

Report to Investors

For Q3/2016

(April 1 – June 30, 2016)

Review of Q3/2016

- Revenue from sales in Q3/2016 was 704.49 million Baht which was 26.16 million Baht or 3.86% up from the same period of last year due to the increase in Export Sales.
- Thai Automotive Industry has been growing gradually since there were increase in order from both domestic and export markets.

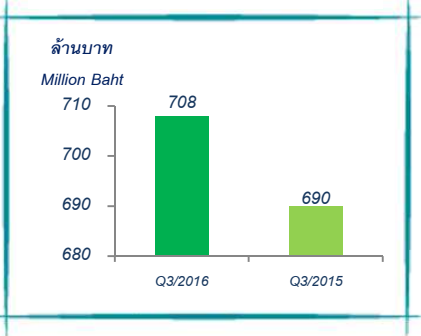

Overview

- Net Profit in Q3/2016 was 31.32 million Baht which was 21.98% dropped from 40.15 million Baht from same period of last year. Such was a result of the higher raw material cost, Selling & Administrative expenses and the lower of Other Income.
- It is anticipated that the Thai government's economic stimulus packages and export promotional campaign, and also the gradually recovery of the World economy will have a positive impact on the overall picture of the Auto Industry of Thailand and keep the industry to continue growing and remain as the key production base of the World.
