

Topic 9: Forgiveness and Mercy
(I wrote this topic on 2 March 2022,
and posted it on My website on 3 March 2022) ...

Banjong Binkason who teaches “Basic of Islam” at Suntichon Foundation was ordered to post an article on Line application. The article tells readers “Both Mohammad and Jesus forgave their “compatriots” who tried to kill or killed them”.

So, in this topic, I’m telling you why I will not definitely forgive almost all Thai people and Thailand, and principle of forgiveness and mercy.

First of all, I would like you to understand that Thailand is not My country. Thailand is “the prostitute country” So, I am not Thai. Thailand is just the place “to” birth of Me, not My place “of” birth. Therefore, all Thai people are not My compatriots.

However, for My missions, I need to forgive all Thai people who can reform themselves but they participate in the devil’s dirty plan even though usually I do not really want to forgive them.

It is different from My feelings that I forgave all foreigners who can reform themselves but they join the devil’s dirty plan. My feelings with the foreigners are “sympathy”. In that I understand them who are not Buddhist-Thai. And they are tricked, and/or are tempted, and/or are ordered and/or are controlled to be a part of the devil’s dirty plan too. Nevertheless, I never have these feelings with all Thai people.

Why?

The followings are My reasons;

Buddhism is the national religion of Thailand. Pimp king Bhumibol, prostitute queen Sirikit, the satanic Chakri dynasty, and almost all Thai people are Buddhists. Buddha teaches Buddhists everything they need to know to be a complete human, and to survive from hell and the eternal flame.

Buddha teaches Buddhist “Three hearts of Buddhism are;

- (1) Do goodness
- (2) Do not do badness And
- (3) Purify your mind.

However, although one of the hearts of Buddhism is “Purify your mind”, one of the Thai cultures is “envy”. Even Pramaha Vuttichai Wachiramatee, a Thai monk who got many Thai rewards, has taught Buddhist-Thai to use “envy” to empower themselves. The God told Me and I agreed with The God “His teachings arouse Buddhist-Thai more envy”

Buddha teaches Buddhists “The first five precepts to be a complete human are;

- 1) Abstain from taking life (Do not kill)
- 2) Abstain from taking what is not given (Do not steal)
- 3) Abstain from sexual misconduct
- 4) Abstain from false speech (Do not lie) And
- 5) Abstain from drinks and drugs that cause heedlessness.”

Buddha also teaches Buddhists “Taking drugs, selling drugs, and injuring or killing a prophet are mortal sins which cause people who did to die in hell and the eternal flame forever”

But the daily lives of Buddhist-Thai are complete opposite of the religious teachings;

Almost all Thai people kill animals to eat. They have excused “We do not kill. Slaughterhouses and butchers kill. We just cook.”

Almost all Thai people even the queens love to take what is not given. The God told Me “The Blue Diamond, the diamond of Saudi Arabia Monarchy that was lost in Thailand in 1989 AD, has been in possession of prostitute queen Sirikit and the satanic Chakri dynasty”

The natures of almost all Thai women including the queens and the princesses are like “prostitute”. And the natures of almost all Thai men including the kings and the princes are like “pimp”.

Almost all Thai people are tricky. They love to pretend, lie to, and cheat. And they are excellent at deception.

Scores of Thai people both men and women are drinkers. They learn to drink alcohol when they are early teenagers. Some of them learn to drink alcohol when they are kids.

And pimp king Bhumibol and the satanic Chakri dynasty are the big boss of the Thai soldier drug-selling gang but have pretended (lie) to be “the best”. Thailand is the land of drugs. Untold Thai teenagers become drug addicts and drug sellers when they study in junior high school.

By the way, one of the natures of almost all Thai people is “It isn’t enough to be wicked alone, we must change other people who are good to be wicked the same as us.”

Accordingly, since the end of November 1999, after they had known “Kay is The Only One Latest Prophet of the current millennium. Because She came, so all good foreigners and all foreigners who can reform themselves will survive from violent torments in hell and the eternal flame, and will live happily in the new wonderful world”, they all could not stand. They have continued working together to kill Me, The Prophet. They have used religious beliefs of all moral Christians and all obedient Muslims to fool the Christians and the Muslims into waiting as the beliefs to succeed in killing Me, The Prophet, and triumph over The God. They have lied to a large number of foreigners to trick and tempt the foreigners to work the devil’s dirty plan with them together for the purpose of to bring the foreigners to die in hell and the eternal flame with them forever. They have tried to change all foreigners to be wicked the same as them. They have planned to do evil deeds until their last minute, and throw their guilts to Queen Elizabeth, Prince William, The British Monarchy, the UK, and the US. And countless lives have been distressed and/or were passed on by them since then.

Because many Thai devils including prostitute princess Bajrakitiyabha who has worked for the UN studied law, so though their excuse “This’s the era of the decline of religion” may be reasonable, they cannot alibi “We never know that killing other people is a felony. We never know that mayhem on body and confine freedom of kings, queens, heir apparent, and members of other royal families are felonies. We never know that mayhem on body and confine freedom of other people are criminal cases. We never know that damage assets of other people are civil offenses related to criminal cases. We never know that human rights are the basic rights of every human that were legislated by the UN. And we never know that genocide is a war crime.” Even kids knew “Killing other people is a crime” So, why should I sympathize and forgive them?

The God told Me “A large number of Thai people can’t reform themselves. If We gave them a chance to start their new lives in the new heavenly world the same as We give it to almost all foreigners, while almost all foreigners will be thinking “We got the greatest chance to survive”, all Thai people will be thinking “We had committed the devil’s dirty plan altogether for a long time. We had done countless all mortal sins. If “bad trees will bear bad fruits”, or “karma is real”, why did nothing happen to us? Why did we get a chance to live in the new world? Hell and the eternal flame still hasn’t come. Now, we need to be rich and the biggest before. Thus, let’s commit the devil’s dirty plan together again.” And then, they will trick and tempt foreigners who aim to reform themselves to work the devil’s dirty plan to die in hell and the eternal flame with them forever again. And many foreigners will decide to participate in the devil’s dirty plan again as the foreigners will agree to Thai people “If bad trees will bear bad fruits, or “karma is real”, why did nothing happen to Thai people? Why did Thai people get a chance to live in the new world?”

My experiences in all Thai people and Thailand since I was born, grew up as the eldest daughter of a middle-class family, and was started to severely tormented to addict drugs and suicide since I was 14 years old help Me to know “The God told the truths”. In that I really know that two of the natures of Thai people are: 1) They like to follow the popular trend. Soon, they get bored, and turn back to the way it was. And 2) “Do what the heart wants is authentic Thai”. (If foreign people who have a chance to spend their lives in Thailand ever noticed, they will know “Thai people have no discipline. They do what they want to do. They are not afraid of the laws. In that money can change everything”) So, why should I sympathize and forgive them?

Another point is that almost all Thai monks have taught “Forgiveness is the greatest and the best alms” and “Mercy sustains the world” Why do not I believe and follow the teachings of the monks? Why do not I sympathize and forgive almost all Thai people and Thailand?

As The Only One Latest Prophet of the current millennium, please carefully consider My teachings: “Before we will forgive someone, we have to carefully contemplate behaviours, habits, and the mind of each person we will forgive. If we forgive a person who can’t reform himself, and later on, the person returns to make a problem, hurt, injure, and/or kill the forgiver and/or other innocent people, will the forgiveness be the greatest and the best alms?”

“In the same way, before we will show mercy to someone, we have to carefully think about behaviours, habits, and the mind of each person we will show the mercy to. If a person we will show the mercy to never sincerely shows his mercy to anyone, and always hurts, injures, and kills others, after that, when he is charged, he asks us for the mercy, should we show the mercy to him? Another case is if a person we will show the mercy to is demonic, never appreciates the mercy of others, and can't reform himself, should we show the mercy to him? Have you ever read the fable “The Snake and The Farmer” written by Aesop? So that, if we show the mercy to these types of people, will the mercy sustain the world?”

“Think over: How is My daily life in Thailand where almost all Thai monks have taught “Forgiveness is the greatest and the best alms” and “Mercy sustains the world”?”

Did you understand principle of forgiveness and mercy? 😊😊
