

FALCO 588

Directional Tread Pattern & Shoulder Block

Staggered tread blocks maximize traction and handling, improves ride comfort by reducing road noise.

Stabilize tread blocks for better braking performance and a quieter ride.

Lightning Grooves & Arrowhead Tapers

Enable better water evacuation resulting in better wet performance.

Deliver increased tread block stiffness resulting in better straight-line driving stability.

Dynamic Directional, All-Season Tread Pattern

Provides a good balance between wet traction, dry handling and performance-based looks.

PERFECT BALANCE OF DYNAMIC LOOK AND SPORT-ORIENTED PERFORMANCE
