

## **Topic 8: Money**

**(I wrote this topic from 23 February 2022 to 25 February 2022 and posted it on My website on 25 February 2022.)**

The God sent Me to be born to tell the truths;

- 1) “The God never groups “money” into the group of “My enemies””
- 2) “Money will be a friend of The God, or will be an enemy of The God, it is up to the owner of the money”
- 3) “The God judges a human by his mind not by amount of his money”

And

- 4) “The God loves both the rich who are ethical and the poor who are virtuous” Conversely, “The God detests both the rich who are demonic and the poor who are satanic”

More than a thousand year in which people (exclude priests and monks) need to spend money every moment of their lives: When a couple make a home, the couple need to spend money. When a baby is born, his parents need to spend money. While a kid is growing up, his parents need to spend money. When one is hungry, he needs to spend money. When one is ill, he needs to spend money. And when one dies, his family needs to spend money. People are not priests and monks, so they need to have money to spend for their daily lives. So, why all good Christians believe “Money and millionaires are enemies of The God”?

A large number of poor people struggle to make a living. So, they do not have not only money but also time. However, a millionaire who can manage his life appropriately have both money and time.

Money will be a friend of The God when an owner “morally” earns money to get “merit money” (positive money) and the owner “smartly” spends his money. But money will be an enemy of The God when the owner “immorally” earns money to get “sin money” (negative money) and/or the owner “stupidly” spends his money.

If a millionaire “smartly” spends his money, he will not be a slave of money, and he will learn “Three of the happiness of living: giving, taking, and sharing”. Therefore, his wealth will go along with his competence to help others and the world.

Examples of the potentials of a rich man are;

To grow up his money, the rich man can spend his money to invest in legal investments. So, he will cause employments, will distribute income, will grow up economy of his country, and then, will grow up economy of the world.

The rich man can spend his money to buy many kinds of goods including jet planes, super cars, jewelries, and brand name products. So, he will be a subsidizer of many luxury businesses, and will distribute income to all people who involve in the businesses.

The rich man can donate his money to attend charity gala dinners and play charity golf.

The rich man can give his money for scholarships. So, he will help poor students to have good opportunities in their lives.

The rich man can donate his money to uphold the religion, so he will help his Prophet to keep and continue the teachings of his religion.

The rich man can donate his money and medical equipment for poor hospitals to help poor patients.

The rich man can donate his money and medical equipment to handicapped people for their better lives.

The rich man can spend his money for giving orphans many necessary things for their better lives.

The rich man can donate his money to set up campaigns for charity projects.

If the rich man is an eminent person, he can donate his things such as clothes and jewelries for charity auctions.

If the rich man success in his career and personal life, he can share his experiences in his business and his life to be instruction for students, start-ups, the poor, and his fan-clubs. In My era, it will be called “knowledge as one of the alms” ☺☺

If the rich man is morally famous, he can be a positive inspiration and a role model of others. It is one of the alms ☺☺

So, the rich man can benefit the society he lives in and the world ☺☺.

As The Daughter of The God and The Only One Latest Prophet, I have instructions to live with money:

The God never judges a human by amount of his money. But you have to “smartly” spend your money, not let your money “cleverer” spends you. Or it can be simply said about money and the owner “Allow your money to serve you” not “Let you serve your money”

After I will have survived, I will tell everyone (including the rich) tips and secrets to live with money, and tips and secrets of giving, taking, and sharing to survive from purgatory, hell, and the eternal flame ☺☺.

But now, I would like to share three of the tips and the secrets to live with money: Besides “positive karmas” in the past life (or lives) and in the present life will maintain your money, the tips and the secrets to live with money for everyone especially businessmen, merchants, entrepreneurs, and start-ups is “honesty” “fair” and “merit (positive karma)” (“Merit” is called in Thai language “Boon”).

If you are tricky or unfair, and other people who are good can catch up your tricky trick and/or your exploit trick, how can you have a good (business) partner? And how can you keep your relationship with a good person (or good people)? Have you ever noticed how you feel about a tricky person and an unfair person? As a result, if you are not “honest” and “fair”, who will wholeheartedly trust you as his (business) partner? Therefore, how can you grow up your money (and your business) sincerely and positively? And how can your money (and your business) grow sustainably?☺☺

And an everlasting truth is that “merit (positive karma, or “boon”)” will help you to maintain your money. So, if you never make any “merits (positive karmas, or “boons”)” to support your life, how can you keep your money sustainably? ☺☺.

“Merit (Positive Karma, or “Boon”)” is a complicatedly vital truths that I will revealed the truths of them after you will have seen purgatory, hell, the eternal flame, and heaven in My eyes, and will have felt purgatory, hell, the eternal flame, and heaven in your dreams. And it will happen after Prince William and I will have been at The Holy Home ☺☺.

Last, I as The Daughter of The God and The Only One Latest Prophet want to proclaim that:

**For the purposes  
*of*  
 ☺☺ raising My parents ☺☺  
 ☺☺ shopping ☺☺,  
 ☺☺ giving ☺☺,  
 ☺☺ sharing ☺☺,  
 and  
 ☺☺ charity projects ☺☺  
 so,  
 ☺☺ I need money ☺☺  
 and  
 ☺☺ I love money ☺☺**

**“Let’s morally earn money  
 and  
 smartly spend money”**
