

# PROJECT REFERENCE

- |   |  |   |
|---|--|---|
| 2017: BIO - Danchang : Starter Panel for Mobile Belt with interlock | 2019: MDB Supply and Installation /            | 2021: Installation High Volt 11kV system                |
| 2017: BIO - Danchang : Remove and Laying Cable for Motor Pump       | Lighting Installation                          | 2022: Installation Transformer 1000 kVA                 |
| 2017: BIO - Danchang : Starter Pump 75kW panel                      | 2019: TR3000 kVA Re Installation               | 2022: Installation MCC Start water Make up              |
| 2017: BIO- Danchang : Electrical System for Bagasse Grinder Machine | 2019: LED Lighting Installation                | 2022: Installation Lighting B14 C21 System              |
| ACB 2000A Panel   | 2019: MCC 45kW VSD                             | 2022: Rent SWG B3 Year 2022                             |
| MCC panel for Start motor belt B18 / B19 / B20 / moter pump         | 2019: MCC for 132kW / 185kW Starter Boiler     | 2022: Installation MCC Control Valve                    |
| MDB ACB 2 x 1000A MCCB 1 x 630A                                     | 2020: Denin Control room Bio power Danchang    | 2022: Supply Fence HDG 400 set                          |
| Lighting system   | 2020: MCC panel for Start Belt Conveyor        | 2023: Installation Lighting system at Belt              |
| Installation / Laying Cable / Test & Commisioning                   | 2020: Pole Line 22kV Installation              | 2023: Installation High Volt 11kV system                |
| 2017: FRP Grating for Ash pond                                      | 2020: MCC Panel with PLC control               | 2023: Installation Start Motor 7.5 kw                   |
| 2017: BIO- Danchang : Laying cable for Fire pump                    | 2020: FRP Grating for Gutter                   | 2023: Installation Termination Kit 22kV                 |
| 2018: Ethanol - Danchang : Fertilizer Tank                          | 2020: TR 500 kVA Remove and Installation       | 2023: Modify Start Motor 5.5kw, 22kw                    |
| 2018: ESCO : Supply MDB ACB 2000A for Solar Floating                | 2021: Installation Fuse Cutout                 | 2023: Installation MDB Start Motor VSD 30kw             |
| ESCO : Supply Relay Panel for Solar Floating                        | 2021: Installation Start Ash Pond              | 2023: Installation MDB Start Motor Y-D 110-55kW         |
| 2018: BIO - Danchang : Absorbtion Chiller                           | 2021: Installation Start pump VSD 160 kw       | 2023: Installation Motor & Control Valve Boiler , PLC & |
| 2018: BIO - Danchang : Lighting Replacement                         | 2021: Installation Start Motor ID FAN          | Control Valve Boiler 34                                 |
| 2018: BIO - Danchang : PM MV Block 3                                | 2021: Installation Start Belt 26/1             |   |
| 2018: Singburi Sugar mill   | 2021: Installation and Remove Line 22 kV       |   |
| 2018: Danchang Sugar mill   | 2021: Installation Controller Engine Fire Pump |   |
