degree of Medical Technology, Chulalongkorn University | 2008**

WORK EXPERIENCE

Genea (Thailand) Clinic | Molecular Genetics Senior Scientist

2023 - PRESENT

- Serve as a Molecular Genetics Scientist

Sanomics (Thailand) Co.,Ltd

2019

- Serve as a Medical technologist
- Perform Nucleic Acid Testing EGFR mutation for TKI drug susceptible region using droplet digital PCR and preimplantation genetics testing using next generation sequencing.

Eurofins Clinical Diagnostics Co.,Ltd

2022

- Perform Nucleic Acid Testing For SARS-CoV-2 (COVID-19) using Real time RT-PCR and take responsibility in lab setting and lab testing.

Genea (Thailand) Co.,Ltd

2022

- Perform the Next Generation Sequencing (NGS) Laboratory for support the IVF procedure
