## **PRODOTTI INDUSTRIALI S.P.A.**

*A RELIABLE NAME IN FLANGES*

A photograph of a modern industrial building during sunset. The building features a multi-story glass facade with dark frames, red brick vertical columns, and a light-colored wooden or metal panel section. The sky is clear and blue.

# METALFAR

PRODOTTI INDUSTRIALI S.P.A.

Ad oltre cinquant'anni dalla fondazione, abbiamo il piacere di presentare questa brochure che illustra alcuni aspetti della nostra attività.

I nostri prodotti vengono utilizzati nella costruzione di importanti impianti petroliferi, petrolchimici e nucleari; di pozzi petroliferi e piattaforme marine; di impianti alimentari e per la lavorazione della birra e del vino; di metanodotti e di oleodotti.

Esportiamo da molti anni verso le Americhe, il Continente Africano, i Paesi del Medio-Oriente, il Sud Est Asiatico, l'Australia e l'Europa.

Siamo orgogliosi di mantenere ancora oggi intatta la stima dei nostri clienti italiani che per primi ci hanno dato fiducia e sostegno quando abbiamo mosso i primi passi nel lontano 1961.

Abbiamo incominciato con serietà ed impegno cercando di offrire un servizio ai clienti valido sia come prezzo che come qualità ed abbiamo ottenuto in breve tempo il riconoscimento che ci ha permesso di operare serenamente durante tutti questi anni.

Oggi Metalfar si estende su una superficie di circa 60.000 mq. di cui circa la metà sono coperti. I moderni macchinari sono in grado di produrre materiali di alta qualità in tutti i tipi di acciaio.

Ringraziamo i collaboratori e tutti i lavoratori che in questi anni di serio lavoro hanno contribuito a creare una Società fondata su solide basi di conoscenza tecnica e di introduzione commerciale presso i più importanti utilizzatori del mondo.

Guardiamo al futuro con tranquillità ed impegno, uniti nel comune intento di consolidare sempre più la nostra posizione nel mondo.

*Over half a century since the founding of Metalfar, we are proud to present an updated description of our activities.*

*Our products, have been utilized throughout the world in the petrochemical, oil, and nuclear power industries, as well as in the construction of oil and gas pipelines and water treatment plants. In addition we regularly serve the international food and wine industries.*

*Today we can claim a truly worldwide market for our products, as we export a large proportion of our production throughout the globe – from the Americas to Africa, the middle East and Southeast Asia, as well as Europe.*

*However, we still take pride in our continued service to our Italian customers, who were the first ones to show confidence in Metalfar at the dawn of our activity in 1961. To all of our customers we express sincere gratitude as we continue our pledge of good service and high quality at a competitive price for the years to come.*

*Today Metalfar has premises extending over 600,000 square feet, of which some 300,000 are covered, producing carbon, alloy and stainless steel material to all grades and standards.*

*Metalfar is conscious of the necessity to continuously update and improve its machinery and to take full advantage of the technical achievements of our times, in order to maintain the highest level of production and competitiveness. We would like to take this opportunity to thank all of our associates and employees who have helped us in the growth of the company, and we are confident that we can look forward to continuing success in the future.*

Gli stabilimenti della Metalfar sono situati a Cesana Brianza, nel cuore di una regione rigogliosa e fertile, 40 Km a nord di Milano. La grande disponibilità di superficie permette alla Metalfar di realizzare la sua attività di graduale espansione al servizio della qualità.

*30 miles north of Milan in Cesana Brianza, Metalfar's facilities lie in the heart of an area renowned for its natural beauty. The property leaves ample space for future expansion and modernization.*

Oltre all'attività principale delle flange, Metalfar produce raccorderia forgiata, valvole forgiate e particolari a disegno.

La produzione degli stampi e delle attrezzature viene effettuata nei nostri stabilimenti, assicurando così la massima affidabilità e qualità per tutti i nostri prodotti.

Metalfar è conosciuta sul mercato come una delle realtà più consolidate; la capacità produttiva è di oltre 45.000 tonnellate annue ottenuta da materie prime di alta qualità.

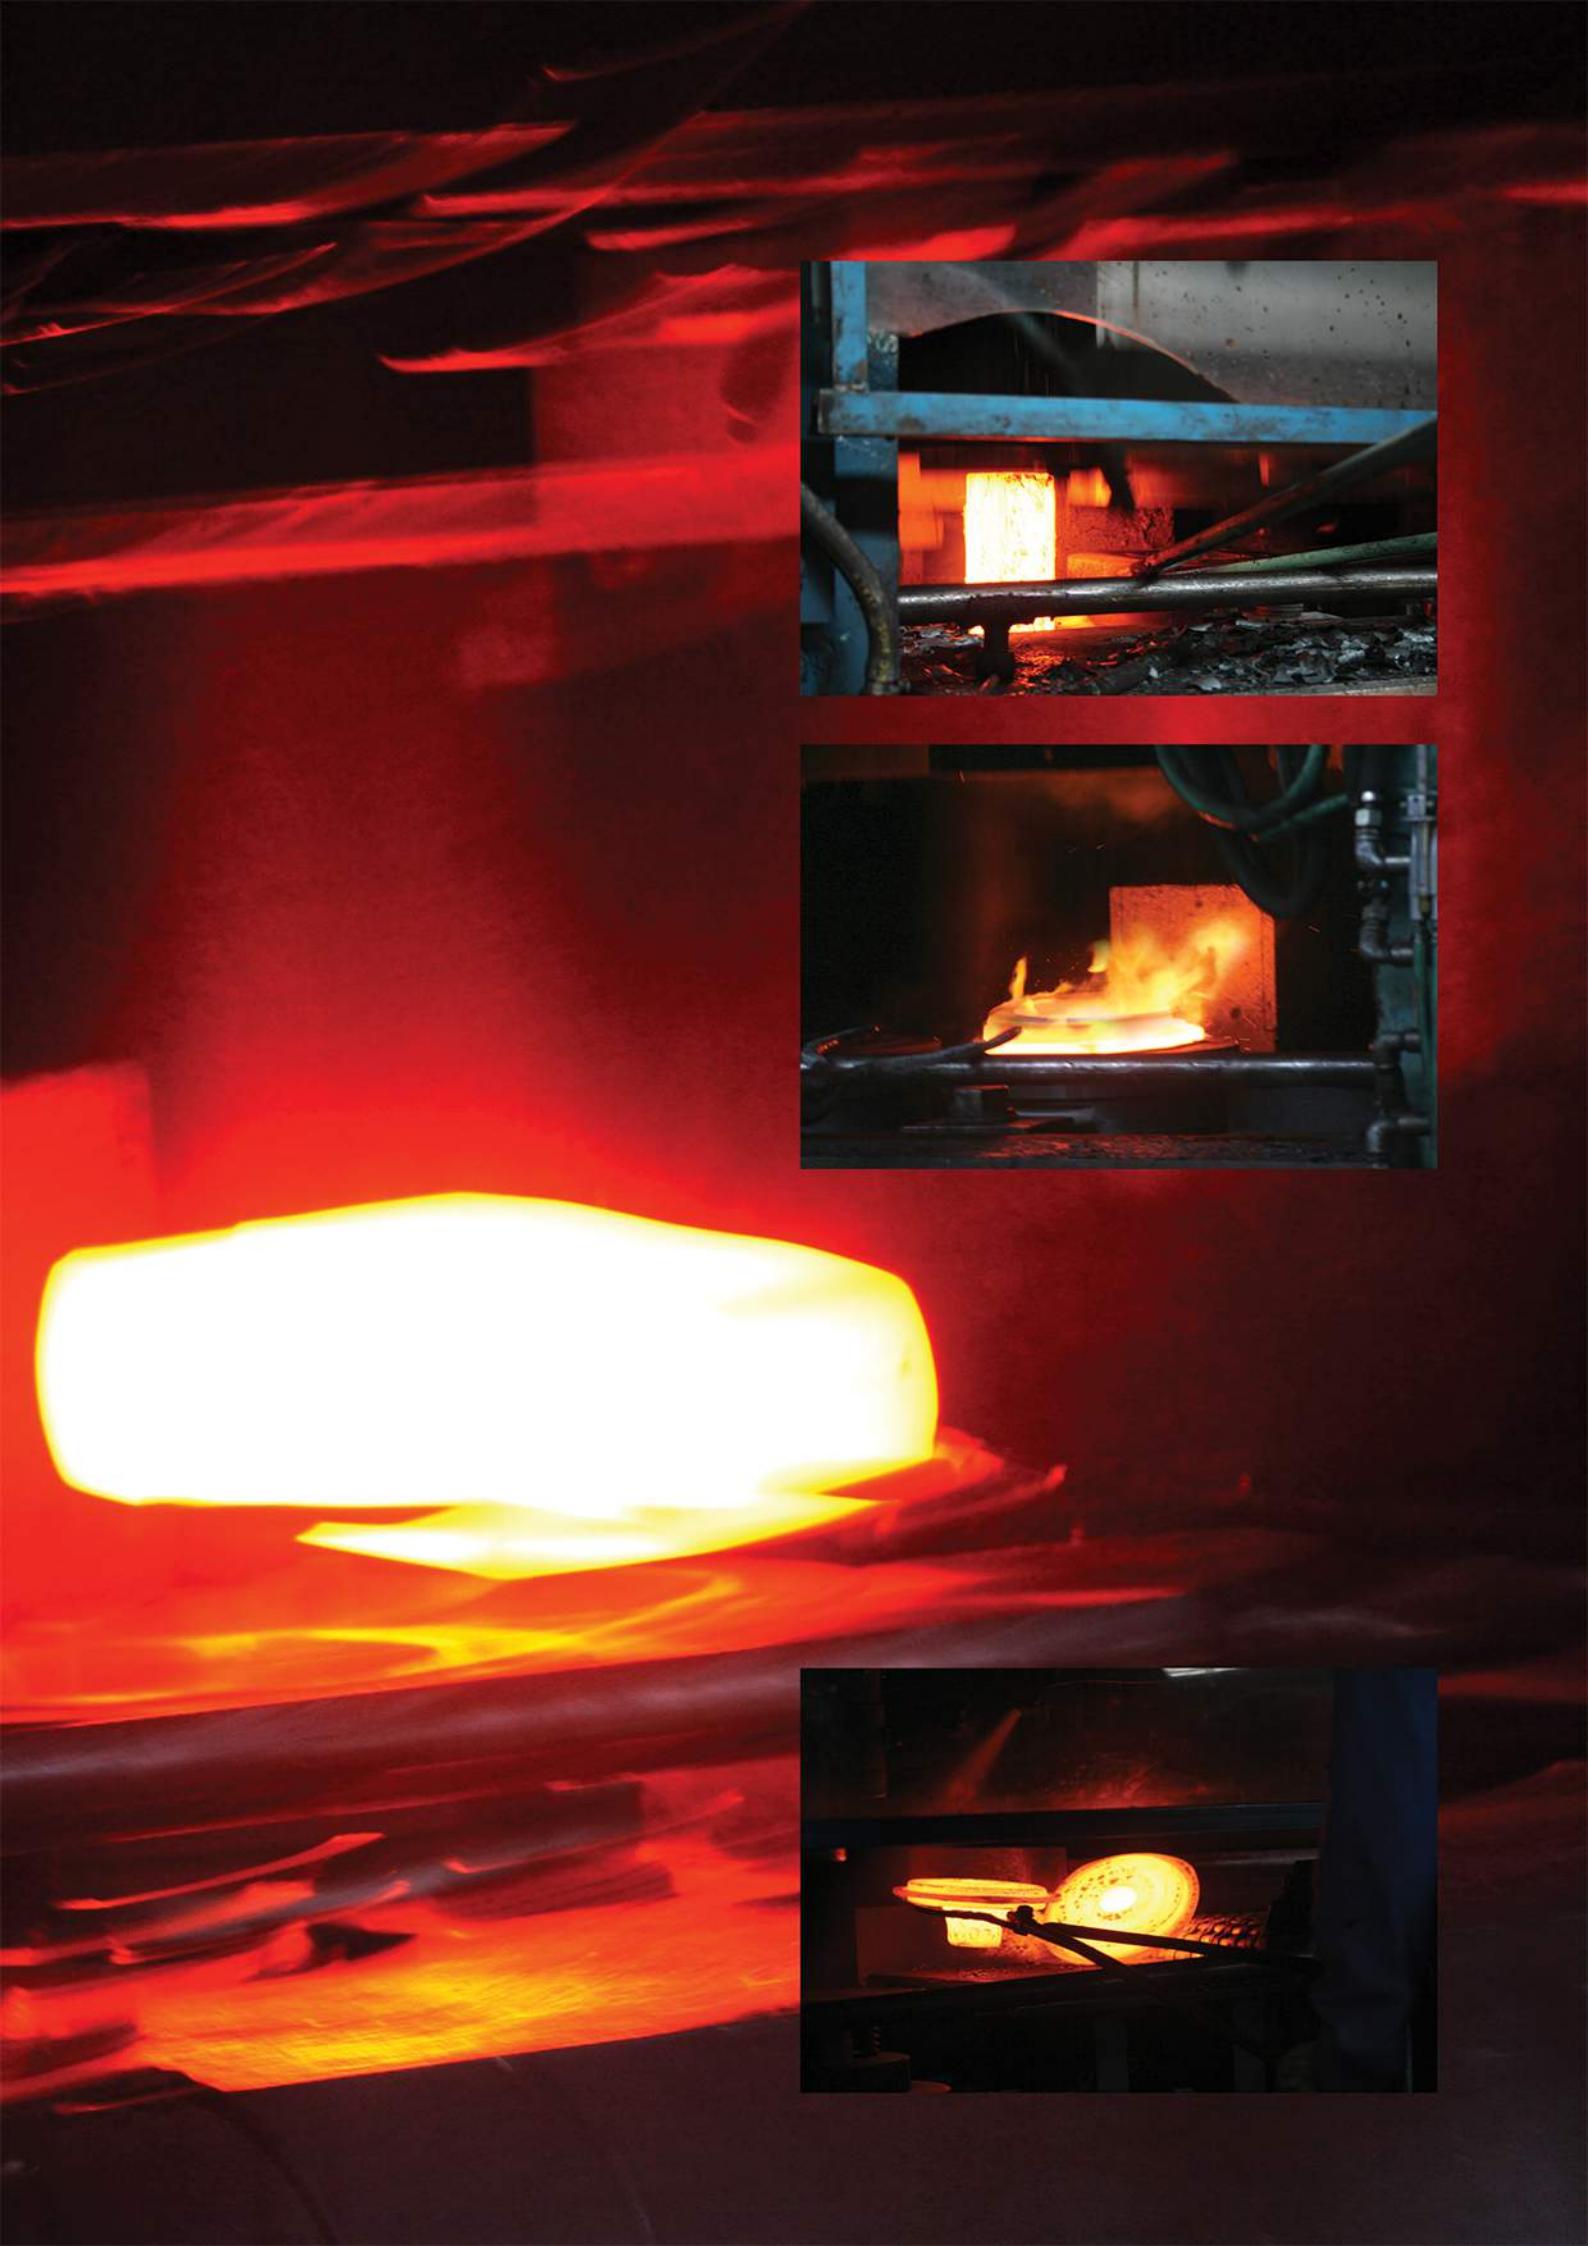

*In addition to the primary activity of flanges production, Metalfar manufactures forged steel fittings, forged valves and custom pieces forged to customers' drawing.*

*All dye and tooling equipments are made in-house to assure to highest consistency and quality in all our products.*

*Thanks to a large high quality raw material stock, we have an annual production capacity of 45.000 Tons a year.*

*Today Metalfar is known to be one of the most efficient and expanding Company in the steel industry.*

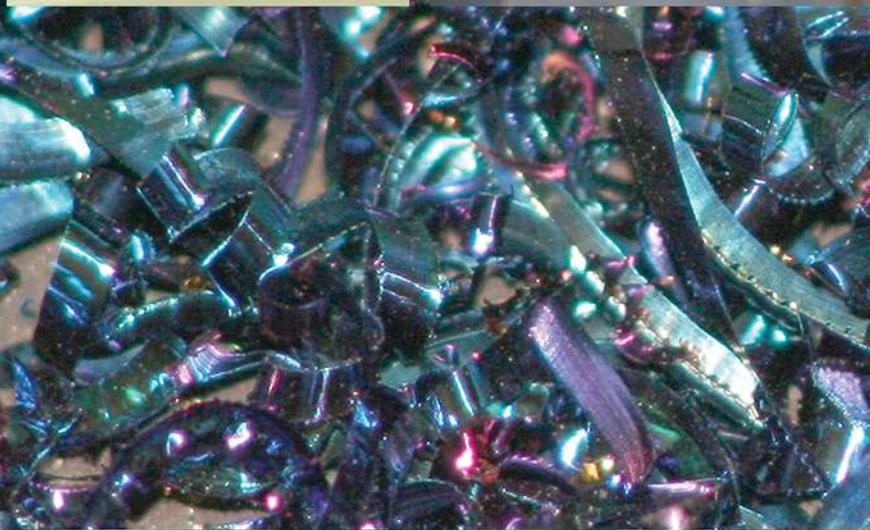

Come risultato del nostro costante impegno a livello di tecnologia, di controllo qualità e di efficiente organizzazione commerciale, i nostri prodotti conoscono, a livello globale, una sempre maggiore diffusione.

*Our commitment to efficiency, high technology, quality control and a sound commercial organization dedicated to service, have contributed to an increasingly wider distribution of Metalfar products throughout the word.*

La disponibilità di macchinari moderni e di attrezzature adeguate permettono di ottenere un prodotto che, dopo le diverse procedure di lavorazione, può essere sottoposto alle più severe prove di collaudo. Le fasi di ricezione materiali, taglio, riscaldo, forgiatura, trattamento termico, lavorazione meccanica, marcatura ed imballo sono eseguite in accordo al Sistema di Qualità che interviene nelle diverse fasi di fabbricazione, ed è certificato UNI EN ISO 9001:2000.

La continua ricerca ed attenzione ai problemi ambientali ha spinto Metalfar a regolamentare la propria attività nel rispetto delle più moderne normative in vigore.

Metalfar ha conseguito di recente la certificazione ISO 14001:2004. Metalfar è inoltre approvata dai principali Enti di collaudo internazionali.

*The efficient use of modern technology, combined with a rigorous production and inspection system, ensures a reliable delivery performance and a guaranteed quality of product.*

*Our Quality Control System is UNI EN ISO 9001:2000 approved. Such system is apparent at every stage of the production process – from checking incoming raw material, to cutting and forging operations, heat treatments, machining, marking and packing.*

*The continuous research and attention to environmental problems has pushed Metalfar to regulate its activities in accordance with the latest regulations.*

*Metalfar achieved recently ISO 14001:2004 certification.*

Il laboratorio analisi chimiche e prove meccaniche, attrezzato con apparecchi sofisticati e moderni, permette e facilita il costante controllo della produzione.

I nostri moderni magazzini hanno una disponibilità di circa 1 milione di pezzi in tutti i tipi di acciaio.

L'imballaggio e la spedizione assicurano che tutti i prodotti siano pronti per essere consegnati a destinazione.

*Our laboratory is fully equipped with the most modern testing instruments and state-of-the-art facilities for chemical, mechanical and non-destructive testing.*

*Metalfar is recognized and approved by service-inspecting authorities who have access to all stages of production.*

*Our modern warehouse stocks of over 1 million pieces in all sizes and grades of material and our packing and shipping department ensures that all our products are prepared in such a manner that provides for proper protection of finished products.*

## DNV BUSINESS ASSURANCE MANAGEMENT SYSTEM CERTIFICATE

Certificato No. / Certificate No. CERT-00005-90-AQ-MIL-SINCERT

Si attesta che / This is to certify that

**METALFAR PRODOTTI INDUSTRIALI S.p.A.**

Via G. Parini, 28 - 23861 Cesana Brianza (LC) - Italy

è conforme ai requisiti della norma per i sistemi di gestione:  
has been found to conform to the management system standard:

UNI EN ISO 9001:2008 (ISO 9001:2008)

Questa Certificazione è valida per il seguente campo applicativo:  
This Certificate is valid for the following product or service ranges:

*Costruzione di flange, raccorderia e corpi valvole in acciaio al carbonio legato  
ed inossidabile duplex e super alloys (Settore EA : 18)*

*Manufacture of carbon, alloy and stainless flanges, fittings and valve bodies,  
duplex and super alloys (Sector EA : 18)*

Data Prima Emissione/Initial Certification Date:

**1990-11-30**

Il Certificato è valido fino al:  
This Certificate is valid until:

**2015-11-29**

L'audit è stato eseguito sotto la supervisione di:  
The audit has been performed under the  
supervision of:

**Amilcare Governi**  
Lead Auditor

Luogo e Data/Place and Date:

**Agrate Brianza (MB), 2012-11-28**

Per l'Organismo di Certificazione:  
For the Accredited Unit:

**Zeno Beltrami**  
Management Representative

La validità del presente Certificato è subordinata al rispetto delle condizioni contenute nel Contratto di Certificazione.  
Lack of fulfillment of conditions as set out in the Certification Agreement may render this Certificate invalid.

DNV NORDE VETTAI SULLA MEL - CENTRO DIREZIONALE COLLEGNO - PIAZZA S. BARTOLOMEO, 1 - 23041 AGRATE BRIANZA (MB) - TEL. 0344/9103 - WWW.DNV-NORD.COM

Certificate No : MD00/2937/0004/3

**METALFAR PRODOTTI INDUSTRIALI S.p.A.**  
Via G. Parini, 28  
23861 Cesana Brianza (Lecco)  
Italy

has been approved as a manufacturer in accordance with the requirements of  
Lloyd's Register for :-

**Forgings in carbon, carbon-manganese, alloy and austenitic stainless  
steel  
( maximum weight 70 Kg )**

This approval is subject to compliance with the Rules for the Manufacture, Testing  
and Certification of Materials.

Lloyd's Register is to be notified of any change that may affect the validity of this  
Certificate.

This Certificate is issued to the above manufacturer and is valid until the date  
given below.

Valid Until : 06 June 2014  
Date of Issue : 03 August 2011

**John D Evans**  
Specialist to Lloyd's Register EMEA  
A member of the Lloyd's Register Group

Lloyd's Register, its affiliates and subsidiaries and their respective officers, employees, or agents are individually and collectively:  
referred to in this clause as the "Lloyd's Register Group". The Lloyd's Register Group assumes no responsibility and shall not be  
liable to any person for any loss, damage or expense caused by reliance upon the information or advice in this document.  
However, the Lloyd's Register Group will not be liable for any damages arising from the use of the information or advice contained in this document  
unless it is proved that the damages were caused by the gross negligence or wilful misconduct of the Lloyd's Register Group.  
In no event will the Lloyd's Register Group be liable for any indirect or consequential damages.

## CERTIFICATE

Certification Body  
of TÜV NORD Systems GmbH & Co. KG

certifies that the company

**METALFAR PRODOTTI INDUSTRIALI S.p.A.**  
Via G. Parini, 28  
I - 23861 Cesana Brianza (LC)

has been verified and recognized as material manufacturer according to

**AD 2000-Merkblatt W0**

**Certificate-No.: 07-202-1326-WP-1691/12**

The range of validity and details of the inspection can be taken from  
our Letter of Confirmation no. 1326W/201210/MFF (9080AW\_1691/12).

The company fulfills the following essential requirements:  
Facilities permitting appropriate manufacturing and inspection corresponding to the present  
technical standards, quality assurance, which guarantees that manufacturing and inspection of products stated  
in our scope of approval are carried out in accordance with technical regulations,  
competent supervising and inspecting personnel.

This certificate is valid until

**July 2015**

Hamburg, 2012-07-16
