

## **AXIS P1435-LE Network Camera**

Compact and cost-effective HDTV surveillance for any light condition

With features such as Lightfinder and WDR – Forensic Capture, the bullet-style AXIS P1435-LE provides excellent image quality in HDTV 1080p resolution, even in complex light conditions. Axis' OptimizedIR automatically illuminates any scene taking place in complete darkness. The camera features corridor format, pixel counter, remote zoom and focus, as well as P-iris control – ensuring optimal depth of field, resolution, image contrast and clarity. The I/O port can be used for notification to an alarm panel or control of a relay. Axis' Zipstream technology reduces bandwidth and storage requirements. The outdoor-ready camera comes with an adjustable weather shield.
