

Conference Cam CV410 Pro

Enhance your video conferencing experience with 4K EPTZ Cam

4K UHD Resolution

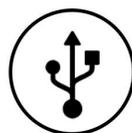

EPTZ with 10X Zoom

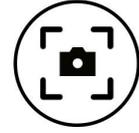

100° Wide FOV

Built-in Microphone

USB Connection

Auto Framing

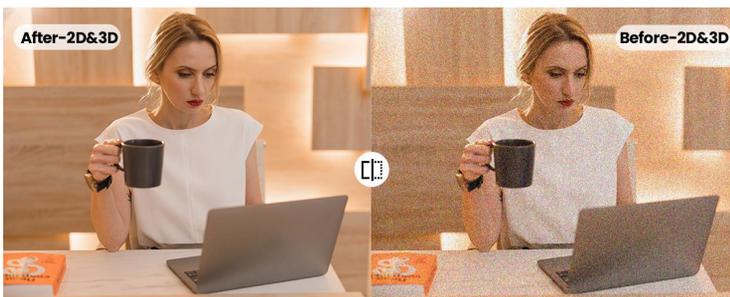

Premium video experience

UHD camera up to 4K 30fps, adopts advanced ISP processing algorithms so as to provide vivid images with evenly clear brightness, strong color layering, and fantastic color rendition.

Super wide field of view

Support 100 degrees wide field of view. Friendly for people sitting close to the camera or at the edges of the room. Don't worry about that not being able to be captured in the video.

Low Noise and High SNR

CMOS effectively ensure high SNR of camera video. Advanced 2D/3D noise reduction technology is also used to further reduce the noise, while ensuring image sharpness even in low illumination.

Auto frame

Unique facial detection technology for auto framing. The camera will intelligently zoom in or out according to the number of people in the room, making sure everyone is presented in the picture.

Immersive audio performance
Built-in 2 microphone array with acoustic echo cancellation function has up to 6 meters pick-up range. Reduce noise in surrounding, make the human voice more clear and emphatic.

USB Plug & Play

No extra adapter or driver needed. Simply plug an USB cable to your computer, and your meeting is good to go.

Use the software you love

Compatible with most of the popular video conferencing platforms: Zoom, Skype, Microsoft Teams, etc.
