

FORZA 001

"A" Shape & Aggressive Groove

Aggressive and dynamic thread patterns don't just deliver great looks – they also deliver superb handling, increased handling stability provides powerful traction in dry conditions.

Triple & Half Groove

Optimises overall rigidity and quickens initial steering response, take corners and brake with more confidence and control on both wet and dry road surfaces.

Wide Centre Rib and Curved Groove Wall

Stiffens instantaneously in reaction to road conditions for greater driving pleasure, strengthens lateral rigidity for precise cornering performance.

Pulse Groove and Silica Tread Compound

Provides better drainage and anti-hydroplaning performance, improved fuel efficiency and wet traction.

DELIVER A THRILLING RIDE WITH MAXIMUM PRECISION
