

## **Because he is a Thai king, a king of the best dynasty**

**(I wrote these truths on 27 May 2022  
and posted them on My website on 28 May 2022)**

I went online and some Thai people who close to the satanic Chakri dynasty told readers “King Vajiralongkorn is a good king. He is wise. After he was crowned, he has tried to manage his officers and his servants. He gets rid of his bad officers and his bad servants out of his palaces and his offices. He appoints good officers and good servants to work for him. Because of that, many Thai who lose their profit want to assassinate him. So, he has spent his time in Germany to protect his life.”

After I read the article, I think “Because he is a Thai king, a king of *the best* dynasty, so after he knew “I may be killed by some Thai who lose their profit from my works.”, he *runs away with his tail in his ass* to make his harem in Germany quickly.” ... Because he is a Thai king, a king of *the best* dynasty ☹☹.

Try asking the German government “Why do you let the Thai king make his harem in Germany?” and try asking pimp king mha Vajiralongkorn “Why don’t you live in your palaces in Thailand? Why have you spent your time in Germany?” I believe that he will not answer you “I have spent almost all my time in Germany to have sex with my harems.” So, what pimp king mha Vajiralongkorn has done in Germany?

The God told Me many times “Pimp king mha Vajiralongkorn has spent his time in Germany to help pimp king Bhumibol and the satanic Chakri dynasty to *order and control* Prince William, all good members of The British Monarchy, all good monarchies in Europe, and almost all foreigners *who live in that time zone.*” ...

... Now, pimp king mha Vajiralongkorn is the king of *Thailand*.  
So, why does he need to make his harem in *Germany*?
