In this video clip, I would like to report something has made Me very moody.

The last two week, I used My mobile phone to go online Facebook. I have found that Facebook has had many video clips about royal families. 4 video clips about royal families made by idol who is Thai and a partisan of pimp king Bhumibol and the satanic Chakri dynasty have made Me so much moody. All the 4 video clips have only Thai subtitles, photographs, and/or motions. The 4 video clips are;

The first clip is about Prince William and Prince Harry. The Thai subtitle explained that Prince William and Prince Harry have fought against each other to posses Queen Mom's heritage. Prince William has felt unpleased in that Queen Mom gave the heritage to Prince Harry more than Prince William. So, Prince William and Prince Harry have had conflicts with each other.

The second clip is about Prince Charles and Princess Diana. The Thai subtitle explained that when Prince Charles and Princess Diana went to India, Prince Charles refused to be in a photograph with Princess Diana at Taj Mahal. And after Prince Charles and Princess Diana had divorced, Prince Charles felt very pleased to hear that numerous British people blamed Princess Diana.

The third clip is about a daughter of King Felipe VI of Spain and a daughter of King Willem-Alexander of The Netherlands. The Thai subtitle explained that Letizia of Spain wants her daughter to compete with the daughter of King Willem and Maxima to be "a gold digger" to flirt and grab a male teenager who is a billionaire. The daughter of King Willem won, so King Willem so proud of his daughter "You chose the right man!". However, the daughter of Letizia is not interested in the billionaire teenager, but she has aimed at a teenage footballer who has much income. Although the footballer has much income, Letizia does not like him in that he does not know social etiquette. The Father Almighty told Me "Letizia and Maxima could grab the kings in that they have worked the devil's dirty plan" and "Letizia and Maxima are prostitutes!"

And the fourth clip is about Prince Andrew of The British Monarchy. The Thai subtitle explained that Prince Andrew has a dark secret which he did not really want Queen Elizabeth to know. The secret is that he made friend with a porn actress to get to know each other!

I would like you to know that I saved all the 4 video clips and many video clips that defamed many royal families and many foreign creative people such as Jennifer Lopez, in the evidence collection on My Facebook.

Last, I would like to underline the truth again. Pimp king Bhumibol, the satanic Chakri dynasty, and all Thai people never stop in that they will alibi “We didn’t do. If we did, we would be afraid and would stop. Other countries did and have planned to blacken us. We’re such scapegoats!”
