CODE: SC-016

Characteristics

Sweet corn hybrid very sweet. Excellent tipfill. Suitable for planting all the year-round. Root strong. Tolerant to heat and diseases.

Large ear size: 5.5-21 cm.

Weighting: 350-400 gm.

Plants height: 270-280 cm.

Harvest time: 70-75 days after sowing

CODE: SC-052

Characteristics

Sweet corn hybrid very sweet. Excellent tipfill and texture. suitable for planting all the year-round. Tall with ears borne 80-95 cm. Well-filled with 16-18 rows of golden-yellow kernels. Root strong.

Tolerant to heat and diseases.

Large ear size: 5.5x20-23 cm.

Weighting: 370-390 gm.

Plants height: 230-250 cm.

Harvest time:70-75 days after sowing

CODE: SC-142

Characteristics

Vigorous plant, good taste, large ear size and shape are cylindrical and corn cob small. Red kernels. Very well fresh produce uniformity, 15-16 Brix sugar content and good husk cover. Root strong. Tolerant to heat and diseases. Tall with ears borne 75-95 cm. Well-filled with 14-16 rows.

Ear size: 5x30-35 cm.

Ear Weigh: 350-380 gm.

Plants height: 220-250 cm.

Harvest time: 68-70 days after sowing

CODE: SC-158

Characteristics

Vigorous plant, Long ear, Red kernel color, Tipfill and More anthocyanin.
Able to growth all year round.

Ear Height: 95 cm.

Ear with husk: 330-400 g.

Number of row: 14-16

Harvest time: 71-73 days
