

Thai Steel Cable Public Company Limited  
Review report and interim financial statements  
For the three-month period ended  
31 December 2013

## **Independent Auditor's Report on Review of Interim Financial Information**

To the Shareholders of Thai Steel Cable Public Company Limited

I have reviewed the accompanying statement of financial position of Thai Steel Cable Public Company Limited as at 31 December 2013, the related statements of comprehensive income, changes in shareholders' equity, and cash flows for the three-month period then ended, as well as the condensed notes to the financial statements. Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34 *Interim Financial Reporting*. My responsibility is to express a conclusion on this interim financial information based on my review.

### **Scope of Review**

I conducted my review in accordance with Thai Standard on Review Engagements 2410, *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

### **Conclusion**

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard 34 *Interim Financial Reporting*.

**Emphasis of matter**

I draw attention to Note 2 to the financial statements regarding the change in accounting policy as the result of adoption of Thai Accounting Standard 12 *Income Taxes*. The Company has restated the financial statements for the year ended 30 September 2013, presented herein as comparative information, to reflect the adjustment resulting from such change in accounting policy. The Company has also presented statement of financial position as at 1 October 2012 as comparative information, using the same accounting policy for income taxes. My conclusion is not qualified in respect of this matter.

**Other matter**

The statement of financial position of Thai Steel Cable Public Company Limited as at 30 September 2013 (before restatement) was audited by another auditor who expressed an unqualified opinion on that statement, under her report dated 25 November 2013. The statements of comprehensive income, changes in shareholders' equity and cash flows for the three-month period ended 31 December 2012 of Thai Steel Cable Public Company Limited (before restatement) were also reviewed by the aforementioned auditor who concluded, under her report dated 11 February 2013, that nothing had come to her attention that caused her to believe that the interim financial information was not prepared, in all material respects, in accordance with Thai Accounting Standard 34 *Interim Financial Reporting*.

The statement of financial position of Thai Steel Cable Public Company Limited as at 1 October 2012, presented herein as comparative information, was prepared by the management of the Company and was not audited or reviewed by the auditor. However, such financial statement was prepared by adjusting the statement of financial position as at 30 September 2012 which audited by another auditor who expressed an unqualified opinion on that statement, under her report dated 26 November 2012.

**Thai Steel Cable Public Company Limited**  
**Notes to interim financial statements**  
**For the three-month period ended 31 December 2013**

**1. General information**

**1.1 Corporate information**

Thai Steel Cable Public Company Limited (“the Company”) is a public company incorporated and domiciled in Thailand. The Company is principally engaged in the manufacture and distribution of control cable of automobiles and motorcycles and window regulator of automobiles. The registered office of the Company is at Amatanakorn Industrial Estate 700/737, Moo 1, Tambol Panthong, Amphur Panthong, Chonburi.

**1.2 Basis for the preparation of interim financial statements**

These interim financial statements are prepared in accordance with Thai Accounting Standard No. 34 (revised 2009) "Interim Financial Reporting", with the Company choosing to present condensed interim financial statements. However, the Company has presented the statements of financial position, comprehensive income, changes in shareholders' equity and cash flows in the same format as that used for the annual financial statements.

The interim financial statements are intended to provide information additional to that included in the latest annual financial statements. Accordingly, they focus on new activities, events and circumstances so as not to duplicate information previously reported. These interim financial statements should therefore be read in conjunction with the latest annual financial statements.

The interim financial statements in Thai language are the official statutory financial statements of the Company. The interim financial statements in English language have been translated from the Thai language financial statements.

**1.3 New accounting standards**

Below is a summary of accounting standards that became effective in the current accounting period and those that will become effective in the future.

**(a) Accounting standards that became effective in the current accounting period**

Accounting standards:

TAS 12	Income Taxes
TAS 20 (revised 2009)	Accounting for Government Grants and Disclosure of Government Assistance
TAS 21 (revised 2009)	The Effects of Changes in Foreign Exchange Rates

## Financial Reporting Standard:

TFRS 8 Operating Segments

## Accounting Standard Interpretations:

TSIC 10 Government Assistance - No Specific Relation to Operating Activities

TSIC 21 Income Taxes - Recovery of Revalued Non-Depreciable Assets

TSIC 25 Income Taxes - Changes in the Tax Status of an Entity or its Shareholders

## Accounting Treatment Guidance for Transfers of Financial Assets

These accounting standards, financial reporting standard, accounting standard interpretations and accounting treatment guidance do not have any significant impact on the financial statements, except for the following accounting standard.

**TAS 12 Income Taxes**

This accounting standard requires an entity to identify temporary differences between the carrying amount of an asset or liability in the statement of financial position and its tax base and recognise the tax effects as deferred tax assets or liabilities subjecting to certain recognition criteria. The Company has changed this accounting policy in this current period and restated the prior year's financial statements, presented as comparative information, as though the Company had initially recognised the tax effects as deferred tax assets or liabilities. The cumulative effect of this change in accounting policy has been presented in Note 2 to the financial statements.

The Company's management believes that these accounting standards, financial reporting standards, accounting standard interpretations and financial reporting standards interpretations will not have any significant impact on the financial statements for the year when they are initially applied.

#### **1.4 Significant accounting policies**

The interim financial statements are prepared using the same accounting policies and methods of computation as were used for the financial statements for the year ended 30 September 2013, except for the change in the accounting policies due to the adoption of TAS 12 *Income Taxes* as follow.

##### **Income tax**

Income tax expense represents the sum of corporate income tax currently payable and deferred tax.

##### **Current tax**

Current income tax is provided in the accounts at the amount expected to be paid to the taxation authorities, based on taxable profits determined in accordance with tax legislation.

##### **Deferred tax**

Deferred income tax is provided on temporary differences between the tax bases of assets and liabilities and their carrying amounts at the end of each reporting period, using the tax rates enacted at the end of the reporting period.

The Company recognises deferred tax liabilities for all taxable temporary differences while it recognises deferred tax assets for all deductible temporary differences and tax losses carried forward to the extent that it is probable that future taxable profit will be available against which such deductible temporary differences and tax losses carried forward can be utilised.

At each reporting date, the Company reviews and reduces the carrying amount of deferred tax assets to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

The Company records deferred tax directly to shareholders' equity if the tax relates to items that are recorded directly to shareholders' equity.

## 2. Cumulative effect of the change in accounting policy due to the adoption of new accounting standard

During the current period, the Company made the change described in Note 1.4 to the financial statements to its significant accounting policies, as a result of the adoption of TAS 12 *Income Taxes*. The cumulative effect of the change in the accounting policy has been separately presented in the statements of changes in shareholders' equity.

The amounts of adjustments affecting the statements of financial position and the statements of comprehensive income are summarised below.
