MESSAGE FROM CHAIRMAN OF THE BOARD AND EXECUTIVE CHAIRMAN

Dear shareholders,

During the year 2021, every countries in the world suffered as never seen before from COVID 19 epidemics, widely impacted the businesses, trading, travelling and transportation, education system and healthcare system. Most activities were at a standstill. Thailand could not avoid such a disastrous situation, every organization, both public and private had to struggle to adjust to the new business processes, the new way of live, had to work form home for a long period, creating a major impact all over the world. At the same time, the new technology that was very efficient and fast had been developed. They employed the new computer hardware, software, communication equipments to create the new business opportunities, using big data collection to assist decision making and new marketing approach, resulting in the high expansion, as never seen before, in electronic commerce, electronic finances, electronic health industry, including entertainment businesses such as electronic sports and computer games. Eventually the world is moving paralel to the virtual world relying on advanced technology such as Web. 3.0, Artificial intelligent and distributed processes based on blockchain.

The company is in the good position to be in the computer and technology industry that can respond to the need of the fast expansion of the market and business requirements. Since the market environment had change a great deal and operating under the pressure of the unfavorable environment, we had to temporarily close down the branches and outlets in various centers and universities that had to shut down. We then had to request own staff to work from home and to come to support our on-line distribution channel which is our new channel strategy that enjoyed a major growth. Apart from this, we also faced the problem of supply chain disruption that was a major global problem but as the management had anticipated such problem before, so we had a plan to reduce the impact and solved the problem to a certain extent.

The Company believes that after the epidemic has passed in the future, the business, based on computer and communication technology, will have a high growth in every aspects because of the capability and ease of use of the computer and communication including the add-on peripheral equipments. The Company will set the goal to acquire knowledge and various products to serve the market's need in the future.

With full co-operation from all the staff who planned and overcame the problems during the critical time, quick to respond and carefully control the expenses and suitable investment, the company was able to achieve the goal set-up, for the financial year 2021, with the income of 5,573 million bahts and expense of 5,447 million bahts, resulting in the net profit after tax of 125.56 million bahts, 71.29% increased from 2020.

Finally, the company board, executive board members and all staff would like to express our sincere appreciation to our shareholders, business partners and all our customer for their support, valuable advice through the year. We affirm that we shall conduct the business prudently, transparently with care and good corporate governance as well as supporting Thailand's business and social development, maintain and protect environment for sustainable business growth to provide good return to our shareholder and all shareholders.

VISION MISSION

Vision

To be leader in digital solutions provider that creates superior digital experience for all generations

Missions

1. Committed to offering the best service and providing innovative technology that caters for a modern, creative and digital lifestyle
2. Committed to create best experience in technology for everyday lifestyle for all ages
3. Committed to be a social contributor in educational development by encouraging teachers and students to utilize technology in data analysis, idea creation, planning, researching, problem solving, co-working and presentation to enter in "Lifelong Learning"
4. Committed to develop our team and cultivating a positive working attitude in order to professionally serve our customers. We also place an emphasis on building our knowledge to keep pace with today's rapid technological advancements so as to achieve the best possible results.

Values

S P V I : Digital Experience and Solutions for all generations

S - Service Excellence

Providing the best service to accommodate our customers' digital lifestyles

P - People

Continuing to develop and care for our team in order to move forward together

V - Value

Ensuring our customers, staff and stakeholders receive the value they deserve

I - Integration

Providing integrated product and service propositions, which are beneficial for all

Business and Performance

S P V I Public Company Limited's core business is a reseller of Apple products, including computers, iOS devices (iPod, iPad, iPhone) and various other accessories. Also distributed are other brands compatible with Apple products, such as software, network equipment, printers, and graphic products. SPVI also distributes products associated with iOS devices, such as speakers, headphones, protective cases, and screen protectors. We provide products and services that cater for all the needs of our end consumers through variety retail channels through iStudio by SPVi, iBeat by SPVi, U•Store by SPVi and Mobi. We also provide total solutions for organizations, as well as educational institutions and state enterprises.

Furthermore, SPVI operate service center which is certified to the Authorized Apple Service Provider under the name of "iCenter". At all branches of iCenter, the after sales service and consulting service will be performed by Apple Authorized Technicians.

Policy and Business Direction

SPVI's business strategy is focused on maintaining sustainable growth by providing integrated products and services that add value to both our customers and society. We also support a learning culture and develop our staff to uphold the following corporate values, vision and missions:

Values

S P V I : Digital Experience and Solutions for all generations

- Service Excellence : Providing the best service to accommodate our customers' digital lifestyles.
- People : Continuing to develop and care for our team in order to move forward together.
- Value : Ensuring our customers, staff and stakeholders receive the value they deserve.
- Integration : Providing integrated product and service propositions, which are beneficial for all.

Vision

To be leader in digital solutions provider that creates superior digital experience for all generations

Mission

1. Committed to offering the best service and providing innovative technology that caters for a modern, creative and digital lifestyle
2. Committed to create best experience in technology for everyday lifestyle for all ages
3. Committed to be a social contributor in educational development by encouraging teachers and students to utilize technology in data analysis, idea creation, planning, researching, problem solving, co-working and presentation to enter in "Lifelong Learning"
4. Committed to develop our team and cultivating a positive working attitude in order to professionally serve our customers. We also place an emphasis on building our knowledge to keep pace with today's rapid technological advancements so as to achieve the best possible results.

Business Objectives (Short-Term Plan)

- " Promote Creative Learning Through Technology "
- " Enable experience of technology utilization at all ages "
- " Be Leader in IT for Education with Apple Education Solution "
- " Expand to Other Corporate Customers with IT Solutions "

Business and Performance

Our company aims to lead and improve comprehensive aspects of IT education with the Apple Education Solution in order to promote Creative Learning; emphasis will be placed on Eduvity which is the educational activities that lead the life-long learning to new generations. Our experienced management team, sales team, solution engineer team as well as the quality services from U•Store in leading universities in Thailand are able to approach our target groups, which range from students, university professors, private enterprises to the general public. SPVI will also strengthen leadership image among our target groups of all professions, as such market channels have growing potential in the context of today's global economy. Furthermore, we aim for this focus to be supportive for the spread of internet network and the trend of Internet of Everything (IoE) in Thailand which lead to the demand in connectable devices such as laptop computer, tablet, smartphone, wearable devices, security system and etc. in order to enable an easy and fast access to any source of information on internet anywhere anytime. All our target groups on both individual and business levels are constantly looking to develop their potential; most notably those with professions that rely on technology and individuals that use technology creatively throughout their lives (Creative Life Long Learning). As a result, SPVI also intends to expand its customer base to include more business groups, with the use of more diversified products and solutions such as a Color Management System, Smart Class Room Solution and Smart Meeting Room Solution.

“Drive Sales Growth Through Store Expansion”

Even if the company has been affected by the epidemic situation of the Corona Virus (COVID-19) last year but S P V I still aimed to drive sales growth through store expansion by focusing the expansion in outskirts area, The expansion was including new outlets of iBeat, U•Store, Mobi, and also expand its service center called iCenter. As well as, SPVI became another licensee of Advance Wireless Network Company and be authorized to open and manage the AIS Shop.

Store Expansion in 2022 - 2026

SPVI plans to create store expansions for 5-10 branches per year for all kind of stores including iBeat, U•Store, Mobi and AIS Shops as well as plans for renovations at existing stores.

The store expansions plan is subject to be adjusted according to the overall and economic situations as well as the opportunities for investment. SPVI also plans for online expansion in order to penetrate into wider areas as well as integrated the offline and online channels together for omnichannel retails

In 2021, SPVI has a total 66 branches, which can be classified accordingly: 4 iStudio branches, 5 iBeat branches, 20 U•Store branches , 4 Mobi branches , 7 iCenter branches, 11 AIS shops by Partner and 9 AIS Telewiz Shop, 1 AIS Buddy and 4 A-Store. In addition, SPVI operated 1 iSolution branch to allow customers to have an experience toward our variety of solutions such as the “Smart Meeting Room”, Multi Function Printers, 3D Printer to create model for parts, as well as, the experience on using Mac OS or iOS with other operating system.

Product Characteristics & Services

SPVI is one of the authorized resellers of Apple products, of which include Apple computers, iOS devices and Apple accessories. It is also a reseller of other Non-Apple brands that can be associated with Apple products in order to accommodate customers' needs. As well as, SPVI provides service centers called "Smart Bars" and, in 2016, upgraded their service standard to Apple Premium Service Provider and has been renamed to iCenter.

The Company's products and services can be divided into the following three categories:

1. Apple Product

SPVI was granted authorization from Apple South Asia (Thailand) Limited to be a reseller of Apple products. SPVI purchased most of Apple products from Apple's

Authorized Distributors. The products were categorized as below:

- **Apple Computers with MAC OS (MAC Operating System)** : which consist of iMac, Mac Pro, Mac Mini, MacBook Pro and MacBook Air.
- **iOS Devices** : which consist of the iPod, the iPad , and Apple Watch. Since Apple appointed mobile operators to be the resellers of the iPhone, SPVI will purchase iPhones from those resellers.
- **Apple Accessories** : such as battery chargers, headphones, mouse devices, extension cords, Internet routers and AppleCare Protection plan.

Nature of Business

2. Non-Apple Products

In order to accommodate customers' needs, SPVI was also granted authorization to be a reseller of Non-Apple products, as categorized below;

- **Accessories** : such as headphones, Bumper Case, Screen Protector Film, Speaker, Power Bank and Battery Charger
- **Smartphone** : from Non-Apple brand including Samsung, Vivo, Oppo, Huawei, Xiaomi and Realme selling at Mobi Stores and AIS Shops by partner
- **Graphic products** : including Inkjet Printer (Pro Series) from the brand "Epson", imported paper for printing from the Japanese brand "iPaper", Digital Imaging and Graphics Art from the brand "X-rite"
- **Software products** : such as Adobe, EFI (Colorproof XF Program) and Human Capital Management Program (HCM)
- **Computer products** : such as Laptop from Dell, Lenovo, HP and Acer in order to provide options to the customers who demand for Computer under other brand name.

3. Services

SPVI was granted authorization to be an Authorized Apple Service Provider from Apple South Asia (Thailand) Limited. Thus, SPVI was eligible to operate service center called "Smart Bar" to provide after-sale-service for all Apple products to all customers and was qualified to purchase all spare parts directly from Apple and was renamed to "iCenter" in 2016. Currently, there are 7 "iCenter" located in following locations

- Central Plaza Chaengwattana, G Floor
- G Tower Grand Rama 9, G Floor
- Central Plaza Chiangrai, 1st Floor
- Passione Shopping Destination, Rayong, 2nd floor
- HomePro Nakorn Pathom, 2nd Floor
- Central Phuket Festival, 2nd Floor
- Robinson Lifestyle, Chanthaburi, 1st Floor

Sales and Distribution Channel

SPVI distributed the product through 2 main channels, which were consist of

1. Retail Stores, the distribution channel to individual customers

- 13 branches of iStudio / iBeat / iShop /Mobi by SPVI located in shopping center, and office building. The main service in iStudio was to provide demonstration and encourage customers to have direct experience with the Apple products and accessories in order to reassure the customers before making decision
- 25 branches of AIS Shop by Partner, AIS Telewiz, AIS Buddy and A-Store which was granted the authorization from Advance Wireless Network Company to operate AIS Shop in order to sell products and services with the same quality standard as provided by AIS
- 20 branches of U•Store located in leading universities and offered Apple products in exclusive price for education purposes to university students, professors and officers.

2. Corporate sales channel, the direct sales channel to business customers to offer diversified products and solutions for example the solution of Color Management System, Smart Class Room Solution and Smart Meeting Room Solution and Human Capital Management (HCM) Solutions

For academic institutions, SPVI has set dedicated sales team and provide demonstration and training to reassure management team as well as professors on the application for educational aid.

SPVI also joined the universities' academic days to provide demonstration and encourage students to have direct experience for Apple's advance technology. This activity was to strengthen SPVI's leadership image as the leader in educational technology endorsed by Apple technology.

SPVI initiated the "One to One Project" which was co-project with educational institutions that aimed to support computer to individual students at school. SPVI also support academic institution to service computer lab at school. The company was responsible for system and equipment delivery, installation and maintenance for the academic institution. SPVI focused to service academic institution customers in order to increase its market share and increase its reputation in the market.

Nature of Business

Marketing and Competitiveness

Competitive Strategies

1. Distribution Channel Management

Due to most of the revenue came from retail channels which contribute 86.86 percent, 90.41 percent, and 92.73 percent of total revenue in 2019, 2020 and 2021 accordingly, SPVI focus the store expansion in the area contained of high purchasing power population and convenience for customers. The company considered location only on prime area in building or shopping plaza to ensure the visibility and able to lead traffic to stores. Moreover, SPVI also considered expansion for all kinds of stores including U Store which is the distribution channel for Apple Product. This channel targeted to University Students, Professors and Institution Staffs who have need the product for educational purposes. As well as, the expansion for Mobi Stores where sell both Apple's iOS and Non-Apple Smart Phone, AIS Shop by Partner and AIS Telewiz as per licensing by Advance Wireless Network Company.

In 2020, the Company has joined with AIS to open A-Store located in Universities to sell Apple products and provided the same service as AIS shop. This kind of store targeted to university student and institution officers. This joined business made SPVI became more competitive from the variety of retail channels in 2021 including iStudio by SPVI, iBeat by SPVI, Mobi, U Store by SPVI, AIS Shop by Partner, AIS Telewiz, AIS Buddy and A-Store.

Even if, in the past year, the retail stores located in shopping plaza and university has been affected by the epidemic situation of the Corona Virus (COVID-19) but the Company still maintain the competitiveness by kept providing full service and expanded more into E-Commerce and Social Media Commerce.

2. Strengthen good relationship with partners especially the manufacturer

The Company has been an Apple's authorized reseller for 30 years and able to always maintain good relationship and good support from Apple. To be appointed as Apple's reseller, the Company must be validated in its strong financial status and distribution capability. The Company got supports from Apple for the staffs training to train product knowledge and selling skill for Apple products.

In addition, the Company also has good relationship with non-Apple product manufacturers including Epson, EFI and Adobe which allowed more capability of the Company to serve more variety needs of customers with more variety of products. Due to these good relationship with partners, the Company was able to reach more beneficial information including new product launch, outdated products, new trend, or technologies. This information supported the Company to have more accuracy forecast, be up-to-date and able to have a good product purchasing plan that match with customer needs.

3. Focus on Comprehensive Service and Service Excellence

The Company gave priority to the quality of service especially from salesperson who directly contact to customers at the retail stores. The Company emphasized on their politeness, attentiveness, and their product knowledge. The Company believed that the good service quality will build good relationship between the Company and the customers and able to create word of mouth on the company reputation.

In addition, the Company provided after sale service to customers through 7 stores of iCenter, where provided repair service for Apple products either under warranty or

expired. iCenter open every day for its comprehensive service which aim to provide convenience to customers.

4. Emphasize on Quality and Capability of Personnel

Due to the aim for service excellence, the Company emphasize on people development to build capability and readiness to service with quality to the customers both before and after sell. All salespersons must attend product knowledge training to qualify the service standard. The training course aim to provide understanding in product latency and its instruction. As well as, the salespersons always got update on product information from time to time in order to be able to convey to the customer for their thoroughly understanding. The Company provided eLearning system which allowed salespersons at every retail outlet to reach the information at anytime from anywhere. The learning content was being update constantly as well as the new product update and technical issues found in retail stores were consolidated in this system in order to encourage the corporate culture in knowledge sharing. In addition, this learning system supported time and cost saving. Aftersale service staffs, especially iCenter's technicians, will be trained through Apple's learning system and their senior technicians to have knowledge, expertise, and various skills. The iCenter's technicians must be certified by Apple. The Company also has customers' satisfaction survey for service standard improvement.

5. Effective Inventory Management

The Company gave precedence to inventory management due to the Company's products relied on changing of technology which happened at all time and caused product became out-of-date got less potential to sell. With that, the Company has developed the online inventory management system that combined inventory data from all stores to support better analysis for ordering product at optimum stock. This system also allowed

faster investigation of inventory aging and support the Company to manage the slow moving inventory on time. The Company also gave policy to every retail stores to do stock take and report to headquarter every day for better update inventory movement for the effective inventory control.

6. Marketing Strategies

• Target Customers

The Company set difference strategies for 2 target customers including

1. Corporate Customers

The Company assigned dedicated team from Headquarter to approach to private enterprise, state enterprise and institutional enterprise. The sales team together with technician will showcase their presentation, analysis and, in some case, arranged seminar to corporate customers in order to activated demand or build credibility in the Company's expertise.

2. End User or Individual Customers

The Company provide service to individual customers through 3 type of retail outlets

2.1 iStudio / iBeat / Mobi

This store type will target to end-user by providing product demonstration to allow customer to get direct experience and confident in buying the product. The Company will focus promoting in social media.

2.2 U•Store

This store type will target to university student, professor and institutional officers who need the product for their educational purpose. To reach this target customer, the company will promote through social media and arrange on-ground activities with university to showcase Apple product or technology for education to university students.

Nature of Business

2.3 A-Store

The target customers for this store is university student and educational institute officers. The Company will focus on promotion offer to the target and also arrange playground for innovation projects.

2.4 AIS Shop by Partner and AIS Telewiz

This store type will aim to serve end-customers who have general needs which is not limited to Apple product. The service provided by this store will be the same as AIS Shop operated by AIS.

• Pricing Policy

Apple Product

The price offered at the Company's retail store will be aligned with Apple's website until Apple launch new model for replacement. Apple will compensate according to the model, condition and time agreed to

allow the Company to mark down price for the outdated product. This policy is exceptional for iPhone Product which the Company ordered from Advance Wireless Network Company Limited (AIS's affiliate company) and AIS will set bundle price with AIS air-time package for the Company.

Non-Apple Product

As the Authorized Reseller, the Company will apply the recommended price from the product owner except the imported products, the Company will set own price policy by considering on competitiveness to the market.

Dividend Policy

The company's dividend policy is to pay shareholders at least 40 percent of its net profit after tax. However, the payout ratio may be lower if the company plans to expand its operations

Risk Management

Risk Management Policy and Risk Management Plan

The Company emphasized to risk management in order to prepare for risk protection and adaptation as well as seek for business opportunity from that risk. The Company has appointed a Risk Management Committee who have the responsibility to prepare policies, assessment and analysis on the risk factors affected to the Company, either external or internal factors. As well as, the committee have responsibility to implement and control all that risk to the Company.

Risk Management Process and Tools

The Company has adopted the risk management framework in its operation. There are 4 essential steps of risk management including identify the risk or opportunity for business operation, assess the risk, identify alternative solutions and report to the Risk Management Committee by quarterly basis.

In 2021, the Company continues to operate in accordance with the identified risk management policy which was in line with the business direction. The identified risk factors consisted of

1. Risk from termination to the agreement of Authorized Reseller by Apple

The company has been appointed by Apple South Asia (Thailand) Limited to Apple's Authorized Reseller including operated after sales service center. The proportion to buy Apple product was 89.33 percent, 91.45 percent, and 94.12 percent of total buy in 2019-2021 accordingly. In case the Company was terminated its Authorized Reseller agreement, it would significantly affect to the business although that agreement was year on year contract.

2. Risk from obsolete product

Due to Apple's products relying on rapidly change in technology, Apple must develop and release new products that are up-to-date and provide additional functionality to meet the needs of customers at all as well as other IT products. Therefore, the Company may experience problems with inventory management, such problems may be the deteriorate in popularity of the existing product, become obsolete and not sellable.

With the expertise in selling Apple products, the Company has well understood the needs of its customers. The Company has assigned a product management team to be responsible for monitoring stock, selecting the product, and considering the appropriate product quantity to place orders in order to prevent the risk of obsolete product. To select the products, the product management team will regularly conduct surveys on the demand for the product with store staff and store managers. Meanwhile, the Company has considered the various information about the new products, trends, and technology derived from Apple as well as other distributors resulting in the good product selection that best matches the demand of customers. Moreover, the Company has implemented efficient inventory

management by applying online inventory system which allows the Company to connect the inventory of all stores together. At the end of the day, the Company will random check the inventory on hand of each store in order to compare it to the report of inventory on hand from the system. For stores that have slow inventory movement, the Company will manage inventory transfers to other stores as well as create promotion campaigns to drive more sales. In case of not enough inventory, that store will be able to check inventory of other stores immediately. Such that, the Company can drain the inventory quickly before it becomes obsolete. In case Apple releases a new product to replace the existing one, the Company will get compensation based on agreed model, condition, and period of time. This will allow the company to mark down prices to create more competitiveness.

3. Risk from competition

The rapid growth of the ICT market, especially mobile phones, smartphones and Tablet PCs, has resulted in high competition, in particular for manufacturers like Apple, Samsung, and Oppo, which will regularly release new models to take market share. However, with the uniqueness of Apple product whether its innovation, Mac OS for computer, iOS for mobile and tablet, Cloud System, Retina Display that made the image displayed on its laptop be sharper than the general computer screen, variety of application, system security along with its modernize design and its ease of use, it was expected that Apple product will continue its popularity among customers. Meanwhile, the Company may have risks from other Apple's Authorized Resellers in Thailand who will also be able to open iStudio, iBeat, U-Store or sell Apple products in their retail stores or in any department store as well as online store. Nevertheless, it will not have the same type of Apple store in the same shopping center, office building,

community mall, or academic institute. But there may be other points of sell for Apple products in that place, such as Power Buy or Power Mall. Every reseller must manage its own distribution channel for the most efficiency. Therefore, the success of a reseller is to have its distribution channel that can be fast accessed by customers and provide good quality of comprehensive service with effective operation management.

Due to the Company, as the Apple Reseller, has most distribution channel located in prime area, both in shopping center and school, throughout Bangkok as well as has the quality and comprehensive service center, therefore, the Company can provide effective after sales service for the products sold by the Company. Moreover, among other competitors who also were appointed as Apple's resellers, most of them focused on the retail business with expansion to cover all areas. While the Company, with its long experience in the business, is able to reach more corporate customers and educational institutes. Accompanying its strategy to design new solutions by combining other products with Apple to serve the needs of educational purposes. The Company also has a team with expertise in applying technology for education and success in system installment in leading schools and universities. These all make the Company can penetrate into corporate and education segment effectively.

Risk Management

4. Risk related to leasing contract

The Company has sold products and services to consumers through 66 retail stores nationwide including 4 iStudio, 5 iBeat, 20 U•Store, 4 Mobi, 7 iCenter, 11 AIS Shop by Partner, 9 AIS Telewiz, 1 AIS Buddy and 1 iSolution. All these stores are located in shopping malls, office buildings and universities, both in Bangkok and upcountry areas. The Company must lease retail space with the leaseholder both in short-term and long-term leasing contracts. Therefore, the Company may have risk from not being able to renew the leasing contract or being requested to change term and condition in renewal contract causing the company to incur higher cost. As of 31st December 2021, the Company has one branch under a long-term leasing contract with a remaining lease term of 10 years. The remaining branches wearere short-term leasing, which is no longer than 1-3 years of leasing terms, and these kinds of branches may have risk from not being able to renew the contract. However, as an always good partner, the Company has relatively low risk of leasing contract renewal.

5. Risk from corruption by operation staffs

It is necessary for the Company to distribute its goods to branches in different areas which mostly are high value, easy to move and high demanded products. Due to this nature, the Company may face the risk of corruption by its operation staff. Therefore, the Company has well established internal control and inspection system as well as the information technology system to support the inventory management system. The Company has taken measures by assigning the branch manager to conduct daily random inspection, especially for the high value goods. In addition, the Company has arranged the staff from the accounting department to do stock counts at each branch at least once a month as well as arranged internal audit department to randomly inspect periodically. All staff in each branch will be held responsible for any loss occurred. These measures and systems established by the Company will help limit the damage to the company's turnover to a not significant level.

6. Cyber Security Risk

At present, the digital system become more and more important to the Company's operation. The Company utilize all kinds of data for analysis to fulfill needs of all stakeholder including customers, partners, and employees. Due to the epidemic of Coronavirus (COVID-19), the Company has to apply Work from Home policy in order to keep business continuity. This change could result in vulnerabilities and cyber threats including the abilities to protect the corporate information from leaking and misuse. These kinds of risk will damage the Company in terms of performance, credibility and reputation of the Company.

In order to manage and mitigate such risks, the Company has undertaken various actions such as establishing a personal information security policy, managing the information system and other system to be up-to-date and secured and training employees to aware on cyber security risk. The Company has identified the procedures and measures as follows.

- Limit the right to access to those who are responsible for that information
- Manage data backup
- Continuously develop hardware and software to be up-to-date in order to cope with cybercrime and prevent the corporate information from unauthorized access
- Install firewall systems and devices to prevent from threats as well as monitor threat behavior from both head office and branches.

7. Risk from the epidemic of Coronavirus (COVID-19)

Due to the epidemic of Coronavirus (COVID-19) in Thailand which has started since the beginning of 2020 and continued until the past year, the government has taken various measures to stop the epidemic including curfew announcement, restriction on traveling between provinces, announcement of temporary closure or conditions for using certain types of establishments including department stores and shopping centers. These measures have led to business interruptions and changes in consumer behavior. In addition, this epidemic has directly impact to the Company's business and led change in business operation in order to conform to new normal living by considering safety of employees as priority. However, the Company insisted to maintain the highest customer satisfaction with its service and products quality. The Company has identified risk management process as follows.

- Optimize management to reach more customer through Social Media and other online channels as well as provide delivery to home service to replace service at store.
- Set guideline of Work from Home during the epidemic for employees by taking into account for the

Business Sustainability Development

Policy and Sustainability Management Goals

The Company has been strongly committed to grow its business in accordance with the conceptual framework of sustainable development. The Company believes that sustainable business operation is not about making a business run for long but enabling business for sustainable growth by establishing strong foundation to grow its business together with supporting better society and environment. Therefore, when the Company is operating well on the strong business foundation as well as taking into account the mutual benefits of the stakeholders, the Company will be able to sustain its business to deliver good products and services as well as, eventually, create value and sustainability for the society.

To emphasize on sustainable business practices, the Company has implemented measures on social responsibility in its business process (CSR – in – Process) for sustainable development, which cover various dimensions of sustainability-related issues including economic, social, and environment. These measures have been implemented

through the main point of operating framework including good corporate governance, human right, labor practices, environment, fair operation to consumers, engagement, and development to society in order to gain trusted in business operation from stakeholders. In this regard, the Company has communicated the conceptual framework of sustainable development to all departments to get understanding and raise awareness to its importance. This will help create cooperation to drive the Company’s operation on sustainable management guidelines.

Managing Impact on Stakeholders in the Company’s Value Chain

Corporate’s Value Chain

The Company’s business operations are divided into 4 main activities, all of which impact stakeholders in the value chain. Details are as follows:

1. Sourcing and Procurement
2. Logistic and Distribution
3. Retail and Marketing
4. Responsibility to consumer and After Sales Service

To ensure the smooth main business operations, the Company recognizes the importance of operating supporting activities as much as main activities. Such supporting activities include sourcing and procurement, recruiting, developing and retaining personnel, technology and information technology management, risk management, information security and cyber security.

Business Sustainability Development

Environmental Sustainability Management

The Company is aware of its responsibility to the environment and natural resources. Therefore, it gives precedence to utilize natural resources efficiently by cultivating consciousness to employees by providing basic knowledge of environmental management such as water saving, electricity saving, and efficient use of resource through communications and campaigns. The Company has adhered to practices to reduce environmental impact as follows:

- (1) Sourcing products that are environmentally-friendly and safe for customers
- (2) Monitoring and controlling the Company's operations to not damage the quality of life of the community, society, and environment.
- (3) Cultivating the concept of environmental responsibility among employees in order to create understanding toward the necessity of environmental protection by providing continuously training on efficiently environment management.

• Reducing energy consumption

The Company has created a campaign to promote efficient use of energy through various media channels of the Company by encouraging employees to participate in reducing energy consumption from the operation process such as turning off and unplugging the electronic equipment after use, turning off the air conditioning during lunch break, reducing hours of air conditioning usage and setting the appropriate temperature, check and clean electric equipment regularly to keep them work effectively, use energy saving lamp both at branches and head office, arrange meeting through video conference to replace traveling to meeting in person, etc.

• Reducing the use of natural resources

The Company has arranged a variety of activities to promote reducing use of natural resources and using it efficiently.

- Participated in campaign to reduce use of plastic bags at stores
- Choose photocopier and ink cartridges with a green label that

- are certified for health, safety, and environmental protection.
- Waste sorting to make it easier to recycle and reduce waste that must be disposed of, such as paper, packaging, plastic

Social Sustainability Management

The Company recognized the value and the crucial role of the employee. The Company believes that quality employees are the most important factor that lead the organization to sustainable growth. In addition, the Company gives precedence to business operation under good corporate governance and adherence to ethical principles along with social responsibility by taking into account the stakeholders related both inside and outside organization from shareholders, customers and the society.

Human Capital Management

The Company has a policy to reinforce and develop personnel to be knowledgeable, and expertise, as well as being ethical and working with honesty.

In 2021, the Company has follow up the business performance of “Go MAMMA” and provide further suggestions in marketing strategy such as marketing by segmentation, brand building through storytelling, promotion, digital marketing, strategy to retain and repeat purchase as well as induce positive word of mouth. As the result, the Company can bring the knowledge, experience and various ideas shared by S P V I public company limited to further apply for sustainability in business operations.

Management Discussion and Analysis

Executive Summary

Considering the overall situation in 2021, the global economy tends to grow due to many countries around the world starting to mitigate lockdown measures during the pandemic of COVID-19 and resume economic activities. However, Thailand's economy tends to recover gradually due to a number of risk factors including the new wave of the COVID-19 pandemic, high levels of household debt, and domestic political conflict. Although Thailand's lockdown measures have been mitigated in the fourth quarter, it may take quite a long time to recover as Thailand still relies on the tourism and export industries as economic drivers.

Even the Company faces the challenge of uncertainty during the severe spread of the pandemic and causing some branches of the Company to be temporarily closed. However, the Company has adjusted and responded to the uncertainty by planning to expand online channels both in the marketplace and company's website in order to create more accessibility to customers. As well as, the Company has the appropriate marketing plan and provides a variety of payment options to customers. In addition, the pandemic of COVID-19 has changed people's lifestyle. People spend more time at home, whether for work, studying, online shopping, and online entertainment. This is considered as a positive factor that allows the Company to expand its customer base. In addition, Apple continues to launch new products to serve the needs of customers, especially with the launch of iPhone, iPad, Apple Watch and Mac in the fourth quarter resulting in the growing performance of the Company.

Management Discussion and Analysis

Summary of Operating result for the year ended 2021

The Company's total revenue in 2021 is 5,573.26 million baht, which is 1,938.90 million baht, or 53.32 percent increase from 3,634.97 million baht in 2020. Total revenue consists of revenue from sales, revenue from service, and other revenue, which are calculated as 98.87 percent, 0.46 percent and 0.67 percent, respectively.

The Company's revenue from sales consists of revenue from selling Apple products and revenue from selling non-Apple products. The revenue from selling Apple product in 2021 and 2020 is 5,169.61 million baht and 3,291.11 million baht respectively which is 1,878.50 million baht or 57.08 percent increase due to the increasing sales from iPhone and iPad through existing sales channel including iStudio, iBeat, U Store and AIS Shop by Partner as well as growing sales from online channels and launching new product during the year including iPhone series 13, iPad Gen 9, and AirPods 3.

The revenue from selling non-Apple products in 2021 and 2020 is 340.88 million baht and 286.79 million baht, respectively, which is the increase of 54.09 million baht or 18.86 percent, mainly due to the growth of revenue from selling iPhone and iPad accessories.

In 2021, the revenue from service of the Company is 25.30 million baht, which is 32.05 percent, or 19.16 million baht increase from 2020.

The selling and administrative expense of the Company in 2021 and 2020 is 409.24 million baht and 334.69 million baht, respectively, which is the increase of 74.55 million baht, or 22.27 percent, due to the increased of credit card payment fee, commission and rental fee.

The financial expense of the Company in 2021 and 2020 is 8.57 million baht and 6.82 million baht, respectively, which is a 1.75 million baht increase from interest payments for short-term loans from financial institutions.

For 2021 and 2020 operating result, the profit of the period for the Company is 125.56 million baht or 2.25 percent of revenue and 73.30 million baht or 2.02 percent of revenue, respectively which is increase of 52.26 million baht. In 2021, the Company has amended its provision from employee benefits due to the change in assumption. The actuarial loss amounting to 1.78 million baht (net of income tax). The Company's comprehensive income for the year is 123.78 million baht.

Management Discussion and Analysis

Summary of financial position as at 31 December 2021

Total Asset

As of December 31, 2021, the total asset of the Company is 791.78 million baht decreased by 72.37 million baht or 8.37 percent from the amount of 864.16 million baht in last year. The decreased of total asset came from the decrease of inventory. As the end of 2021, the Company's inventory is 324.72 million baht which is the decrease of 130.74 million baht or 28.70 percent from the end of 2020.

Total Liabilities

As of 31 December 2021, the total liabilities of the Company is 299.73 million baht decreased by 152.15 million baht or 33.67 percent decrease compared to 451.88 million baht in 2020. The decreased of total liabilities at the end of 2021 came from repayment of short-term loan from financial institution while there is 122 million baht at the end of 2020. In addition, the Company has the decreased of lease liabilities due to the payment of lease liabilities during the year.

Shareholders' Equity

The company has a total registered capital of 200 million baht, consisting of 400 million ordinary shares with a par value of 0.50 baht per share, fully paid up. At present, the Company has fully book legal reserved. As of December 31, 2021, the shareholders' equity accounted to 492.05 million baht increased by 79.78 million baht or 19.35 percent from 2020 which was 412.28 million baht, with the book value of 1.23 baht per share.

Debt to Equity Ratio

The debt to equity ratio decreased from 1.10 in 2020 to 0.61 in 2021, came from the decreased number of loan payment to financial institutes.

1. Lawsuits that can negatively affect the assets of the Company or its subsidiaries amounting to more than 5% of equity as of December 31,2021
2. Lawsuits that can significantly affect the business operations of the Company but cannot be assessed in numbers

Corporate Governance

The Board of Directors realizes the importance of good corporate governance with corporate transparency and equitable treatment to all concerned parties. The Board believed that good corporate governance policy is an important factor in business operating. Therefore, the Board has established a “Good Corporate Governance Policy” which covering the content of

- 1) the Rights of Shareholders,
- 2) the Equitable Treatment of Shareholders,
- 3) the Company’s Conduct Towards Relevant Stakeholders,
- 4) Disclosure and Transparency and
- 5) Responsibilities of the Board of Directors.

The Board has already reviewed and improved the Company’s Good Corporate Governance Policy, latest on August 6, 2019, for its appropriate to the business circumstance and compliance with the principles of Good Corporate Governance for Listed Company 2012, established by the Stock Exchange of Thailand as well as CG Code of the Securities and Exchange Commission and the Stock Exchange, the company disclosed the content of “Good Corporate Governance Policy” in its website: www.spvi.co.th/investor-relations/.

In 2021, the company conformed to the Good Corporate Governance Policy, which can be summarized as follows:

Chapter 1: The Rights of Shareholders

The company realizes and gives importance to various basic rights of the shareholders, such as the rights to buy, sell or transfer shares; to obtain relevant and adequate information on the company; to participate and vote in the shareholders’ meetings to elect or remove Directors of the company, to appoint the external auditor, to make decisions on important issues, such as dividend payment, amend the company’s Memorandum of Association and Articles of Association and increase or decrease capital etc.

Apart from various basic rights of the shareholders mentioned above, the company takes various actions to promote and facilitate the exercise of the shareholders’ rights, as follows.

Before the Meeting

1. The company invited minority shareholders to propose agenda and nominate a person to be a director during 1-31 December 2020. The rules and procedures for proposal was announced and published in the website of Stock Exchange of Thailand and company website. Nevertheless, none of minority shareholder presented the proposal.
2. The invitation notice of the meeting was prepared and sent along with support documents to shareholders prior to the meeting date and also was published on the company website www.spvi.co.th/investor-relations/ so that shareholders would have enough time to study the information beforehand.

An invitation notice provided correct, clear and adequate information as follows:

- Invitation notice of each agenda clearly stated that it was for acknowledgement or consideration including facts, reason and the comments from the Board of Directors.
- Registration form with printed barcode was attached with the invitation notice to accommodate faster registration process for shareholders.
- Attached 3 proxy forms so that shareholders who were unable to attend the meeting might appoint any person as their proxies by using one of the three proxy forms enclosed with the notice of the meeting.
- A copy of previous minutes of meeting.
- Information of those who had been nominated for election as directors. The details included the name, age, education, work experiences, training organized by the Thailand Institute of Directors (IOD), number of companies that each director maintained directorship, type of the proposed directorship, directorship commencement date.
- Details of 2 directors who can act as shareholders’ proxies. All of the proposed directors are independent directors. A shareholder may appoint one of them as a proxy to attend and vote on the shareholder’s behalf.

Corporate Governance

- Articles of Association in connection with shareholder meeting.
- Map of the location of the meeting for travelling by car or public transportation.

On the day of the Meeting

1. The company organized the Annual General Meeting of Shareholders on April 2, 2021 at the Conference Room, 31th Floor, MS Siam Tower, Rama III Road, Chongnonsi, Yannawa, Bangkok. That conference room was considered as in appropriate size that could adequately accommodate attendees. The registration process began 2 hours in advance of the meeting so that staff would get enough time to check documents of shareholders presented at the meeting in person and a large number of proxies appointed by shareholders. For the accuracy and to speed up the registration process, the company had prepared sufficient officers and registration desks. Once registration was completed, shareholders would receive a ballot to vote on each agenda of the meeting.
2. Before the meeting started, the Secretary of the meeting would inform shareholders on how to vote according to the Articles of Association. Holders of the company's common shares were entitled to cast one vote per one share. The casting of votes would be conducted openly. The company used a barcode system to count the votes for accuracy and speed. After the vote counting on each agenda was completed, the company would display the outcome on a screen to inform shareholders by dividing the vote scores into approve, disapprove and abstain.
3. Chairman of the Audit Committee, Audit Committee, Independent Directors, Board of Directors, Executive Chairman and Managing Director of the company all gave priority and attended the general meeting

to provide clarifications or answers inquiries from shareholders in the meeting.

4. For those shareholders who attended the meeting after it started, they could still attend the meeting and vote on agendas, which were being considered, or those had not been voted.
5. The shareholder meeting proceeded according to the specified agendas. The meeting would not consider additional agenda(s) not specified in the invitation notice.
6. Chairman of the meeting assigned the secretary to announce the vote result of each agenda to shareholders immediately and no shareholders raised any objections.

After the Meeting

1. The company disclosed resolutions from the shareholder meeting with the outcome of votes count within the same day through media channels of SET.
2. The Company's Secretary prepared minutes of the meeting and submitted to SET within 14 days as specified by the laws and disclosed on the company's website within 14 days after the meeting date.

Chapter 2: The Equitable Treatment of Shareholders

The company recognized the importance and values the right of every individual shareholder, whether executive or non-executive, major or minor shareholders. Thus, the company would not engage in any discriminatory act or cause any unfair treatment to shareholders under the provisions of the relevant laws. In 2021, the company practiced the following procedures:

1. The Shareholder Meeting

- The company delivered all three proxy forms to holders of all shares so that shareholders could choose the form that best fitted their needs.

- In the case where a shareholder was unable to attend the meeting, the company had nominated 2 independent directors. A shareholder might appoint one of them as a proxy to attend and vote on the shareholder's behalf.

2. The Directors and Executives.

The company had written measures to strictly prevent wrongful use of inside information (Insider Trading) The company has determined strict guidelines in written for the preventions of the use of insider information. as follows;

- Notify the Directors, Executives, and employees for the regulations and policies of wrongful use of inside information to ensure the acknowledgement and follow of those regulations and policies
- Prohibit trading the securities of the Company for 30 days before the public disclosure of financial statement. The Company's Secretary will notify the Directors and Executives for the silent period in advance
- Define the person whose position or function was allowed more chance to know or possess the insider information than general employees as a group of people with random risk who cannot perform trading or transferring the Company's securities for 30 days before the public disclosure of quarterly and annual financial statements (Black out period). In addition, the reporting of holding and change of securities of their own, spouse, and minor child to the Company's Secretary within 3 business days from the date of such change.
- Connected transactions that occurred in the year 2021 were all transparent and were carried out in a fair manner in accordance with ordinary courses of business.

Chapter 3: The Role of Stakeholders

The company respected the rights of relevant stakeholders and treated them fairly as follows:

Employees : The Company adheres to the practice guidelines for treating employees fairly, both in terms of reward opportunities, appointments, transfers, as well as potential development, respect to individuality and human dignity, not involve in human rights violations, maintain a safe working environment for the lives and assets of employees.

Partners and Creditors : The Company adhered to good business practice and strictly complied with commercial terms and/or agreements with business partners and creditors including on-time settlement, mortgage securities quality assurance, and other agreement with creditors. In case of non-compliance with the agreements, the Company will promptly notify the creditors to consider mutual solutions in reasonable practices.

Customers : The Company strived to achieve customers' satisfaction and confidence by keeping on improving products and services as well as maintaining good relationships, integrity and fairness.

In 2021, the company made randomly and regularly inspection the service quality of iStudio and iBeat shops through outsourcing "Mystery Shopper". The company also invited Apple to rate the customer satisfaction toward iCenter shop on monthly basis and found that the overall satisfaction rate of each branch was not less than 89 percent. The company acknowledged the shortcoming and considered to improve service quality to enhance customer satisfaction level.

Competitors : The Company treated competitors in accordance with international standard under legal frameworks on fair trade competition. It observed the rules of fairness when competing and would not acquire information from competitors illegally or against its ethics.

Corporate Governance

Communities and Society : The Company realizes its responsibilities towards the communities and society. It participated in charitable activities and public services, for example, activities to promote education.

Furthermore, the company held the anti-frauds and corruptions policy and prohibits any kind of bribery for the business interest of the company. The company assigned the risk assessment and guideline for corporate good governance in order to prevent and monitor the frauds and corruptions in the organization. As well as, the company emphasized the participation of the relevant stakeholders to determine business transparency, compliance with corporate good governance policy, as well as the best practice to anti-corruptions in organizations. Those who witness the violation can report to the board of director through company secretary or internal audit department. The report of violation will be investigated and the whistle-blower will be well protected by company.

Measure of Witness Protection

1. The company will keep the information of corruptions, whistle-blowers, petitioners, and suspects as confidential.
2. The company will disclose the information as necessary by concern on safety of the source of information and relevant persons.
3. The company will appropriately and fairly mitigates the loss of injured person.
4. The company will not conduct any unfair action toward the whistle-blowers and petitioners whether change job position, job description, workplace, suspend or terminate job, or any other unfair action toward the whistle-blowers, petitioners, and any person who cooperative to the investigation.

In 2021, The Company has attended in Opportunity Days organized by the Stock Exchange of Thailand for 4 times in order to provide information about business and operation of the company to analysts, investors, and the media. From the attendance in February 22, May 13, August 11 and November 8, the company got good feedback from the investors, shareholders and other participants.

Chapter 5: Responsibilities of the Board of Directors

The company has appointed Nomination and Remuneration Committee to nominate the company's directors, it was confident that the current Board of Directors comprised highly qualified individuals with knowledge, capabilities, skill sets and experience. They were well recognized and had a good understanding of the roles and responsibilities of the Board of Directors.

1. Structure of the Board of Directors

Currently, the company's Board of Directors consisted of 8 members comprising:

- (a) 2 Executive Director
- (b) 6 Non-Executive Directors, including among others, the Chairman. Of all the Non-Executive directors, there were 3 Independent Directors (The number of Independent Directors was more than one-third of the total number of directors.)

In addition, the Board of Directors also appointed the following sub-committees to assist in overseeing the overall operations of the company.

The Executive Committee : responsible for determining business operation directions and strategies to be in

accordance with the objectives set by the Board of Directors and to facilitate the management and operation of the company.

The Audit Committee : responsible for specific duties and proposing issues to the Board of Directors for consideration and acknowledgement. The Audit Committee had the rights and duties as set out in the Scope of Responsibilities of the Audit Committee. At least one of the members of the Audit Committee must be knowledgeable and experienced enough to review the reliability of the company's financial statements.

Risk Management Committee : shall assist to the Board of Director in considering variety risk factors such as operational risk, financial risk, marketing risk in order to ensure the capability to manage the risk to be in acceptable level and suit to the changing environment.

Nomination and Remuneration Committee : perform the duty to recruit and determine remuneration for directors and top executives in order to ensure the appropriate nomination and remuneration procedure to the Board of Director.

Portion and structure of Directors

Man/Woman

Director's Team

Corporate Governance

The Board of Directors had established a policy that a person might not hold the position as the Chairman and the Managing Director at the same time. This was to clearly segregate duties and responsibilities between policy setting & supervision duties and daily operation management duties. The Board of Directors would be responsible for setting policies and supervising the performance of the management. Meanwhile, the management would be responsible for managing the company's day-to-day business operations to be in line with approved policies.

The Chairman of the Board

- Acts as the Chairman of board, shareholders' and non-executive meetings.
- Call the Board of Director's meeting or appoint other person to perform this duty.
- Encourage all board members to debate issues vigorously during meetings, ask questions and express opinions.
- Cast decisive vote, in case the casting vote in the Board of Director meeting are equal.

Managing Director

- Prepare business policies, business plan, business objectives, operation plan, business strategies, annual expenditure budget and propose to the Board of Director to consent.
- Manage and controls all aspects of the Company's business according to the approved policies and plans.
- Promotes the highest standards of integrity, ethics and corporate social responsibility throughout the organizations.

2. Roles, Duties and Responsibilities of the Board of Directors

The company stipulated that the Board of Directors complied with "the Code of Best Practices" for directors of listed companies under the guidelines of SET. The Board must understand and be aware of their roles and responsibilities as well as carry out their assignments in accordance with relevant laws, the company's

objectives and Articles of Association. They should direct the company in accordance with resolutions of the shareholders' meeting with honesty, integrity, while seriously taking into consideration the interests of the company and shareholders. The Board of Directors would act as the policymaker who determined business targets, operating plans and budgets of the company as well as supervise the management team to operate the business according to specified policies, plans and budgets. It should also ensure that the plan be effectively and efficiently executed for the best benefits of the company and shareholders.

3. Board of Directors' Meetings

The company had set a policy that the Board of Directors would hold a meeting at least once every 3 months and had been scheduled in advance throughout the year. In addition, a special meeting could be called if it was deemed necessary. Agendas would be clearly defined, and the meeting documents would be sent 7 days in advance to allow sufficient time for the directors to review prior to the meeting. Each meeting would be recorded, and minutes of meeting would be prepared in writing. All approved documents must be properly stored for future reference and inspection.

In 2021, there were 5 meeting arranged. The meetings were scheduled in advance throughout the year in order to ensure the attendance of all directors. The board's members who attended the meeting are as shown in "Management Structure".

4. Non-Executive Director Meeting

The Board of Director had determined to arrange non-executive meeting at least 1 time in order to encourage non-executive directors to exchange opinion and consider variety of issue both the company's business and public interests. In 2021, the company has arranged non-executive meeting to determine the performance of the Board of Director, the compliance of Corporate Good Governance (CG Code) for the 2017 Listed Company, and other issues.

5. Remuneration of Directors and Management Team

The company had a policy to provide reasonable remuneration for the company’s directors and management team, which should be sufficient to attract and retain the directors and the management team. The remuneration would be justified with their responsibilities and competitive with other companies’ remuneration within the same industry. Factors to be considered include experience, duties, roles and responsibilities of the directors. Moreover, the remuneration of the directors must be approved by the general meeting of shareholders. Meanwhile, remuneration of the management team must comply with the principles and policies set by the Board of Directors, which was also based on obligations, responsibilities and performance of each executive as well as the operating results of the company.

6. The Orientation of new director

The Board of Director provided an orientation program for new directors to gain a thorough understanding of the Company’s business and managements in order to prepare the directors to perform their duties.

7. Development of Directors and Management Team

The Board of Directors had set a policy to promote and support training and education for corporate governance to related parties, including directors, Audit Committee, management team and corporate secretary. This was to encourage and continuously enhance their efficiency and effectiveness.

In 2021, there were 1 director who attended training courses to enhance their knowledge. Details as following;

Name – Surname	Position	Training Course
1. Mr. Trisorn Volyarngosol	Director / Executive Director / Member of Risk Management Committee / Managing Director	SET 102 – Online Workshop Course during July 14 – September 2, 2021, which is a project organized to develop the potential of social enterprise.

8. Self-assessment of Board of Directors

The Board of Directors has set a self-assessment of Board of Directors, individual director, and sub-committee in order to evaluate performance, as well as to review and evaluate the comments toward any issues related to company’s operations and performance of Board of Directors. This process will improve corporate governance

- **The Board of Director’s Self-assessment**

The Board of Directors has set 2021 performance review for which covered following issues :

1. Structure of the Board of Directors
2. Corporate strategies and business direction
3. Responsibilities of the Board of Directors
4. Corporate Governance
5. Relationship between the Board of Directors and Management

The 2021 performance appraisal of the entire Board of Director was evaluated “excellent” with 99.11 percent to these 5 issues

Corporate Governance

- **Self-assessment for individual director**

The Board of Director has set the performance evaluation of the year 2021 for individual director. The assessment covered following issues ;

1. The structure and qualifications of the Board of Director
2. The meeting of Directors
3. The role, responsibility and authority of the Board of Director

The 2021 performance appraisal of individual director was evaluated “excellent” with 100 percent to these 3 issues

- **Self-assessment for sub-committees**

The Board of Director has set the performance evaluation of the year 2021 for each sub-committee. The assessment covered following issues;

1. The structure and qualification of the Board of Director
2. The meeting of Directors
3. The role, responsibility and authority of the Board of Director

The 2021 performance appraisal of each sub-committee was evaluated “excellent” as following;

Sub-committee	Performance (percent)
1. Audit Committee	99.17
2. Nomination and Remuneration Committee	87.50
3. Risk Management Committee	98.53

- **Assessment procedure**

At the end of year, the company’s secretary shall provide assessment form to all directors for self-assessment. The form will be collected and report to the Board of Director in order to acknowledge and discuss for further improvement.

- **Performance assessment of Managing Director**

Nomination and Remuneration Committee set a performance review of Managing Directors, by using assessment form consented by the Board of Director, in order to determine remuneration. The assessment covered following issues:

1. Leadership skill
2. Strategic and implementation plan
3. Financial planning and performance
4. Relationship to Directors
5. Management skill and relationship to personnel
6. The succession
7. Product and service knowledge

The 2021 performance appraisal of Managing Director was evaluated “good” with 98 percent to these 7 issues.

Nomination of Directors

Nomination and Remuneration Committee has been authorized to set annual review the skill and attributes required by the law of the directors in order to assure the appropriate composition of the Board of Director that align with business directions and business strategies both in present time and in the future. The procedure of selection of director as follow;

1.1 Selection and Appointment of New Director

- 1) Nomination and Remuneration Committee will prepare a Board Skill Matrix to consider and define the deficient skills of the directions as well as the diversity of occupied skills, experience, knowledge, independence, age and gender.
- 2) Nomination and Remuneration Committee will consider the most qualified nominee from various sources as follows:

- Board of Director's recommendations
- Shareholders representing not less than 1 percentage of the total share with voting right of the company
- External Consultant
- Database of Directors from Thai Institute of Directors

3) Nomination and Remuneration Committee shall perform a preliminary evaluation of individual candidates and select a number of candidates for interview.

4) Nomination and Remuneration Committee proposes the most appropriate nominee to the Board of Directors in order to propose at shareholder's meeting for their consent. In case the position is vacant for reasons other than retirement by rotation, the Board of Directors is authorized to appoint that nominee to the position.

1.2 Re-appointment of Directors

To consider the existing directors to maintain their position, the Nomination and Remuneration Committee shall determine a variety of criteria such as performance, number of attendances in the meeting, the participation in the meeting and participation in various activities of the Board of Directors.

Composition and Appointment of the Directors

The composition, selection, appointment, dismissal, and withdrawal of the company's Directors are prescribed in the company's Articles of Association and can be summarized as follows:

1. The Board of Directors of the company will include at least 5 members. No fewer than half of the directors must reside in Thailand, and all members must possess qualifications prescribed by the law.

2. Shareholders' meetings shall elect Directors according to the following rules and procedures:

- (1) Each shareholder shall be entitled to one vote per one share.
- (2) Each shareholder may cast his/her vote for one or more candidates for the Board membership but may not differentiate his/her voting rights among the candidates.

3) Nominees with the largest number of votes shall be elected to fill the available positions Board in respective order. In the event that a number of nominees receive an equal vote, resulting in the number of Directors being more than is required at such time, the Chairman of the meeting shall cast the deciding vote.

3. At each annual general shareholders' meeting, one-third of the directors shall vacate their positions. If the number of directors cannot be divided equally into thirds, the number closest thereto will be applicable. In the first and second years following the registration of the company, the directors shall conduct a random draw to decide which members are to vacate their positions. In subsequent years, directors who have been in their positions longest shall vacate their posts. Directors, whose term in office has thus ended, may be reelected as directors by shareholders.

4. Any director, who wishes to resign from office, shall submit a letter of resignation to the company. The resignation shall be effective on the date on which the company receives the letter.

5. Directors, who wish to resign as above, may notify the Registrar of his resignation. In the event that director's position becomes vacant for any reason other than the end of the office term, the Board of Directors shall, during the next board meeting, appoint a person to be a new director, with all the necessary qualifications according to the Public Limited Companies Act and / or Securities and Stock Exchange Laws. This is not applicable if the remaining office term is less than 2 months. The appointed person shall remain a director only for the remaining term of the person whom they are replacing. This resolution must be approved by at least three-fourths of the number of remaining directors.

6. A shareholders' meeting may also remove a director from office before the end of the term. Only if such a resolution is made with at least three-fourths of eligible votes from shareholders who attend the meeting. Such voters must hold at least one-half of the total number of all shares owned by all eligible shareholders that attend that particular meeting.

Compositions and Appointment of Independent Director

The Board of Directors shall collectively consider the qualifications of a candidate to be filled in a position of Independent Director basing on the qualifications and prohibited attributes prescribed in the Public Limited Companies Act, Securities and Stock Exchange Laws,

Corporate Governance

Notifications of the SEC and/or other related rules and regulations. In addition, the Board of Directors shall determine candidates with qualified work experience and suitable skills for the position of Independent Director and then propose these candidates to a shareholders' meeting for their consideration and appointment. The company has a policy that at least a third of the Board of Directors (consisting of at least three people) must be Independent Directors.

Qualifications of Independent Directors

1. Not hold shares exceeding one-half (0.5) percent of the total number of voting shares of the company including the shares held by related persons of the independent director.
2. Not be or not have been a member of Management Committee, employee, officers, consultant who receives a salary, or the authorized person of the company unless they are clear from the foregoing status not less than two (2) years before being appointed as Director.
3. Not be a person related by blood or registration under law with management, major shareholders, authorized person, or a person to be nominated as executives or authorized person of the company. Neither being parents, spouse, sibling, child nor spouses of children.
4. Not be or have had a business relationship with the company or its conflict of interest companies in the manner that inhibits their independent judgment unless they are clear from the foregoing status not less than two (2) years before being appointed as Director.
5. Not be or have been an auditor of the company, its conflict of interest companies, major shareholder, non-independent director, executive or partner of an audit firm which employs auditors of the company or corporate that may have conflict of interest unless they are clear from the foregoing status not less than two (2) years before being appointed as Director.
6. Not be or have been any kind of professional advisor including a legal or financial advisor who receives an annual service fee exceeding two (2) million baht from the company or its conflict of interest companies, including major shareholder, non-independent directors, executives or partner of the professional advisor unless they are

clear from the foregoing status not less than two (2) years before being appointed as Director.

7. Not be a director who has been appointed to be a representative of the Board of Directors, major shareholder or shareholder related to major shareholder of the company.

Corporate Governance

Controls on the Use of Inside Information

Directors, management and employees were not allowed to disclose or take advantage of confidential and/or internal information of the company for the benefits of themselves or any other person, whether directly or indirectly.

Directors, management and employees of the company as well as their spouses and dependent children were prohibited from using internal information of the company. Internal information was defined as information that had or might have an impact on the price of the company's securities and which had not been disclosed to the public. Directors, management and employees of the company were restricted to use the internal information to buy, sell, offer for sale, or persuade others to buy, sell or offer for sale the company's securities, whether directly or indirectly before the information was revealed to the public. They were also prohibited to do so for their own or others' benefits, or to knowingly allow others to do so for their benefits. Those who violate such rules would be punished according to disciplinary guidelines specified by the company.

The company had taken measures to ensure that its executives understand and acknowledge their obligations to report the holding of the company's securities by themselves, their spouses and dependent children.

This includes the report of any change in the holding of such securities to the SEC according to Section 59 of Securities and Exchange Act B.E. 2535.

The company notified its directors, management and employees as well as their spouses and dependent children to refrain from making any transaction on the company's securities, 1 month prior to the public disclosure of the company's financial statements.

The company had duly notified its directors, management team and employees of the above-mentioned requirements.

The Appointment and Compensation of Auditor

The Audit Committee considered the qualifications and performances of auditors and proposed the Board of Directors to appoint company's auditors every year. As well as, considered the compensation of auditors and propose in shareholders' meeting for approval.

The compensation of auditors in 2021 was consist of:

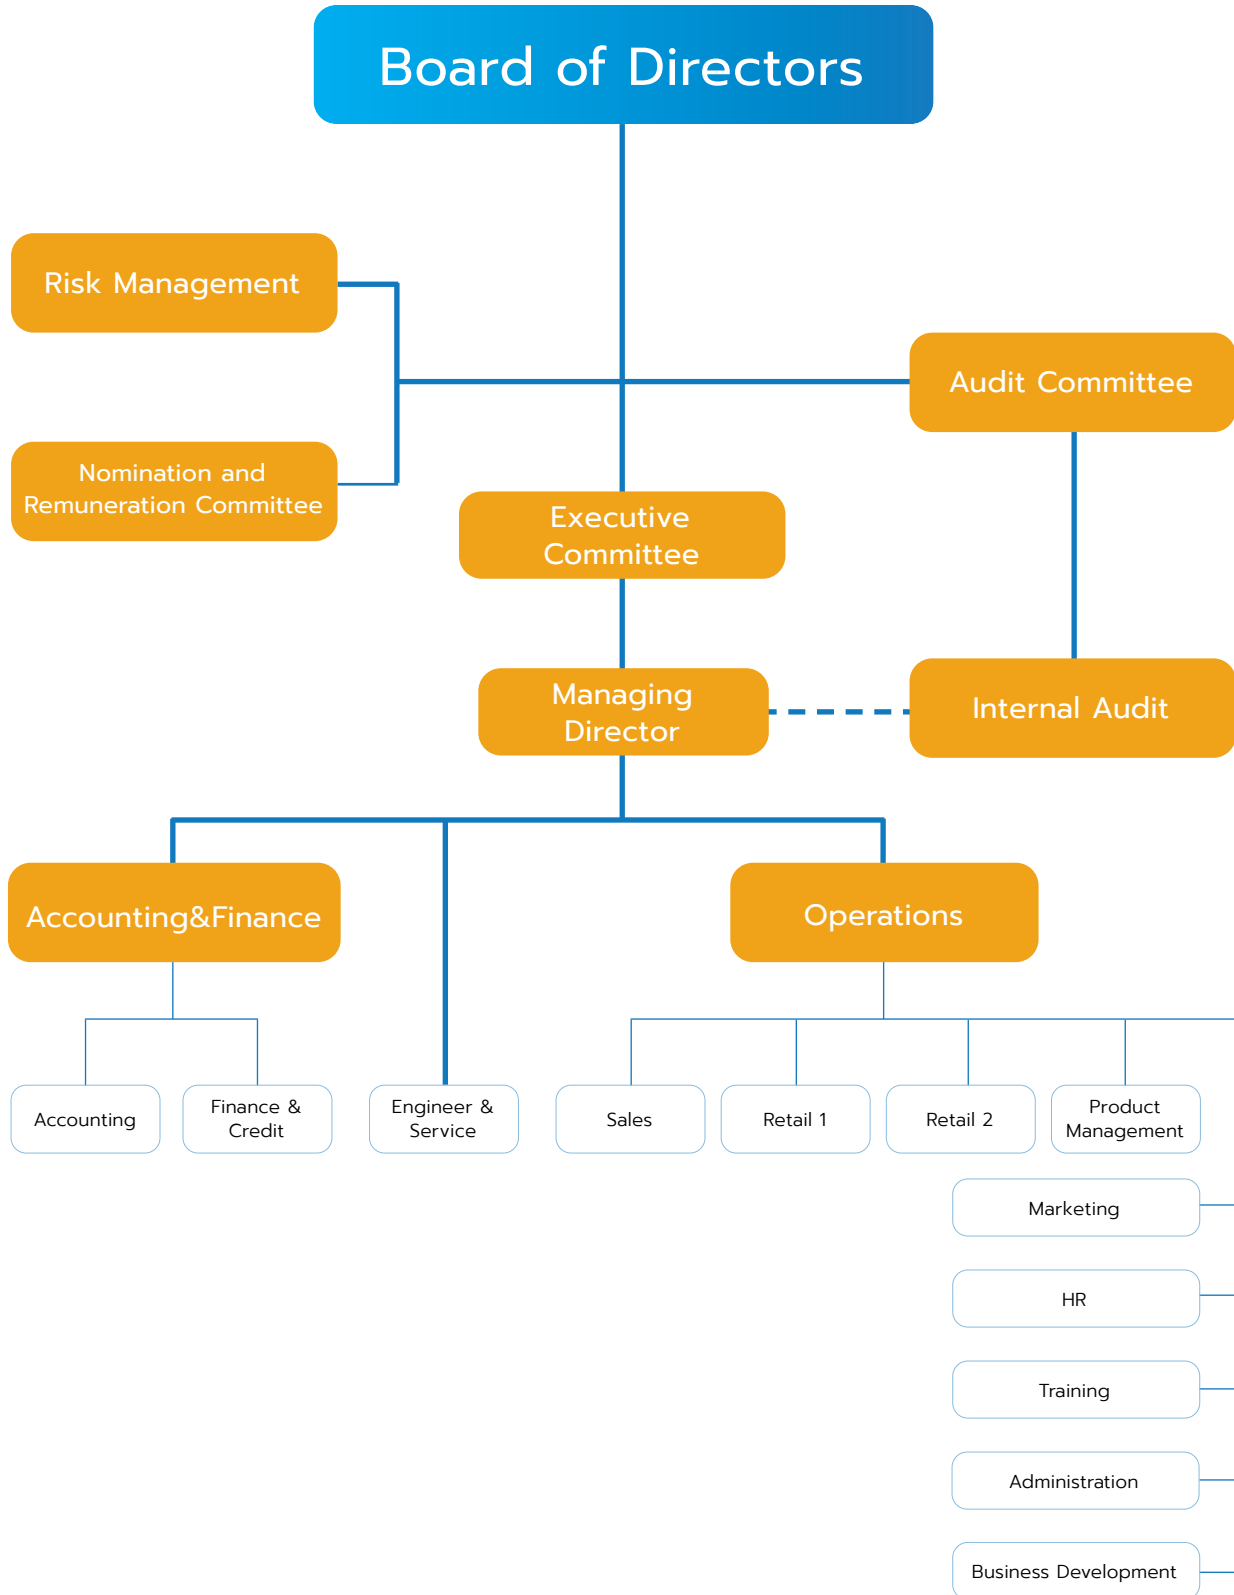

1. Audit Fee

In 2021, the company has paid audit fee of 1,270,000 baht to EY Company Limited

Remuneration of Employees

Monetary Remuneration

Excluding executives, the company paid remuneration of 134.88 million baht and 155.07 million baht to employees in 2020 and 2021, respectively. The remuneration includes salary, bonus, overtime wage, and other welfares.

Human Resource Development Policy

The company places great emphasis on the training and development of employees and has established a training division created specifically to instruct employees. This training division has the objectives of developing the specialized and technical knowledge, skills and experience of employees. Stimulating these qualities is vital to the development of our employees as it helps them to accomplish their assignments effectively as well as supports and prepares them towards fulfilling their own career goals. These processes will, in turn, strengthen the operations of the company as well.

The company is providing the following trainings to employees:

Training Course for New Employees : to prepare employees for their new job

- Orientation course to provide the information of the Company
- Selling skill training which covers customer service techniques and techniques for creating better customer experiences.
- Product knowledge and demonstrations as well as product innovation
- On the job training

Advanced Training Course : to review knowledge of employees in every position

- Training for trainers
- Training for cashiers
- Training for product demonstrations staffs

Furthermore, the company also encourages employees to take training courses outside the company and also take certification exams held by brand owners such as Apple. This would allow employees to develop their own professional, specific skills and also improve the company's competitiveness.

The company also foreseen and gave priority to personnel succession plans, especially for top management, in order to give confidence to the company for the readiness of personnel replacement when necessary and to support business expansion in the future. For the position of top management, senior manager and above, the company will identify the successor for immediate replacement. In case there is no one qualified for the position, the company will provide development plan to the subordinate as well as recruit from outside the company.

Internal Control and Related Transactions

Risk Management and Internal Control

Risk Management

The company realized that risk management is an integral part of the company's operations and appointed a Risk Management Committee in the Board of Directors meeting No. 2/2014, on the 6th of May 2014. This Committee would have the responsibility to prepare policies, control, supervise, and review the risk management process. The Risk Management Committee will ensure that the company performs risk management at an acceptable level. The Committee shall then report their findings to the Board of Directors on a regular basis, for their consideration and acknowledgement.

Internal Control

The company places great importance on internal control, as it is a vital tool in preventing possible damages that happen because of wrongful, misconduct or fraudulent actions by executives and employees.

During the Board of Directors meeting no. 1/2021 on 16th February 2021, the Board of Directors together the Audit Committee, reviewed and evaluated the internal control systems according to evaluation guidelines recommended by the Capital Market Supervisory Board. There were five following areas: Control Environment, Risk Assessment, Control Activities, Information Technology and Communication and Monitoring and Evaluation. It is in the opinion of the Board that the company has an adequate and effective internal control system. It did not find any significant flaws regarding the company's internal control system.

Internal Audit

The company has designated an internal audit department as an independent entity of the company reporting to the Audit Committee. This department is responsible for providing administrative recommendations to the managing director. It advises, audits and assesses the internal control system, the risk management system, and oversees operations to ensure that the company has an efficient internal control system.

Anti-Corruption Policy

The company is committed to conducting its business with honesty, integrity, transparency, equitable and responsibility for society and all the company's stakeholders according to the principle of good governance. The company realizes that bribery or corruption is threatening to destroy free and fair-trade practices and is causing damage to economic and social development. The company has established policies and guidelines to prevent corruption. Details have been disclosed on our website: <https://www.spvi.co.th/anti-corruption-policy>

Internal Control and Related Transactions

Practice Guideline on Anti-Corruption

1. The process of risk assessment and risk management

The company has established Internal Audit department to examine the operation performance of all departments in accordance with the company's risk issues including risks from corruption. This to ensure that all departments have established the appropriate internal control system. In case any department has established inadequate internal control system or found corruption cases, such matters shall be reported to the Audit Committee and Executives as well as the proposal of preventive guidelines to improve that internal audit control system.

2. Protection

To ensure that the remuneration provided to employees is appropriated enough to raise conscious to employee and not be source of corruptions, the Human Resource Department has exchanged information with others companies in computer retails industries and shall use that information for consideration on provision of remuneration to the employees.

3. Training and Communications

To encourage compliance with anti-corruption policy, the company has provided training to employees to promote honesty, integrity, and guidelines on good conduct and ethics for employees including a code of business ethics of the Company during the new employee's orientation. All employees can access such information on the website of the Company under the section on Corporate Governance.

4. Reporting and Reporting Channels

In order to manage good governance for compliance with anti-corruptions policy, the Company has encouraged employees and stakeholders to report any violation to company's policy as well as any unfair practice to the company by providing the channels for stakeholders to report any misconduct action including action that against good governance policy, ethics, rule and regulations of the company, as well as against laws. Employees and stakeholders can study the process and method of whistleblowing on the Company's website at <https://www.spvi.co.th/whistleblowing-complaint>

Internal Control and Related Transactions

Related Transactions

A list of related parties with nature of relationship and related transactions together with pricing policy was disclosed in the Notes to the Annual Financial Statements ended 31st December 2021. It was listed under Item 6 of the Notes: “List of Related Parties and Transactions”. The company has set up the following policy measures with regard to related transactions:

The Need and Reasonableness of the Related Transactions

The Audit Committee of the Company reviewed information about related transactions and acknowledged that the transactions were necessary and reasonable. They were transacted in the best interest of the company and in line with the normal course of business.

The Related-Transaction Approving Process

The company set up policy measures to govern any transaction with an entity that might have a conflict of interest. It had assigned the Audit Committee to review and give opinions regarding the necessity, justification and pricing appropriateness of the transactions. The Audit Committee would judge if conditions associated with the transactions were in line with normal course of business and competitive with market prices and offers from other independent suppliers. In the event that the Audit Committee did not have specific expertise to consider a related transaction, the company would engage an advisor with relevant knowledge to comment on such transactions. The advisor must be independent from the company or those who might have a conflict of interest with the company. Independent advisors might include, for instance, auditors, appraisers, or legal officers. The Audit Committee might rely on advice given by independent advisors when considering the appropriateness of a related transaction before proposing it to the Board of Directors or the Shareholders’ Meeting, as the case may be.

In addition, the company had stipulated that an executive or any person who might have a conflict of interest, either directly or indirectly, must be refrained from participating in the approval process of that transaction. The Board of Directors would ensure that the company comply with securities and exchanges laws and regulations as well as announcements and notifications issued by the SEC and SET. It had to also ascertain that the company complied with requirements on the disclosure of related transactions, acquisition or disposal of important assets of the company or its subsidiaries. Furthermore, the Board would oversee that the company applied generally accepted accounting principles as stipulated by the Federation of Accounting Professions and Certified Public Accountants of Thailand. Related transactions would be disclosed in the notes to financial statements, audited or reviewed by the auditors of the company.

Related Transactions in the Future

The company might continue to have related transactions in the future, that were in line with the normal course of business. It would set a clear policy on related transactions, particularly on pricing and conditions, which would have to be in line with the normal course of business and competitive with offers from other independent suppliers. Related transactions might cover, for example, the selling and buying of products, rendering or providing services, etc. Related transactions would be carried out if they were required to support the business operation and for the best interest of the company. The Audit Committee would monitor whether related transactions complied with the set policy measures and give opinions on the reasonableness of the transactions on a quarterly basis.

For any possible related transactions that were not in accordance with normal course of business, the company would arrange for the Audit Committee to review and

Internal Control and Related Transactions

give comments on the appropriateness of the transactions before the company entered into the transactions. The consideration would be made in accordance with the measures and procedures as specified above. For any possible related transactions that might have conflicts of interest, the Board of Directors will ensure that the company comply with securities and exchanges laws and regulation, as well as announcements and notifications

issued by the SEC and SET. It had to also ascertain that the company complied with requirements on the disclosure of related transactions, acquisition or disposal of important assets of the company or its subsidiaries. Furthermore, the Board would oversee that the company applied generally accepted accounting principles as stipulated by the Federation of Accounting Professions and Certified Public Accountant of Thailand.

Report of the Audit Committee

To the Shareholders of S P V I Public Company Limited

The Audit Committee of S P V I Public Company Limited is appointed by the Board of Directors, consists of three independent board members, whose knowledge and qualifications are complied with the directive issued by The Office of The Securities and Exchange Commission. The current members of committee are:

1. Mr. Teera Aphaiwongse ; Chairman of the Audit Committee
2. Mr. Sujin Suwannagate ; Member of the Audit Committee
3. Mrs. Susama Rativanich ; Member of the Audit Committee

Ms. Yupa Benchawikai; Manager of the Internal Audit Department, serves as secretary of the Audit Committee

The Audit Committee performed the duty as assigned by the Board of Directors, in compliance with the charter of auditing.

In 2021, the Audit Committee held 4 meetings with the management, internal auditors, and external auditors. The Committee reported its activities to the Board of Directors on a quarterly basis as summarized below.

To Review Financial Statements: The Committee reviewed quarterly and annual financial report, together with information disclosure and accounting policies, with the management and the external auditors, including the notes and suggestion by the auditors stated in the report submitted to the Board of Directors and Shareholders, The Committee assessed the adequacy and reliability of information disclosure and external auditor's discretion and determined that the company financial statements and reports had complied with accounting standard requirements under generally accepted accounting principles.

To Review Internal Control System: The Committee reviewed the Company's internal audit plan and reports to assess the sufficiency and efficiency of internal control system and found that the internal control system was sufficient, appropriate and effective for the Company's business. The Committee provided recommendations for continuous improvement in the efficiency of internal control system and adherence to the rules and regulations set forth by the Company.

To Review Related Transaction: The Committee reviewed the related transactions that might cause a conflict of interest to ensure that they conform with the normal business practices and there were no items that will have a significant impact on the Company, based on the accepted principles of transparency, including the sufficient disclosure of those transactions in compliance with the requirement of the Stock Exchange of Thailand and Company's guideline.

To Review Corporate Governance: The Committee reviewed the Company's adherence to Good Corporate Governance principle, to ensure that the internal control system is effective, adequate, and appropriate to the changing business environment.

Appointment of External Auditor: The Committee proposed the appointment and remuneration of the Auditors, based on their knowledge's, experiences and integrity, to the Board of Directors, for shareholders' approval at the Annual General Meeting.

In summary, the Audit Committee performed its duties as specified in the Board-approved charter with prudence and independence, and confirmed that the Board of Director and Executives of company are committed to achieve company goals with the highest quality of work, emphasizing the important of operating under the effective internal control system, with good corporate governance and transparency in accordance to the guideline of the Stock Exchange of Thailand.

Mr. Teera Aphaiwongse
Chairman of Audit Committee

Report of the Risk Management Committee

To the Shareholders of S P V I Public Company Limited

The Board of Directors has appointed the Directors and Top Executives as the Risk Management Committee, comprising Mr. Narathorn Wongvises Mr. Trisorn Volyarngosol, Mrs. Petcharat Volyarngosol and Miss Pakjira Tassanasewee. Miss Sunsanee Horanikom served as secretary.

In 2021, the Risk Management Committee conducted 4 meetings to monitor and make consideration on important matters assigned by the Board of Directors as follows:

1. Consider the risk factors that affect the company's goal by considering carefully both internal and external risk factors together with suggesting useful solutions to reduce risk to the acceptable level
2. Provide suggestions and monitor performance of management level of the Risk Management in order to bring into action to achieve the goal.
3. Schedule to report the performance to the Board of Directors on quarterly basis

The Risk Management Committee determined to make the Company perform business operations based on governance principles and have efficient risk management plan in place which can control risks from business operations to be within the specified scope. Additionally, the Company plans to have the appropriate and adequate internal controls for its business operations as well as well-prepared plans in all matters in advance, consequently the Company can achieve business goals as intended and with efficiency.

Mr. Narathorn Wongvises
Chairman of the Risk Management Committee

Report of the Nomination and Remuneration Committee

To Shareholders

The Board of Directors resolved to approve appointment of the Nomination and Remuneration Committee of S P V I Public Company Limited on May 2, 2017. To ensure that the Nomination and Remuneration Committee will be able to perform their duty independently, all members will be Independent Directors, which consist of 3 members as following.

1. Mr. Teera Aphaiwongse Independent Director and Chairman of the Nomination and Remuneration Committee
2. Mr. Sujin Suwannagate Independent Director and member of the Nomination and Remuneration Committee
3. Mrs. Susama Rativanich Independent Director and member of the Nomination and Remuneration Committee

Miss Sukanya Laetaisong, Human Resource Manager, assumed the position of the secretary of the Nomination and Remuneration Committee

In 2021, there was a meeting of the Nomination and Remuneration Committee, which all members gave priority to attend and provided suggestions that benefit to the operation of the Nomination and Remuneration Committee.

The Nomination and Remuneration Committee was assigned by the Board of Directors to arrange the meeting to consider variety of matters carefully, reasonably, transparently and independently by taking into account maximum benefits of the company and company's shareholders. The Nomination and Remuneration Committee has performed their duty under the duties and responsibilities set forth in the Charter of the Nomination and Remuneration Committee, which are in line with the principle and guideline of Good Corporate Governance of the Stock Exchange of Thailand. The matters were considered as follow:

1. The Structure and Composition of the Board of Directors

The Nomination and Remuneration Committee has considered the structure and composition of the Board of Directors and Sub-Committee including the qualification of the Directors that appropriate to business size and nature of business of the Company

2. Rules and procedure to nominate individual person to assume the position of Company's Director

The Nomination and Remuneration Committee has considered the rule and procedure to nominate individual person to assume the position of Company's Directors including the qualification of the Directors that appropriate to business size and nature of business of the Company

3. Guideline for remuneration of the Company's Directors and Sub-Committee

The Nomination and Remuneration Committee has considered the guideline and procedure for the payment of all types of Directors' remuneration to be in appropriate rate with their duties and responsibilities and be in comparable rate to other companies in the same category specified in MAI of the Stock Exchange

4. Guideline for performance assessment of Managing Director

The Nomination and Remuneration Committee has considered guideline for annual performance assessment of the Chief Executive Officer to ensure that it cover and reflect the actual performance

The Nomination and Remuneration Committee has promoted, encouraged and provided opportunity to minority shareholders to take part in corporate governance and provide opinions toward business operation as well as propose, in advance, the meeting agenda, the candidates to replace the Directors retiring by rotation for the year of 2021 during 1-31 December 2020 through the Company's website.

(Mr. Teera Aphaiwongse)
Chairman of Nomination and
Remuneration Committee

Report on the Board of Directors' responsibilities for Financial Statements

The Board of Directors is responsible for S P V I Public Company Limited's financial statements, including the financial information presented in this annual report. The aforementioned financial statements are prepared in accordance with generally accepted accounting principles, using careful judgment and the best estimations. Important information is adequately and transparently disclosed in the notes to financial statements for the Company's shareholders and investors.

The Board of Directors has provided and maintained a risk management system and appropriate and efficient internal controls to ensure that accounting records are accurate, reliable and adequate to protect its assets and uncover any weaknesses that may be presented in order to prevent fraud or materially irregular operations.

The Board of Directors has appointed an Audit Committee to be responsible for reviewing the accounting policy, financial reports, internal controls, internal audit and risk management system. The Audit Committee has also reviewed a disclosure of related party transactions. All their comments on these issues have been included in the Audit Committee Report which is presented in this annual report.

The financial statements of the Company have been examined by an external auditor, EY Office Limited. To conduct the audits and express an opinion in accordance with generally accepted auditing standards, the auditor was provided with all of the Company's records and related data as requested. The auditor's opinion is presented in the auditor's report as part of this annual report.

The Board of Directors believes that the Company's overall internal control system has functioned up to a satisfactory level and rendered credibility and reliability to S P V I Company Limited's financial statements for the year ended 31 December 2021. The Board of Directors also believes that all these financial statements have been prepared in accordance with generally accepted accounting principles and related regulations.

Mr. Teera Aphaiwongse
Chairman of the Board

Mr. Min Intanate
Executive Chairman

Financial Statements

S P V I Public Company Limited
Report and financial statements
31 December 2021

Financial Statements

Independent Auditor's Report

To the Shareholders of S P V I Public Company Limited

Opinion

I have audited the accompanying financial statements of S P V I Public Company Limited (the Company), which comprise the statement of financial position as at 31 December 2021, and the related statements of comprehensive income, changes in shareholders' equity and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of S P V I Public Company Limited as at 31 December 2021, its financial performance and cash flows for the year then ended in accordance with Thai Financial Reporting Standards.

Basis for Opinion

I conducted my audit in accordance with Thai Standards on Auditing. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Company in accordance with the Code of Ethics for Professional Accountants as issued by the Federation of Accounting Professions as relevant to my audit of the financial statements, and I have fulfilled my other ethical responsibilities in accordance with the Code. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgement, were of most significance in my audit of the financial statements of the current period. These matters were addressed in the context of my audit of the financial statements as a whole, and in forming my opinion thereon, and I do not provide a separate opinion on these matters.

I have fulfilled the responsibilities described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report, including in relation to these matters. Accordingly, my audit included the performance of procedures designed to respond to my assessment of the risks of material misstatement of the financial statements. The results of my audit procedures, including the procedures performed to address the matters below, provide the basis for my audit opinion on the accompanying financial statements as a whole.

Key audit matters and how audit procedures respond for each matter are described below.

Revenue recognition

Revenue is a material accounting entry which directly affects profit or loss of the Company. In addition, the Company has many branches, and receives rebates and sales promotions from its vendors. There are therefore risks with respect to the amount and timing of the recognition of revenue and the rebates and sales promotions from the vendors. I have therefore focused on the revenue recognition of the Company.

I examined the revenue recognition of the Company by assessing and testing its internal controls with respect to the revenue cycle. I applied a sampling method to select sale transactions occurring during the year and near the end of the reporting period to check against the supporting documents and I reviewed credit notes that the Company issued after the end of the reporting period. I also performed analytical procedures on disaggregated data to detect possible irregularities in sales transactions throughout the period, particularly for accounting entries made through journal vouchers. Moreover, I applied a sampling method to select supporting documents for rebate and sale promotion transactions during the year to examine the recognition of the rebates and sale promotion granted by vendors.

Inventories

Computers and mobile phone are technology products which are constantly developing. Any changes in technology could affect the values of inventories. Estimating the net realisable value of inventories, as disclosed in Note 4 and Note 9 to the financial statements, thus requires significant management judgement, particularly with regard to the estimation of provision for diminution in the value of slow-moving and obsolete inventories. This requires detailed analysis of the product life cycle, the competitive environment, economic circumstances and the situation within the industry, which impact the amount of provision set aside.

Financial Statements

I assessed and gained an understanding of the internal controls of the Company relevant to the determination of provision for diminution in the value of inventories by making enquiry of responsible executives. In addition, I assessed the criteria used in determining such provision and reviewed the consistency of the application. I also compared the inventory holding periods and inventory movements to identify product lines with indicators of lower-than-normal inventory turnover, and performed analysis to compare the net proceeds from sales of goods occurring after the date of the financial statements with the cost of inventories.

Other Information

Management is responsible for the other information. The other information comprise the information included in annual report of the Company, but does not include the financial statements and my auditor's report thereon.

My opinion on the financial statements does not cover the other information and I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Thai Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Thai Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Thai Standards on Auditing, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Financial Statements

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide those charged with governance with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, I determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. I describe these matters in my auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, I determine that a matter should not be communicated in my report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

I am responsible for the audit resulting in this independent auditor's report.

S P V I Public Company Limited
Notes to financial statements
For the year ended 31 December 2021

1. General information

1.1 Company information

S P V I Public Company Limited (“the Company”) is a limited company incorporated under Thai laws on 6 January 2011 and registered the change of its status to a public limited company under the Public Limited Companies Act on 10 April 2013 and domiciled in Thailand. Its major shareholder is IT City Public Company Limited, a company incorporated in Thailand. The Company is principally engaged in the distribution of computers, mobile phone, related accessories and related service. Its registered address is No. 1213/58-59 Soi Ladprao 94 Sriwara Road, Phlapphla, Wangthonglang, Bangkok.

As at 31 December 2021, the Company operates 66 branches (31 December 2019: 57 branches).

1.2 COVID-19 Pandemic

A new wave of the COVID-19 pandemic has slowed down the economic recovery, adversely impacting most businesses and industries. In addition, the government enacted several protective measures against the situation such as the order to temporarily shut down operating facilities or reduce operating hours. This situation may bring uncertainties and have an impact on the environment in which the Company operates. The Company's management has continuously monitored ongoing developments and assessed the financial impact in respect of the valuation of assets, provisions and contingent liabilities, and has used estimates and judgement in respect of various issues as the situation has evolved.

2. Basis of preparation

The financial statements have been prepared in accordance with Thai Financial Reporting Standards enunciated under the Accounting Profession Act B.E. 2547 and their presentation has been made in compliance with the stipulations of the Notification of the Department of Business Development, issued under the Accounting Act B.E. 2543.

The financial statements in Thai language are the official statutory financial statements of the Company. The financial statements in English language have been translated from the Thai language financial statements.

The financial statements have been prepared on a historical cost basis except where otherwise disclosed in the accounting policies.

Financial Statements

3. New financial reporting standards

3.1 Financial reporting standards that became effective in the current year

During the year, the Company has adopted the revised financial reporting standards and interpretations which are effective for fiscal years beginning on or after 1 January 2021. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards clarifying accounting treatment and providing accounting guidance for users of the standards.

The adoption of these financial reporting standards does not have any significant impact on the Company's financial statements.

Furthermore, the Company elected to adopt the amendments to TFRS 16 Leases relating to COVID-19-related rent concessions. These amendments provide a practical expedient that permits a lessee to not assess whether rent concessions are lease modifications. The practical expedient applies only to rent concessions occurring as a direct consequence of the COVID-19 pandemic and only if all of the conditions are met, i.e., the change in lease payments results in a revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease preceding the change; any reduction in lease payments affects only payments originally due on or before 30 June 2022; and there is no substantive change to other terms and conditions of the lease.

The Company applies the practical expedient to all rent concessions that meet the above conditions and the effects of the application of this expedient, due to resulting changes in payments under leases are recognised in profit or loss for the year ended 31 December 2021, amounting to Baht 8.5 million (2020: Baht 9.5 million). There was no impact on the opening balance of retained earnings.

3.2 Financial reporting standards that will become effective for fiscal years beginning on or after 1 January 2022

The Federation of Accounting Professions issued a number of revised financial reporting standards, which are effective for fiscal years beginning on or after 1 January 2022. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards clarifying accounting treatment and, for some standards, providing temporary reliefs or temporary exemptions for users.

The management of the Company believes that adoption of these amendments will not have any significant impact on the Company's financial statements.

4. Significant accounting policies

4.1 Revenue and expenses recognition

Sales of goods

Revenue from sale of goods is recognised at the point in time when control of the asset is transferred to the customer, generally on delivery of the goods. Revenue is measured at the amount of the consideration received or receivable, excluding value added tax, of goods supplied after discounts.

Rendering of services

Service revenue is recognised at a point in time upon completion of the service.

Interest income

Interest income is calculated using the effective interest method and recognised on an accrual basis. The effective interest rate is applied to the gross carrying amount of a financial asset, unless the financial assets subsequently become credit-impaired when it is applied to the net carrying amount of the financial asset (net of the expected credit loss allowance).

Finance cost

Interest expense from financial liabilities at amortised cost is calculated using the effective interest method and recognised on an accrual basis.

Financial Statements

4.2 Cash and cash equivalents

Cash and cash equivalents consist of cash in hand and at banks, and all highly liquid investments with an original maturity of three months or less and not subject to withdrawal restrictions.

4.3 Inventories

Finished goods are valued at the lower of cost (under first-in, first-out method) and net realisable value.

The net realisable value of inventory is estimated from the estimated selling price in the ordinary course of business, less the estimated costs to complete the sale.

Allowance for diminution in inventory value will be set up for obsolete, slow moving or deteriorated inventories.

4.4 Equipment/Depreciation

Equipment is stated at cost less accumulated depreciation and allowance for loss on impairment of assets (if any).

Depreciation of equipment is calculated by reference to their costs on the straight-line basis over the following estimated useful lives:

Leasehold improvement	-	5 years
Computer	-	3 years
Office equipment	-	5 years
Furniture and fixtures	-	5 years
Motor vehicles	-	5 years

Depreciation is included in determining income.

No depreciation is provided on assets under installation.

An item of equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on disposal of an asset is included in profit or loss when the asset is derecognised.

4.5 Intangible assets

Intangible assets are carried at cost less accumulated amortisation and accumulated impairment loss (if any).

Intangible assets with finite lives are amortised on the straight-line basis over the economic useful life and tested for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method of such intangible assets are reviewed at least at each financial year end. The amortisation expense is charged to profit or loss.

A summary of the intangible assets with finite useful lives are as follows:

	<u>Useful lives</u>
Computer software	5 years
Franchise fee	Agreement term (5 years)

4.6 Leases

At inception of contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company as a lessee

The Company applied a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. At the commencement date of the lease (i.e. the date the underlying asset is available for use), the Company recognises right-of-use assets representing the right to use underlying assets and lease liabilities based on lease payments.

Right-of-use assets

Right-of-use assets are measured at cost, less accumulated depreciation, any accumulated impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities initially recognised, initial direct costs incurred, and lease payments made at or before the commencement date of the lease, and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located less any lease incentives received.

Financial Statements

Depreciation of right-of-use assets are calculated by reference to their costs, on the straight-line basis over the shorter of their estimated useful lives and the lease term.

Buildings	-	1 - 11 years
-----------	---	--------------

If ownership of the leased asset is transferred to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

Lease liabilities

Lease liabilities are measured at the present value of the lease payments to be made over the lease term. The lease payments include fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be payable under residual value guarantees. Moreover, the lease payments include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising an option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs.

The Company discounted the present value of the lease payments by the interest rate implicit in the lease or the Company's incremental borrowing rate. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

Short-term leases and leases of low-value assets

A lease that has a lease term less than or equal to 12 months from commencement date or a lease of low-value assets is recognised as expenses on a straight-line basis over the lease term.

4.7 Related party transactions

Related parties comprise individuals or enterprises that control, or are controlled by, the Company, whether directly or indirectly, or which are under common control with the Company.

They also include individuals or enterprises which directly or indirectly own a voting interest in the Company that gives them significant influence over the Company, key management personnel, directors and officers with authority in the planning and direction of the Company's operations.

4.8 Foreign currencies

The financial statements are presented in Baht, which is also the Company's functional currency.

Transactions in foreign currencies are translated into Baht at the exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated into Baht at the exchange rate ruling at the end of reporting period.

Gain and losses on exchange are included in determining income.

4.9 Impairment of non-financial assets

At the end of each reporting period, the Company performs impairment reviews in respect of the equipment, right-of-use assets and intangible assets whenever events or changes in circumstances indicate that an asset may be impaired. An impairment loss is recognised when the recoverable amount of an asset, which is the higher of the asset's fair value less costs to sell and its value in use, is less than the carrying amount.

An impairment loss is recognised in profit or loss.

4.10 Employee benefits

Short-term employee benefits

Salaries, wages, bonuses and contributions to the social security fund are recognised as expenses when incurred.

Post-employment benefits

Defined contribution plans

The Company and its employees have jointly established a provident fund. The fund is monthly contributed by employees and by the Company. The fund's assets are held in a separate trust fund and the Company's contributions are recognised as expenses when incurred.

Financial Statements

Defined benefit plans

The Company has obligations in respect of the severance payments it must make to employees upon retirement under labor law. The Company treats these severance payment obligations as a defined benefit plan.

The obligation under the defined benefit plan is determined by a professionally qualified independent actuary based on actuarial techniques, using the Projected Unit Credit Method.

Actuarial gains and losses arising from defined benefit plans are recognised immediately in other comprehensive income.

Past service costs are recognised in profit or loss on the earlier of the date of the plan amendment or curtailment and the date that the Company recognised restructuring-related costs.

4.11 Provisions

Provisions are recognised when the Company has a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

4.12 Income Tax

Income tax expense represents the sum of corporate income tax currently payable and deferred tax.

Current tax

Current income tax is provided in the accounts at the amount expected to be paid to the taxation authorities, based on taxable profits determined in accordance with tax legislation.

Deferred tax

Deferred income tax is provided on temporary differences between the tax bases of assets and liabilities and their carrying amounts at the end of each reporting period, using the tax rates enacted at the end of the reporting period.

The Company recognises deferred tax liabilities for all taxable temporary differences while it recognises deferred tax assets for all deductible temporary differences and tax losses carried forward to the extent that it is probable that future taxable profit will be available against which such deductible temporary differences and tax losses carried forward can be utilised.

At each reporting date, the Company reviews and reduces the carrying amount of deferred tax assets to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

The Company records deferred tax directly to shareholders' equity if the tax relates to items that are recorded directly to shareholders' equity.

4.13 Financial instruments

The Company initially measures financial assets at its fair value plus, in the case of financial assets that are not measured at fair value through profit or loss, transaction costs. However, trade receivables, that do not contain a significant financing component, are measured at the transaction price as disclosed in the accounting policy relating to revenue recognition.

Classification and measurement of financial assets

Financial assets are classified, at initial recognition, as to be subsequently measured at amortised cost, fair value through other comprehensive income ("FVOCI"), or fair value through profit or loss ("FVTPL"). The classification of financial assets at initial recognition is driven by the Company's business model for managing the financial assets and the contractual cash flows characteristics of the financial assets.

Financial assets at amortised cost

The Company measures financial assets at amortised cost if the financial asset is held in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest rate ("EIR") method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

Financial assets at FVTPL

Financial assets measured at FVTPL are carried in the statement of financial position at fair value with net changes in fair value recognised in profit or loss.

These financial assets include derivatives, security investments held for trading, equity investments which the Company has not irrevocably elected to classify at FVOCI and financial assets with cash flows that are not solely payments of principal and interest.

Dividends on listed equity investments are recognised as other income in profit or loss.

Classification and measurement of financial liabilities

At initial recognition the Company's financial liabilities are recognised at fair value net of transaction costs and classified as liabilities to be subsequently measured at amortised cost

Financial Statements

using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. In determining amortised cost, the Company takes into account any fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in profit or loss.

Recognition and derecognition of financial instruments

Regular way purchases and sales of financial assets are recognised or derecognised on derecognised on the settlement date, i.e., the date on which an asset is delivered to or by the Company.

A financial asset is primarily derecognised when the rights to receive cash flows from the asset have expired or have been transferred and either the Company has transferred substantially all the risks and rewards of the asset, or the Company has transferred control of the asset.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in profit or loss.

Impairment of financial assets

The Company recognises an allowance for expected credit losses (“ECLs”) for all debt instruments not held at FVTPL. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate.

For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure (a lifetime ECL).

The Company considers a significant increase in credit risk to have occurred when contractual payments are more than 30 days past due and considers a financial asset as credit impaired or default when contractual payments are 90 days past due. However, in certain cases, the Company may also consider a financial asset to have a significant increase in credit risk and to be in default using other internal or external information, such as credit rating of issuers.

For trade receivables, the Company applies a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date.

ECLs are calculated based on its historical credit loss experience and adjusted for forward-looking factors specific to the debtors and the economic environment.

A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Offsetting of financial instruments

Financial assets and financial liabilities are offset, and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

4.14 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between buyer and seller (market participants) at the measurement date. The Company applies a quoted market price in an active market to measure their assets and liabilities that are required to be measured at fair value by relevant financial reporting standards. Except in case of no active market of an identical asset or liability or when a quoted market price is not available, the Company measures fair value using valuation technique that are appropriate in the circumstances and maximises the use of relevant observable inputs related to assets and liabilities that are required to be measured at fair value.

Financial Statements

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy into three levels based on categorise of input to be used in fair value measurement as follows:

Level 1 - Use of quoted market prices in an observable active market for such assets or liabilities

Level 2 - Use of other observable inputs for such assets or liabilities, whether directly or indirectly

Level 3 - Use of unobservable inputs such as estimates of future cash flows

At the end of each reporting period, the Company determines whether transfers have occurred between levels within the fair value hierarchy for assets and liabilities held at the end of the reporting period that are measured at fair value on a recurring basis.

5. Significant accounting judgements and estimates

The preparation of financial statements in conformity with financial reporting standards at times requires management to make subjective judgements and estimates regarding matters that are inherently uncertain. These judgements and estimates affect reported amounts and disclosures; and actual results could differ from these estimates. Significant judgements and estimates are as follows:

Leases

Determining the lease term with extension and termination options - The Company as a lessee

In determining the lease term, the management is required to exercise judgement in assessing whether the Company is reasonably certain to exercise the option to extend or terminate the lease considering all relevant facts and circumstances that create an economic incentive for the Company to exercise either the extension or termination option.

Estimating the incremental borrowing rate - The Company as a lessee

The Company cannot readily determine the interest rate implicit in the lease, therefore, the management is required to exercise judgement in estimating its incremental borrowing rate to discount lease liabilities. The incremental borrowing rate is the rate of interest that the Company would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment.

Allowance for expected credit losses of trade receivables

In determining an allowance for expected credit losses of trade receivables, the management needs to make judgement and estimates based upon, among other things, past collection history, aging profile of outstanding debts and the forecast economic condition for groupings of various customer segments with similar credit risks. The Company's historical credit loss experience and forecast economic conditions may also not be representative of whether a customer will actually default in the future.

Allowance for diminution in value of inventory

The determination of allowances for diminution in the value of inventory, requires management to make judgements and estimates. The allowance for decline in net realisable value is estimated based on the selling price expected in the ordinary course of business less the estimated costs to complete the sales; and provision for obsolete, slow-moving and deteriorated inventories that is estimated based on the approximate aging of each type of inventory.

Equipment/Depreciation

In determining depreciation of equipment, the management is required to make estimates of the useful lives and residual values of the equipment and to review estimate useful lives and residual values when there are any changes.

In addition, the management is required to review equipment for impairment on a periodical basis and record impairment losses when it is determined that their recoverable amount is lower than the carrying amount. This requires judgements regarding forecast of future revenues and expenses relating to the assets subject to the review.

Deferred tax assets

Deferred tax assets are recognised for deductible temporary differences and unused tax losses to the extent that it is probable that taxable profit will be available against which the temporary differences and losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of estimate future taxable profits.

Financial Statements

Post-employment benefits under defined benefit plans

The obligation under the defined benefit plan is determined based on actuarial techniques. Such determination is made based on various assumptions, including discount rate, future salary increase rate, mortality rate and staff turnover rate.

6. Related party transactions

During the years, the Company had significant business transactions with related parties. Such transactions, which are summarised below, arose in the ordinary course of business and were concluded on commercial terms and bases agreed upon between the Company and those related parties.

	2021	2020	(Unit: Million Baht) Pricing policy
<u>Transactions with major shareholder</u>			
<u>(IT City Public Company Limited)</u>			
Sales of goods	1	-	Market price
Purchase of goods	1	2	Approximately market price
Dividends	13	12	At the declared rate
<u>Transactions with related companies</u>			
Sales of goods	70	1	Market price
Purchases of goods	6	2	Market price
Purchase of fixed assets	1	-	Market price
Service expenses	5	6	Prices agreed by the parties
Logistics and distribution fee	8	8	Prices agreed by the parties

Financial Statements

As at 31 December 2021 and 2020, the balances of the accounts between the Company and those related companies are as follows:

	(Unit: Thousand Baht)	
	<u>2021</u>	<u>2020</u>
<u>Trade and other receivables - related parties (Note 8)</u>		
Related companies (related by common shareholders and common directors)	5,800	125
Total trade and other receivables - related parties	<u>5,800</u>	<u>125</u>
<u>Trade and other payables - related parties (Note 15)</u>		
Major shareholder	239	-
Related companies (related by common shareholders and common directors)	6,444	2,227
Total trade and other payables - related parties	<u>6,683</u>	<u>2,227</u>

Directors and management's benefits

During the years ended 31 December 2021 and 2020, the Company had employee benefit expenses payable to their directors and management as below.

	(Unit: Million Baht)	
	<u>2021</u>	<u>2020</u>
Short-term employee benefits	28.6	23.8
Post-employment benefits	1.0	1.3
Total	<u>29.6</u>	<u>25.1</u>

7. Cash and cash equivalents

	(Unit: Thousand Baht)	
	<u>2021</u>	<u>2020</u>
Cash	4,417	5,529
Bank deposits	95,026	39,439
Total	<u>99,443</u>	<u>44,968</u>

As at 31 December 2021, bank deposits in savings accounts and fixed deposits carried interests between 0.05 and 0.25 percent per annum (2020: between 0.05 and 0.25 percent per annum).

Financial Statements

8. Trade and other receivables

	(Unit: Thousand Baht)	
	<u>2021</u>	<u>2020</u>
<u>Trade receivables - related parties</u>		
Aged on the basis of due dates		
Not yet due	5,749	111
Past due		
Up to 3 months	51	14
Total trade receivables - related parties	<u>5,800</u>	<u>125</u>
<u>Trade receivables - unrelated parties</u>		
Aged on the basis of due dates		
Not yet due	54,054	54,781
Past due		
Up to 3 months	12,329	9,331
Over 3 - 6 months	4	-
Over 12 months	598	611
Total	<u>66,985</u>	<u>64,723</u>
Less: Allowance for expected credit losses	<u>(598)</u>	<u>(1,226)</u>
Total trade receivables - unrelated parties, net	<u>66,387</u>	<u>63,497</u>
Total trade receivable - net	<u>72,187</u>	<u>63,622</u>
<u>Other receivables</u>		
Other receivables - unrelated parties	<u>4,359</u>	<u>4,023</u>
Total other receivables	<u>4,359</u>	<u>4,023</u>
Total trade and other receivables - net	<u>76,546</u>	<u>67,645</u>

The normal credit term is 30 days.

Set out below is the movement in the allowance for expected credit losses of trade receivables.

	(Unit: Thousand Baht)	
	<u>2021</u>	<u>2020</u>
Beginning balance	1,226	38
Provision for expected credit losses	<u>(628)</u>	<u>1,188</u>
Ending balance	<u>598</u>	<u>1,226</u>

Financial Statements

9. Inventories

	(Unit: Thousand Baht)	
	<u>2021</u>	<u>2020</u>
Finished goods	364,193	492,537
Less: Reduce cost to net realisable value	<u>(39,477)</u>	<u>(37,083)</u>
Inventories - net	<u>324,716</u>	<u>455,454</u>

During the current year, the Company reduced cost of inventories by Baht 2.4 million, to reflect the net realisable value. This was presented as cost of sales. (2020: Baht 10.5 million).

10. Other current assets

The outstanding balance of other current assets as at 31 December 2021 and 2020 are as follows:

	(Unit: Thousand Baht)	
	<u>2021</u>	<u>2020</u>
Input tax and value added tax refundable	5,819	18,639
Advance payments for purchase of goods	494	193
Others	<u>4,447</u>	<u>3,341</u>
Total other current liabilities	<u>10,760</u>	<u>22,173</u>

Financial Statements

11. Equipment

(Unit: Thousand Baht)

	Leasehold improvement	Computer	Office equipment	Furniture and fixtures	Motor vehicles	Assets under installation	Total
Cost:

Depreciation on disposals and write-off	-	-	(66)	(2,285)	(353)	-	(2,704)
31 December 2020	2,000	13,474	24,462	53,224	561	-	93,721
Depreciation for the year	-	2,461	6,937	11,811	137	-	21,346
Depreciation on disposals and write-off	-	(419)	(356)	(1,953)	-	-	(2,728)
31 December 2021	2,000	15,516	31,043	63,082	698	-	112,339
Allowance for impairment loss:							
1 January 2020	-	-	-	823	-	-	823
Decrease during the year	-	-	-	(823)	-	-	(823)
31 December 2020	-	-	-	-	-	-	-
31 December 2021	-	-	-	-	-	-	-
Net book value:							
31 December 2020	-	3,294	17,473	35,106	617	283	56,773
31 December 2021	-	4,548	22,768	46,481	480	-	74,277
Depreciation for the year:							
2020 (Baht 16.9 million included in selling expenses, and the balance in administrative expenses)							18,620
2021 (Baht 19.6 million included in selling expenses, and the balance in administrative expenses)							21,346

As at 31 December 2021, certain equipment items have been fully depreciated but are still in use. The gross carrying amount before deducting accumulated depreciation of those assets amounted to approximately Baht 66 million (2020: Baht 58 million).

12. Intangible assets

The net book value of intangible assets, as at 31 December 2021 and 2020 is presented below.

	(Unit: Thousand Baht)		
	Franchise fee	Computer software	Total
As at 31 December 2021			
Cost	33,044	25,274	58,318
Less: Accumulated amortisation	(18,179)	(17,996)	(36,175)
Net book value	<u>14,865</u>	<u>7,278</u>	<u>22,143</u>
As at 31 December 2020			
Cost	28,785	19,476	48,261
Less: Accumulated amortisation	(13,516)	(16,050)	(29,566)
Net book value	<u>15,269</u>	<u>3,426</u>	<u>18,695</u>

A reconciliation of the net book value of intangible assets for the years 2021 and 2020 is presented below.

	(Unit: Thousand Baht)	
	<u>2021</u>	<u>2020</u>
Net book value at beginning of year	18,695	18,147
Acquisition of computer software	5,798	1,151
Increase of franchise fee	4,259	7,015
Amortisation for the year	(6,609)	(7,618)
Net book value at end of year	<u>22,143</u>	<u>18,695</u>

Financial Statements

13. Other non-current assets

The outstanding balance of other non-current assets as at 31 December 2021 and 2020 are deposits.

14. Short-term loans from financial institution

(Unit: Thousand Baht)

	Interest rate (percent per annum)	2021	2020
Promissory note	2.97	-	50,000
Short-term loans	2.97	-	72,000
Total		-	122,000

As at 31 December 2021, the short-term credit facilities of the Company which have not yet been drawn down amounted to Baht 450 million (2020: Baht 78 million).

15. Trade and other payables

(Unit: Thousand Baht)

	2021	2020
Trade payables - related parties	2,684	843
Trade payables - unrelated parties	75,901	108,813
Other payables - related parties	3,299	-
Other payables - unrelated parties	8,783	6,801
Accrued expenses - related parties	700	1,384
Accrued expenses - unrelated parties	25,265	17,829
Total trade and other payables	116,632	135,670

16. Leases

The Company as a lessee

The Company has lease contracts for various items of assets used in its operations. Leases generally have lease terms between 1 - 11 years.

a) Right-of-use assets

Movement of right-of-use assets for the years ended 31 December 2021 and 2020 are summarised below:

	(Unit: Thousand Baht)	
	<u>2021</u>	<u>2020</u>
Balance at beginning of year	162,841	131,285
Additions	2,638	2,365
Increase	43,791	77,418
Reduction in lease modification	(14,753)	-
Depreciation for the year	(48,925)	(48,277)
Balance at end of year	<u>145,592</u>	<u>162,841</u>

b) Lease liabilities

	(Unit: Thousand Baht)	
	<u>2021</u>	<u>2020</u>
Lease payments	157,774	177,073
Less: Deferred interest expenses	(9,399)	(13,665)
Total	<u>148,375</u>	<u>163,408</u>
Less: Portion due within one year	(50,784)	(41,889)
Lease liabilities - net of current portion	<u>97,591</u>	<u>121,519</u>

Financial Statements

Movements of the lease liability account during the years ended 31 December 2021 and 2020 are summarised below:

	(Unit: Thousand Baht)	
	<u>2021</u>	<u>2020</u>
Balance at beginning of year	163,408	125,398
Additions	43,791	77,418
Accretion of interest	5,834	5,966
Repayments	(40,534)	(35,859)
Reduction in lease payment by lessors	(8,471)	(9,515)
Reduction in lease modification	(15,653)	-
Balance at end of year	<u>148,375</u>	<u>163,408</u>

A maturity analysis of lease payments is disclosed in Note 27 under the liquidity risk.

c) Expenses relating to leases that are recognised in profit or loss

	(Unit: Thousand Baht)	
	<u>2021</u>	<u>2020</u>
Depreciation expense of right-of-use assets	48,925	48,227
Interest expense on lease liabilities	4,881	4,932
Expense relating to leases of low-value assets	248	184

d) Others

The Company had total cash outflows for leases for the year ended 31 December 2021 of Baht 40.8 million (2020: Baht 36.0 million), including the cash outflow related to leases of low-value assets.

17. Provision for long-term employee benefits

Provision for long-term employee benefits, which represents compensation payable to employees after they retire from the Company, was as follows:

	(Unit: Thousand Baht)	
	<u>2021</u>	<u>2020</u>
Provision for long-term employee benefits at beginning of year	19,649	23,100
Included in profit or loss:		
Current service cost	1,688	1,881
Interest cost	334	369
Gain on settlement	-	(62)
Included in other comprehensive income:		
Actuarial loss arising from		
Financial assumptions changes	2,231	-
Benefits paid during the year	<u>(4,318)</u>	<u>(5,639)</u>
Provision for long-term employee benefits at end of year	<u>19,584</u>	<u>19,649</u>

The Company does not expect to pay of long-term employee benefits during the next year (2020: Baht 4.3 million).

As at 31 December 2021, the weighted average duration of the liabilities for long-term employee benefit is 16 years (2020: 11 years).

Significant actuarial assumptions are summarised below:

	<u>2021</u>	<u>2020</u>
	(% per annum)	(% per annum)
Discount rate	2.40	1.79
Salary increase rate	4.00 - 7.00	4.00 - 7.00
Turnover rate	0.00 - 40.00	0.00 - 50.00

Financial Statements

The result of sensitivity analysis for significant assumptions that affect the present value of the long-term employee benefit obligation as at 31 December 2021 and 2020 are summarised below:

	(Unit: Million Baht)	
	As at 31 December 2021	
	Increase 1%	Decrease 1%
Discount rate	(2.0)	2.3
Salary increase rate	2.2	(2.0)
	Increase 20%	Decrease 20%
Turnover rate	(1.7)	2.1

	(Unit: Million Baht)	
	As at 31 December 2020	
	Increase 1%	Decrease 1%
Discount rate	(1.6)	1.8
Salary increase rate	2.2	(1.9)
	Increase 20%	Decrease 20%
Turnover rate	(1.8)	2.4

18. Statutory reserve

Pursuant to Section 116 of the Public Limited Companies Act B.E. 2535, the Company is required to set aside to a statutory reserve at least 5 percent of its net profit after deducting accumulated deficit brought forward (if any), until the reserve reaches 10 percent of the registered capital. The statutory reserve is not available for dividend distribution. At present, the statutory reserve has fully been set aside.

During the year 2020, the Company set aside an additional statutory reserve of its net profit for 2020 of Baht 1.7 million.

Financial Statements

19. Other income

	(Unit: Thousand Baht)	
	<u>2021</u>	<u>2020</u>
Selling support income	27,541	27,179
Selling promotion income	6,464	8,111
Gain on lease modification	900	-
Gain on disposal of equipment	419	-
Commission income	223	280
Interest income	69	608
Gain on disposal of investments in open-end fund	-	336
Others	1,851	1,394
Total	37,467	37,908

20. Expenses by nature

Significant expenses classified by nature are as follows:

	(Unit: Thousand Baht)	
	<u>2021</u>	<u>2020</u>
Purchase of finished goods	4,879,899	3,259,922
Salaries and wages and other employee benefits	198,283	170,627
Change in inventories of finished goods	128,344	(74,441)
Depreciation and amortisation	69,362	65,986
Credit card fee	58,462	44,130
Sales fee	22,089	2,422
Rental and service center expenses from operating lease agreements	15,968	15,227
Logistics and distribution fee	8,311	7,517
Utilities expenses	6,484	5,640
Office supply expenses	5,119	2,900
Loss on write-off of assets	-	708

Financial Statements

21. Income tax

Income tax expenses for the years ended 31 December 2021 and 2020 are made up as follows:

	(Unit: Thousand Baht)	
	<u>2021</u>	<u>2020</u>
Current income tax:		
Current income tax charge	31,469	20,457
Deferred tax:		
Relating to origination and reversal of temporary differences	<u>(352)</u>	<u>(2,835)</u>
Income tax expense reported in profit or loss	<u>31,117</u>	<u>17,622</u>

The amounts of income tax relating to each component of other comprehensive income for the years ended 31 December 2021 and 2020 are as follows:

	(Unit: Thousand Baht)	
	<u>2021</u>	<u>2020</u>
Deferred tax relating to actuarial loss	<u>(446)</u>	<u>-</u>

The reconciliation between accounting profit and income tax expense is shown below.

	(Unit: Thousand Baht)	
	<u>2021</u>	<u>2020</u>
Accounting profit before tax	<u>156,679</u>	<u>90,923</u>
Applicable tax rate	20%	20%
Accounting profit before tax multiplied by income tax rate	31,336	18,185
Effects of:		
Non-deductible expenses	129	294
Additional expense deductions allowed	(348)	(857)
Total	<u>(219)</u>	<u>(563)</u>
Income tax expenses reported in profit or loss	<u>31,117</u>	<u>17,622</u>

The components of deferred tax assets are as follows:

	(Unit: Thousand Baht)	
	Statements of financial position	
	<u>2021</u>	<u>2020</u>
Deferred tax assets		
Allowance for diminution in value of inventories	7,895	7,417
Provision for long-term employee benefits	3,917	3,930
Lease	1,963	1,505
Allowance for expected credit losses	120	245
Total deferred tax assets	<u>13,895</u>	<u>13,097</u>

22. Basic earnings per share

Basic earnings per share is calculated by dividing profit for the year (excluding other comprehensive income) by the weighted average number of ordinary shares in issue during the year.

23. Segment information

Operating segment information is reported in a manner consistent with the internal reports that are regularly reviewed by the chief operating decision maker in order to make decisions about the allocation of resources to the segment and assess its performance. The chief operating decision maker has been identified as Managing Director.

The one main reportable operating segment of the Company is the distribution of computers, mobile phone, related accessories and related service, which revenue is recognised at a point in time, and the single geographical area of its operations is Thailand. Segment performance is measured based on operating profit or loss, on a basis consistent with that used to measure operating profit or loss in the financial statements. As a result, all of the revenues, operating profits and assets as reflected in these financial statements pertain to the aforementioned reportable operating segment and geographical area.

Financial Statements

24. Provident fund

The Company and its employees have jointly established a provident fund in accordance with the Provident Fund Act B.E. 2530. Both employees and the Company contributes to the fund monthly at the rate of 5 percent of basic salary. Currently, the fund is managed by Tisco Asset Management Co., Ltd. and will be paid to employees upon termination in accordance with the fund rules. The contributions for the year 2021 amounting to approximately Baht 3.4 million (2020: Baht 3.1 million) were recognised as expenses.

25. Dividend

Dividends	Approved by	Total dividends (Million Baht)	Dividend per share (Baht)	Paid on
2021				
Final dividends for 2020	Annual General Meeting of the shareholders on 2 April 2021	44	0.11	26 April 2021
Total for 2021		44		
2020				
Interim dividends for 2019	Board of Directors' meeting on 30 March 2020	40	0.10	22 April 2020
Total for 2020		40		

26. Commitments and contingent liabilities

26.1 Capital commitments

As at 31 December 2021, the Company had capital commitments of approximately Baht 2.9 million (2020: Nil), relating to the contract for website development project.

26.2 Lease and service commitments

26.2.1 The Company has entered into a logistics and distribution services agreement with a related company whereby the Company was obliged to pay for the service fee on a basis and at a rate as stipulated in the agreement. The term of agreement is 1 year and shall be renewal for another year each time, unless cancelled by either party.

26.2.2 The Company has entered into several contracts in respect of lease of the low value assets and service agreement in respect of the warehouse and branch areas. The terms of the agreements are generally between 1 and 5 years.

As at 31 December 2021, the Company has future minimum payments as follows.

	(Unit: Million Baht)	
	<u>2021</u>	<u>2020</u>
Payable within:		
Less than 1 year	20.3	17.6
In over 1 and up to 5 years	12.9	12.2

26.3 Guarantees

As at 31 December 2021, there were outstanding bank guarantees of approximately Baht 99.6 million (2020: Baht 87.2 million) issued by bank on behalf of the Company in respect of the purchase of goods and services as required in the ordinary course of business of the Company.

27. Financial instruments

27.1 Financial risk management objectives and policies

The Company's financial instruments principally comprise cash and cash equivalents, trade and other receivables, short-term loans from financial institution and trade and other payables. The financial risks associated with these financial instruments and how they are managed is described below.

Credit risk

The Company is exposed to credit risk primarily with respect to deposits with banks and trade accounts receivable and other financial instruments. The maximum exposure to credit risk is limited to the carrying amounts as stated in the statement of financial position. The Company's maximum exposure relating to derivatives is noted in the liquidity risk topic.

Trade receivables

The Company manages the risk by adopting appropriate credit control policies and procedures and therefore does not expect to incur material financial losses. Outstanding trade receivables are regularly monitored and any shipments to major customers are generally covered by bank guarantees or other forms of credit insurance obtained from reputable banks and other financial institutions. In addition, the Company does not have high concentrations of credit risk since it has a large customer base in various industries.

Financial Statements

An impairment analysis is performed at each reporting date to measure expected credit losses. The provision rates are based on days past due for grouping of various customer segments with similar credit risks. The Company classifies customer segments by customer type and rating, and coverage by bank guarantees and other forms of credit insurance. The Company does not hold collateral as security. The calculation reflects the probability-weighted outcome, the time value of money and reasonable and supportable information that is available at the reporting date about past events, current conditions and forecasts of future economic conditions.

Financial instruments and cash deposits

The Company manages the credit risk from balances with banks and financial institutions by making investments only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the Finance Manager on an annual basis, and may be updated throughout the year subject to approval of the Company's Board of Directors. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through a counterparty's potential failure to make payments.

Market risk

There are two types of market risk comprising currency risk and interest rate risk.

Foreign currency risk

The Company's exposure to foreign currency risk arises mainly from purchasing transactions that are denominated in foreign currencies.

As at 31 December 2021 and 2020, the outstanding balance of financial liabilities denominated in foreign currencies are not material.

Interest rate risk

The Company's exposure to interest rate risk relates primarily to its cash at banks, short-term loans from financial institution and lease liabilities. Most of the Company's financial assets and liabilities bear floating interest rates or fixed interest rates which are close to the market rate.

The Company manages its interest rate risk by having a balanced portfolio of fixed and floating rate loans and borrowings. The Company's policy is to match between sources and uses of funds.

Financial Statements

As at 31 December 2021 and 2020, significant financial assets and liabilities classified by type of interest rate are summarised in the table below, with those financial assets and liabilities that carry fixed interest rates further classified based on the maturity date, or the repricing date if this occurs before the maturity date.

(Unit: Million Baht)

	As at 31 December 2021					Effective interest rate (% per annum)
	Fixed interest rates		Floating interest rate	Non-interest bearing	Total	
	within 1 year	more than 1 year				
Financial assets						
Cash and cash equivalent	-	-	82	17	99	0.05 - 0.25
Trade and other receivables	-	-	-	77	77	-
	-	-	82	94	176	
Financial liabilities						
Trade and other payables	-	-	-	117	117	-
Lease liabilities	51	97	-	-	148	3.00 - 4.25
	51	97	-	117	265	

(Unit: Million Baht)

	As at 31 December 2020					Effective interest rate (% per annum)
	Fixed interest rates		Floating interest rate	Non-interest bearing	Total	
	within 1 year	more than 1 year				
Financial assets						
Cash and cash equivalent	-	-	37	8	45	0.05 - 0.25
Trade and other receivables	-	-	-	68	68	-
	-	-	37	76	113	
Financial liabilities						
Short-term loans from financial institution	-	-	122	-	122	2.97
Trade and other payables	-	-	-	136	136	-
Lease liabilities	42	121	-	-	163	3.00 - 4.25
	42	121	122	136	421	

Financial Statements

Liquidity risk

The Company needs liquidity to meet its obligations and is responsible for its own cash balances and the raising of credit lines to cover the liquidity needs.

The Company monitors the risk of a shortage of liquidity position by a recurring liquidity planning and maintains an adequate level of cash, cash at banks and unused committed and uncommitted credit lines with banks to meet its liquidity requirements.

The table below summarises the maturity profile of the Company's non-derivative financial liabilities as at 31 December 2021 and 2020 based on contractual undiscounted cash flows:

(Unit: Thousand Baht)

	As at 31 December 2021		
	Less than 1 year	1 - 5 years	Total
Trade and other payables	116,632	-	116,632
Lease liabilities	55,511	102,263	157,774
Total	172,143	102,263	274,406

(Unit: Thousand Baht)

	As at 31 December 2020		
	Less than 1 year	1 - 5 years	Total
Short-term loans from financial institutions	122,000	-	122,000
Trade and other payables	135,670	-	135,670
Lease liabilities	47,590	129,483	177,073
Total	305,260	129,483	434,743

27.2 Fair values of financial instruments

Since the majority of the Company's financial instruments are short-term in nature or carrying interest at rates close to the market interest rates, their fair value is not expected to be materially different from the amounts presented in the statements of financial position.

28. Capital management

The primary objective of the Company's capital management is to ensure that it has appropriate capital structure in order to support its business and maximise shareholder value. As at 31 December 2021, the Company's debt-to-equity ratio was 0.61:1 (2020: 1.10:1).

29. Event after the reporting period

On 17 February 2022, the meeting of the Company's Board of Directors No.1/2022 passed a resolution approving the dividend payment for the year 2021 to the Company's shareholders at Baht 0.175 per share or a total dividend of approximately Baht 70 million. The Company will further propose this dividend payment for approval to the Annual General Meeting of the shareholders.

30. Approval of financial statements

These financial statements were authorised for issue by the Company's Board of Directors on 17 February 2022.
