

METAL SEALS

PRODUCT	STRAP SIZE (mm.)	SEAL SIZE (mm.) LENGTH x THICKNESS	MATERIAL	PARCEL	UNIT/PARCEL
SERRATED SEAL (REGULAR DUTY)					
SR-123008	PET Strap 12 mm.	30 x 0.8	Galvanized Steel	Carton	1,000 / 2,000 PCS.
SR-163008	PET Strap 16 mm.	30 x 0.8	Galvanized Steel	Carton	1,000 PCS.
SR-163010	PET Strap 16 mm.	30 x 1.0	Galvanized Steel	Carton	1,000 PCS.
SR-193010	PET Strap 19 mm.	30 x 1.0	Galvanized Steel	Carton	1,000 PCS.
SERRATED SEAL (HEAVY DUTY)					
SR-1630-10 (HD)	PET Strap 16 mm.	30 x 1.0	Galvanized Steel	Carton	1,000 PCS.

SERRATED SEAL

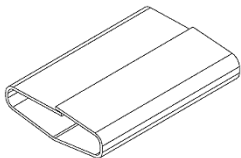

Serrated seal has strong serration inside the seal, which provides extra grip when being sealed with the strap. This eliminates the strapping slippage. It is widely used with PET strap. Using with the smooth surface of PET strap will provide the best maximum loading.

PUSHED SEAL

PS-122605	PP Strap 12 mm.	26 x 0.5	Galvanized Steel	Carton	4,000 PCS.
PS-162605	PP Strap 16 mm.	26 x 0.5	Galvanized Steel	Carton	3,000 PCS.
PS-164505	PP Strap 16 mm.	45 x 0.5	Galvanized Steel	Carton	2,000 PCS.
PS-164505	PP Strap 16 mm.	45 x 0.5	Galvanized Steel	Bag	20 kgs.
PS-162506	Steel Strap 16 mm.	25 x 0.6	Pre-galvanized / Zinc Plated	Bag	2,500 PCS.
PS-192506	Steel Strap 19 mm.	25 x 0.6	Pre-galvanized / Zinc Plated	Bag	1,000 / 2500 PCS.
PS-193006	Steel Strap 19 mm.	30 x 0.6	Pre-galvanized / Zinc Plated	Bag	2,500 PCS.
PS-193008	Steel Strap 19 mm.	30 x 0.8	Pre-galvanized / Zinc Plated	Bag	2,000 PCS.
PS-195006	Steel Strap 19 mm.	50 x 0.6	Pre-galvanized / Zinc Plated	Bag	1,000 PCS.
PS-195008	Steel Strap 19 mm.	50 x 0.8	Pre-galvanized / Zinc Plated	Bag	1,000 PCS.
PS-255008	Steel Strap 25 mm.	50 x 0.8	Pre-galvanized / Zinc Plated	Bag	1,000 PCS.
PS-325008	Steel Strap 32 mm.	50 x 0.8	Pre-galvanized / Zinc Plated	Bag	500 / 1,000 PCS.

PUSHED SEAL

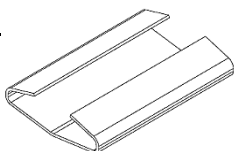

Pushed seal are able to withstand higher stress because of the overlapping metal flanges, or edges. These seals are pre-threaded onto overlapping strap ends. As the tensioning process begins, the nose of the tensioner is pushed against the seal. This group of seals is popular among steel strap and PP strap users.

CLOSED SEAL

CS-122808	PET Strap 12 mm.	28 x 0.8	Galvanized Steel	Bag	2,500 PCS.
CS-255008	Steel Strap 25 mm.	50 x 0.8	Pre-galvanized / Zinc Plated	Bag	1,000 PCS.
CS-325008	Steel Strap 32 mm.	50 x 0.8	Pre-galvanized / Zinc Plated	Bag	1,000 PCS.

CLOSED SEAL

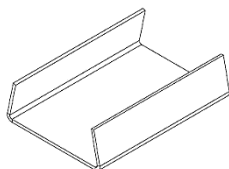

Closed seal must be threaded over the overlapping strap ends before the tensioning tool is applied. The smaller size (12 mm.) can be used with PET strap and the larger size (25 mm. and 32 mm.) is better use with steel strap.

METAL SEALS

PRODUCT	STRAR SIZE (mm.)	SEAL SIZE (mm.) LENGTH x THICKNESS	MATERIAL	PARCEL	UNIT/PARCEL
OPENED SEAL					
OS-162506	Steel Strap 16 mm.	25 x 0.6	Pre-galvanized / Zinc Plated	Bag	2,500 PCS.
OS-163006	Steel Strap 16 mm.	30 x 0.6	Pre-galvanized / Zinc Plated	Bag	1,000 / 2,500 PCS.
OS-192506	Steel Strap 19 mm.	25 x 0.6	Pre-galvanized / Zinc Plated	Bag	2,500 PCS.
OS-193006	Steel Strap 19 mm.	30 x 0.6	Pre-galvanized / Zinc Plated	Bag	1,000 / 2,500 PCS.
OS-255008	Steel Strap 25 mm.	50 x 0.8	Pre-galvanized / Zinc Plated	Bag	1,000 PCS.
OS-325008	Steel Strap 32 mm.	50 x 0.8	Pre-galvanized / Zinc Plated	Bag	1,000 PCS.

OPENED SEAL

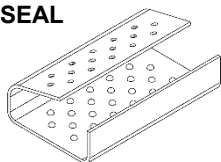

Opened seal can be placed over the overlapping strap during or after tensioning the strapping. This eliminates the pre-threading, which facilitates strapping operation. This seal is commonly use with steel strap.

DIMPLE / SNAP SEAL

DS-123008	PET Strap 12 mm.	30 x 0.8	Galvanized Steel	Carton	2,000 PCS.
SN-162806	PP Strap 16 mm.	28 x 0.6	Galvanized Steel	Carton	2,500 PCS.

DIMPLE / SNAP SEAL

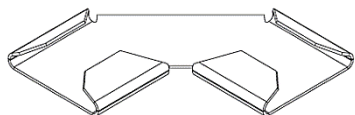

These are anti-slipping coating seal. Size 12 can be used with PET strap and size 16 can be used with PP strap. It can alternatively use instead of serrated seal and pushed seal respectively.

INTERSECTION SEAL

AS-329008	Steel Strap 32 mm.	65 x 0.8	Galvanized Steel	Bag	500 PCS.
-----------	--------------------	----------	------------------	-----	----------

INTERSECTION SEAL

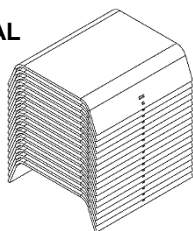

Intersection seal secures steel straps at the intersection, where they cross over each other at 90 degrees. It is available for 32 mm. strapping.

MAGAZINE SEAL

MZ-193808	Steel Strap 19 mm.	38 x 0.8	Pre-galvanized	Carton	2,000 PCS.
MZ-325009	Steel Strap 32 mm.	50 x 0.9	Pre-galvanized	Carton	1,000 PCS.
MZ-325010	Steel Strap 32 mm.	50 x 1.0	Galvanized Steel	Carton	1,000 PCS.

MAGAZINE SEAL

The magazine is designed to has interlocking nibs that able to hold in a stack. The designed is specially used with powered tools or automatic equipment. These seals are stacked together into the magazines of seal feed combination tools or power strapping machines. This seal is applicable for steel strapping.

Note : Customized size can be requested
