

# IQMeet Conference Camera CV800 PRO

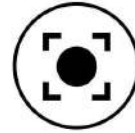

Enterprise-Grade PTZ camera for mid to large-sized rooms

HD 1080p Image

12X Optical Zoom  
16X Digital Zoom

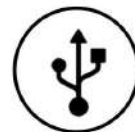

PTZ Control

PoE Support

Dual Stream

Full Function USB

## Crystal-Clear Image

Full HD 1080P Conference Room Webcam features Optical zoom lens, 1/2.8 inch high quality CMOS sensor, and up to 60fps frame rate. Even the people sitting far away can be present vividly.

## Seamless Pan & Tilt

It is PTZ Video Conference Camera with the wide-angle pan and tilt control that makes sure everyone is included in the screen, wherever they sit. The movement is so swift, smooth and quiet without any interference to the meeting.

## Video Compression to Ensure Smooth Playing

Broadcasting-grade video PTZ cameras with advanced video image processing technology support H.264 Slice and H.264 SVC coding which makes video conferencing fluent even under less than ideal bandwidth conditions.

## Low Noise and High SNR

CMOS effectively ensures high SNR of camera video. Advanced 2D/3D noise reduction technology is also used to further reduce the noise, while ensuring image sharpness.

## Full Function USB Interface

USB video webcam is easy to set up and use with simple USB connectivity. Versatile function USB interface is compatible with USB 3.0 and USB 2.0 transmission, audio and encoding output, and UVC V1.1~1.5 protocol.

## Dual Streaming With Multiple Network Protocols

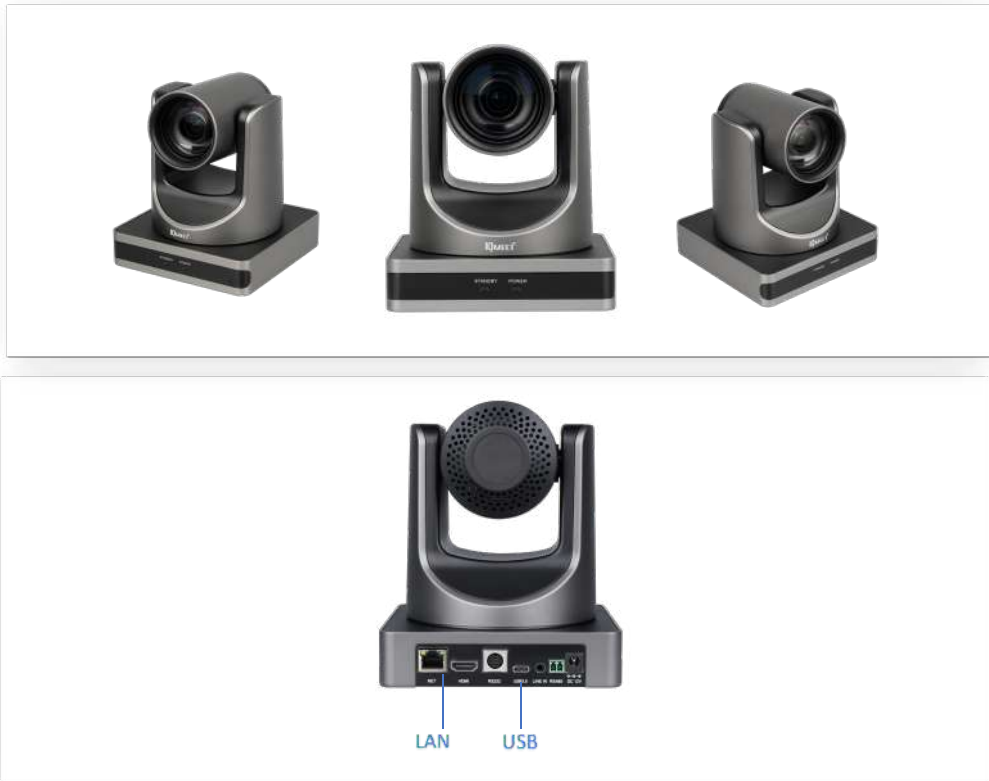

CV800 Pro, as PTZ camera for meeting live streaming, allows simultaneous two stream output (YUY2, MJPEG, H.264 each of both) and support TCP/IP, HTTP, RTSP, RTMP, Onvif, DHCP, Multicast protocol. Easily link to streaming media server and deliver live content to online platforms for viewing.

## Remote Control

PTZ camera as a conferencing solution for large meeting room are easily blend into your existing boardroom environment through RS232, RS485, network and USB port to control. Use CV800 Pro with your familiar control panel and no need to worry about compatibility.
