

### The Last Chance (3)

I would like to proclaim the truths that Our Heavenly Father told me again;

If I succeed in suicide, or if I naturally die, *at the time when I completely die, all humans who are not devils, sinners, or wicked people but they joined the devil's dirty plan* will be *immediately* taken down to be brutally tormented in merciless states where are called "Hell" and "The Eternal Flame" with the Satans and all evils *forever* the same as the death of Devadatta monk who tried to kill Buddha.

And because I will not definitely come back to life until Our God will turn back the time to 1990, so;

1) Nobody including all good foreigners will see and feel purgatory, hell, the eternal flame and heaven.

2) All people who passed on because of the devil's dirty plan will not definitely come back to lives until 1990 comes. And

3) All good foreigners will have been left in the world for a long time until Our God will turn back the time to 1990 to send me come back to the world again.

Think twice. *If I completely die and I will come back to life, why does not Our God allow me to die before?*

I would like to emphasize it again. Our God truly wants to teach everyone to try to do the right his best to solve his problem before pray to Our God to request Our God to help him.

I would like to underline it again. *If I completely die, I will not certainly come back to life until 1990 comes.*
