

***The truths of doctor Visit Wangwittayakul, Veteran General Hospital, and many nurses at Rajvithi Hospital  
(5 December 2023 / 3 Pages)***

My Dad admitted at Veteran General Hospital on 26 October 2023 to operate the joint bones of his left leg on 27 October 2023. After My Dad passed the operation, My Dad infected bacteria. Allah or another name is Jehovah told Me while My Dad was admitting at the hospital many times "The hospital did not sterilize medical equipment to operate for Your Dad!"

My Dad left the hospital on 6 November 2023, and doctor Visit Wangwittayakul has ordered My Dad to continued taking "anti-biotic" at our home until the medicine will be used up.

My Dad had an appointment with doctor Visit to follow up on 22 November 2023. On the appointment, doctor Visit ordered My Dad to continue taking "anti-biotic" until the medicine will be used up again.

Because I myself have managed medicines for My dad to take, so I know that doctor Visit ordered My dad to continue taking "anti-biotic" from before 6 November 2023 to 17 December 2023. Although My Mom told Me "The doctor ordered Dad to take "anti-biotic" for so long because the doctor was afraid that Dad will infect bacteria in his bones", the total days when doctor Visit ordered My dad to continue taking "anti-biotic" are more than 42 days!

I would like to spotlight the truths I told King Charles and Prince William in a message again. I do not trust doctor Visit Wangwittayakul because:

1) His name both in the Thai language and in the English language is written similar to "Wisit Sanerkaew" who is a devil that Ad-harn family sent to destroy My virginity but does not succeed. And his name is pronounced in the Thai language the same as "Wisit Sanerkaew".

2) He works for "Veteran" General Hospital where is a soldierlike hospital in Thailand and is in the royal patronage of pimp king Bhumibol and the satanic Chakri dynasty who all are the big bosses of the Thai soldier drug-selling gang. And

3) His surname is started by the word "Wang" which the meaning in the Thai language is "A palace"

On 11 November 2023, My Mom and Nok went to a market to buy a kind of noodle which is called in the Thai language "Ka-Nhom-Jean" to be our lunch. After My Mom and Nok had arrived our home, Nok was in a special good mood. Nok hummed a song in her throat and sang a song lightly while she ate "Ka-Nhom-Jean" at lunch. It is not enough. In the afternoon, while I was being in My bedroom and Nok was going into her bedroom, Nok giggled with herself and laughed at Me softly.

My Mom has got diabetes. And normally, My Mom eats food a little. But on that day, My Mom herself told Me "Kay, "Ka-Nhom-Jean" is very delicious. I have eaten it 3 big packs!" After that My Mom ate a kind of sweet fruit which is called in the Thai language "Jum-Pa-Dah" a lot.

On that day at around 11:00 pm, My Mom needed a rescue van to bring her and Me to Rajvithi Hospital! My Dad called an emergency telephone number to ask for the van at around 11:15 pm, but the van arrived My home at around 0:30 am!

While My Mom was admitting at Rajvithi Hospital, Nok frequently visited My Mom more than Me, and Nok spent almost the time the hospital allows visitors to meet patients to visit My Mom. Allah or another name is Jehovah told Me "Nok does like that because she wants to know conditions of Your Mom for herself and to report pimp king Bhumibol, the satanic Chakri dynasty, and Ratchaneewan Ad-harn "Will Your Mom die?""

While My Mom was admitting at Rajvithi Hospital, My Dad usually talked to Me at our home "Kay, can we hire an overtime nurse to specially take care of Mom?" but because My Mom admitted in a group-room, so the rules of the hospital do not allow any overtime nurse to specially take care of My Mom. In the period of that time, My Dad ask Me once "Why Mom sent a message to Me "Dad, if I need to die, let Me die at our home!"?"

While My Mom was admitting at Rajvithi Hospital, I noticed that My Mom wanted to quickly come home. But I did not know what My Mom confronted until the last day My Mom admitted. My Mom told Me after she had left the hospital "Nurses who works on the ward roughly treated me. When they spiked a syringe to take my blood to test, they scooped in my blood tubes until I hurt, and then my blood tubes bruises!" I know that My Mom told Me the truths because I noticed many green bruises on her arm and hand, and many times when I went to the ward, some nurses looked at Me from the top of My head to My shoes!

I would like foreign people to know that all Thai people will not definitely stop doing much wickedness in that they planned to alibi “We are ordered to do wickedness by somebody and some groups (that we heard “People who ordered you all are Queen Elizabeth, Prince William, The British Monarchy, British people, and their henchmen!”)” This is a foremost reason why at the start, I, Prince William, My Parents, and many foreign people were fooled “Kay’s soulmate is a Thai man”, and why pimp king Bhumibol and the satanic Chakri dynasty ordered our God to send their thoughts to fool Prince William, all good members of The British Monarchy, British people, and tremendous Christians into waiting for Jesus and/or the end of the test 10 years from 2013!
