

Topic 6: Love
(www.angelkaybabygirl.com)

The God gives many good emotions to us. The best of all good emotions that the God gives to us is “Love”. “Love” is a very beautiful and wonderful emotion that cannot be described by any words. Love teaches us to give and take, makes us much better, and fulfills our souls.

I have not much experience in love between a man and a woman, but I will tell the truths about love that I have known. Many people all around the world do not clearly understand love. Four common misunderstandings are:

One: Being strongly attracted to wanting a man or a woman is not wrong.

Two: Destroying or separating matches is not wrong

Three: We do not need to keep our virginities. And

Four: Doing all things according to orders of Satans and devils is showing your real love.

Therefore, let’s see what I have known about “love”:

1. “Love” should happen from a man and a woman, who know the real habits of each other. I mean that love should start by gradually learning each other's actual habits and slowly growing up into love. All lovers should give each other, a pure and honest heart, and sincere and nurture mind. Love must not begin and grow up from lying, fooling, pretending, cheating, grabbing, or any profits.

Why did I say that?

Please think.

When a man and a woman make their home, they are living with their real habits, right?

Face and body are changing, but their real habits are still in being, right?

Everyone needs love, right?

And a perfect lover is someone whom you can trust forever, right?

Outside your home may be cruel, but inside your home must be trustworthy, right?

If love begins or grows up from lying, fooling, pretending, cheating, grabbing or profits, how can it be “love” because you cannot trust that love, right?

The Satans and the devils have tried to fool me “If you love someone, you will want to make that person become yours”. But please think, if that person becomes yours without his or her true love from his or her genuine heart, how can it be a happy and perfect marriage life? If you really love him or her, why do not you care about his or her real heart? I sincerely believe that if you really love someone, you will want to see that person lives happily from inside. I mean from his or her real heart, right?

2. Almost all good people all around the world have their own match that the God or karma makes for them. Match is someone whom the God created for you and/or whom you used to make merits with, and his or her real habits are fit and harmonious for you. Be careful, if you know “He or she has his or her own match”, you must quit and give them very best wishes. All people who do something or anything to destroy or separate matches will go to hell and the eternal flame because they destroy two people who are “mated forever” made by the God or merits. The God made “Match System”, so everyone who does something or anything to destroy or separate matches is destroying the God’s Will.

3. You should keep your virginity for only your match. I said that because your match is an extraordinary person for you, and making a home is an exceptional present that the God gives to us in order to fulfill our souls.

Please think.

If you fall in love with someone, you will feel that he or she is the extraordinary person for you, right?

And finally, you want to marry him or her, right?

I strongly believe that one of the essential qualifications for all couples is patience. Because patience is one of the things that makes a couple live together until they die. Keeping your virginity is not easy, but it is not difficult. Just be patient. Keeping your virginity will make you respect yourself because it helps you to know that you are patient enough to get respect from yourself and others. If you respect yourself, others who are good people, including your match, will respect you too. Keeping your virginity shows that you can take care of, nurture and protect yourself (Excluding all people, who are victims of sexual harassment and rape.) Taking care of yourself, nurturing yourself and protecting yourself are basics of love, qualifications of good couples, and qualifications of good parents. In that, if you can take care of, nurture and protect yourself, you can take care of, nurture and protect your spouse and your children.

However, the Satans and the devils have ordered innumerable girls and numerous women all around the world to lose their virginites. Since they actively want to see a lot of girls and a lot of women all around the world hate me, and finally, go to hell and the eternal flame with them. But do not worry. The God will turn back the time to 1990, and we will be better together.

Finally, I would like everyone to know that the Satans and the devils have made innumerable people all around our world confuse about love. Believe me, one of the meanings of love is to cherish your match. Love is not letting your match feel pain alone. If you do everything for your match, but it hurts your match, it shows that you still do not understand about "Love". Because it is not "Love".

I am asking everything, which you would like to know, from the God, Buddha, Jesus Christ, and Mohammad. We are ready to lead you to the Land of the God. Are you ready? ☺ ☺.
