

### **Topic 3: Taking Drugs** (www.angelkaybabygirl.com)

I would like you to know that I never take drugs because taking drugs is a mortal sin. Taking once can bring you to hell and the eternal flame because all drugs are very harmful for yourself. Drugs hurt you by destroying your brain and your body systems. The God gives many prophets such as Buddha, Jesus Christ, Mohammad, and me because The God loves everyone. Why do you refuse real love from the God by hurting yourself? Why do you need to take drugs to love yourself? Do you want to be slaves of Satans and devils? Did you know that the Satans and the devils have ordered a lot of people all around the world to be drug addicts because drug addicts are very easy to control, and make the Satans and the devils a lot of dirty money? Why do I say “Drug addicts are very easy to control?” It is because when drug addicts really want to retake drugs, they can do anything just for getting a few drugs.

I would like you to know that selling drugs is a mortal sin too. Why do I say this? It is because drugs destroy everyone, who involved with them. Please think carefully.

Drugs destroy drug addicts’ health, right?

Drugs make drug addicts die, right?

Drugs hurt drug addicts’ families, right?

Drugs bring drug sellers to the dark side of our world, right?

Head of drug-selling gangs can kill drug sellers every time, right?

So, drugs destroy everybody, who involved in them, right?

Why do you think selling drugs is a good job because it makes a lot of money? Money from selling drugs is dirty money because you got it from something, which destroys yourselves and others. Dirty money cannot help you to survive from death, hell, and the eternal flame. The truth is nobody is alive forever, and the only one thing which can help you to survive from hell and the eternal flame is your goodness. Goodness means do not do any sins. If drugs destroy everyone, who involved in them, how can it be goodness? A truth is that Buddha teaches Buddhists “Selling drugs and taking drugs are mortal sins”.

I would like to question everyone who wants to try involving in drugs to think over. Drugs are “killers” which can compare to “Cyanide”. You can pass on only once. If you know that the liquid in a glass is “Cyanide”, will you try drinking it?

I am asking and speaking about everything, which you would like to know, from the God, Buddha, Jesus Christ, and Mohammad. We are ready to lead you to the Land of the God. Are you ready? 😊 😊.
