**Application**

**Type**

**Body Material**

**Rubber Material**

**Working Pressure**

**Working Temperature**

**Connection Type**

**Size**

: Flow Control Valve

: A flow regulating valve by lifting and lowering a parabolic type closing plug.

: Manual by turning handle

: Stainless Steel 316L made out from precision CNC milling machine

: EPDM

: Maximum 10 bar

: -10 degree C to 135 degree C

: Weld End & TC ferrule end

: 1/2" - 2"
