

Two important truths ***(15 August 2023)***

Two important truths which I would like you to know in this video clip are;

1) The Father Almighty told Me “Kay. Pimp king Bhumibol and the satanic Chakri dynasty are tricky and excellent in deception, so they have equivocated the word “wait for” to lie to Will “Kay’s Mission is to wait for” A truth is that You need to wait for until Will, King Charles, and Harry know “We are fooled into waiting for!””

And

2) During the new year 2001 when was the time after The Father Almighty had opened My mind around a half of the year but after pimp king Bhumibol, the satanic Chakri dynasty, and all Thai people had started ordering The Father Almighty around 1 year (in that they started ordering The Father Almighty at the end of November 1999), My Dad and I went to the garden of My Dad at Lumpang province. While we were traveling, we stopped at a department store in a province where is far away from Bangkok. I bought a file which has a handle from that department store. On the file has pictures of a witch, a phrase “Just make a wish”, and sentences “I am a pretty witch. I like to ride a bamboo stick. You can make your own wish. Just open your eye lid and you will see.” ... How do you think?

Thank you very much, sir.
