

Thai Steel Cable Public Company Limited  
Review report and interim financial statements  
For the three-month period ended 31 December 2017

## **Independent Auditor's Report on Review of Interim Financial Information**

To the Shareholders of Thai Steel Cable Public Company Limited

I have reviewed the accompanying statement of financial position of Thai Steel Cable Public Company Limited as at 31 December 2017, the related statements of comprehensive income, changes in shareholders' equity, and cash flows for the three-month period then ended, as well as the condensed notes to the financial statements. Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard No. 34 *Interim Financial Reporting*. My responsibility is to express a conclusion on this interim financial information based on my review.

### **Scope of Review**

I conducted my review in accordance with Thai Standard on Review Engagements 2410, *Review of Interim Financial Information Performed by the Independent Auditor of the Entity*. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

### **Conclusion**

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard No. 34 *Interim Financial Reporting*.

**1.2 Basis for the preparation of interim financial statements**

These interim financial statements are prepared in accordance with Thai Accounting Standard No. 34 (revised 2016) Interim Financial Reporting, with the Company choosing to present condensed interim financial statements. However, the Company has presented the statements of financial position, comprehensive income, changes in shareholders’ equity, and cash flows in the same format as that used for the annual financial statements.

The interim financial statements are intended to provide information additional to that included in the latest annual financial statements. Accordingly, they focus on new activities, events and circumstances so as not to duplicate information previously reported. These interim financial statements should therefore be read in conjunction with the latest annual financial statements.

The interim financial statements in Thai language are the official statutory financial statements of the Company. The interim financial statements in English language have been translated from the Thai language financial statements.

**1.3 New financial reporting standards**

During the period, the Company has adopted the revised financial reporting standards and interpretations (revised 2016) and new accounting treatment guidance which are effective for fiscal years beginning on or after 1 January 2017. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards revision of wording and terminology, and provision of interpretations and accounting guidance to users of standards. The adoption of these financial reporting standards does not have any significant impact on the Company’ financial statements.

## 16.6 Litigation

The Customs Department conducted a post clearance audit at the Company, and accused the Company of making incorrect tariff code declarations (with lower duty rates) in import entries between 2003 and 2006. It therefore assessed import duty and VAT shortfalls amounting to Baht 17.9 million, excluding penalties and surcharges. In September 2017, the Central Tax Court delivered a judgment to revoke only the assessment of import duty and surcharges. The Company is not allowed to file a lawsuit against the Revenue Department demanding the revocation of the VAT assessment because the Company has not yet exercised its right to appeal to the Board of Appeal in accordance with Section 30 of the Revenue Code. However, the Customs Department still has the right to appeal to a special court, while the Company has the right to appeal to the special court on the VAT issue as well. As at 31 December 2017, the Customs Department and the Company are in the process of file an appeal with the special court. The Company's management has assessed the case and believes that the Company is not liable for the import duty and VAT shortfalls,

(Unaudited but reviewed)

including penalties and surcharges, because the Company correctly paid import duty in accordance with the Customs Tariffs Decree B.E. 2530. Considering legal opinions and the opinions of customs tariff experts, the declared imported products are classified according to the product definitions specified in the customs tariff schedule. The Company therefore did not record a provision for the contingent liabilities as a result of this litigation in the financial statements.

**17. Event after the reporting period**

The Annual General Meeting of the Company's shareholders, held on 23 January 2018, passed the resolution to declare the dividend for the year 2017 of Baht 0.80 per share. Since the Company's Board of Directors previously approved an interim dividend from income of the year 2017 of Baht 0.25 per share, the remaining dividend payment of Baht 0.55 per share, amounting to Baht 142.89 million, is scheduled for payment on 22 February 2018.

**18. Approval of interim financial statements**

These interim financial statements were authorised for issue by the Company's Board of Directors on 6 February 2018.
