

My message to Prince William (2)
(8 May 2023)

I would like to send My message in this video clip to Prince William of The British Monarchy.

Will, please let Me tell you what I have felt and have thought about you.

Will, Daddy Almighty told Me “Kay, Will has been afraid “Kay won’t agree to marry me” And “Kay will run away from me””

Will, I still have not believed that they are the truths in that if they are the truths, why do not you please Me by listening to and following My desires? Why have you always done opposite to My desires? And why do you always listen to everyone but Me?

Will, could you remember Princess Diana used the word “crowded” in an interview after she had divorced your dad?

Will, why do not you and people around you including the investigation team who studied psychology know how to please your girlfriend to help her to make up her mind to marry? Will, why do you think a woman who has been felt hurt and anguished by her boyfriend will agree to marry her boyfriend voluntarily? And Will, if you want Me to be happy in our wedding ceremony, why do not you please Me to voluntarily agree to marry?

Will, since 29 January 2013, how many years have I waited for your help to survive? And Will, do you know that since Christmas Day 2017, how many times have I waited for calling from you?

Will, I have spent My life for all good foreigners and all foreigners who can reform themselves since I was 14 years old. And now 3 years to 50 years old. So, I have felt familiar to spend My life alone. So that, if I need to make a decision to marry, I need to be sure that I and My parents must be happy in the marriage life.

Will, although Daddy Almighty has opened My mind for around 23 years, you still have not known what I want. So, Will, if you were Me, do you think will I be happy if I marry you?

Last, Will, I would like to share a beautiful quote with you again.

Let's listen;

When the two ears are put side by side, it forms the shape of the heart.
Interestingly, the word "ear" sits right in the middle of the word "heart".

The ear is the way to the heart.

So, if you want someone's heart, learn to listen to her or him.

"H E A R T"

Thank you very much, sir.
