MINIMALIST DOORS

Meticulously crafted with attention to detail: five compelling reasons to select us.

NO.1

Employing a top-mounted sliding rail system, the rail is affixed to the ceiling, yielding a more visually appealing appearance. **(Because there are no floor tracks to hinder the view.)**

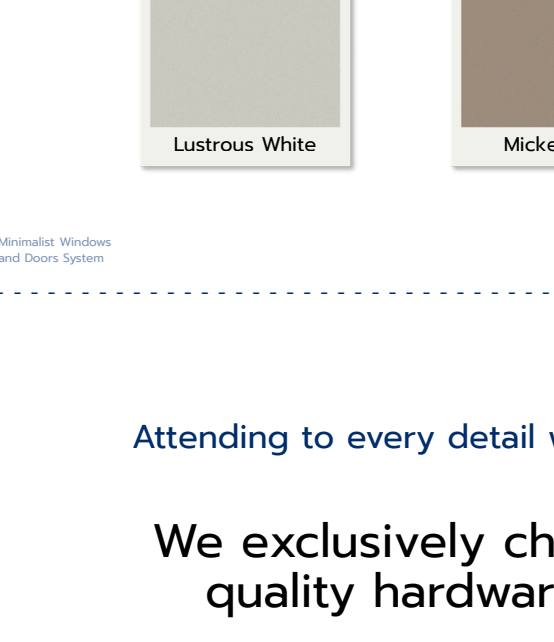

NO.2

Convenient to open and close, simple to clean, and easy to maintain.

NO.3

It occupies minimal space and does not utilize floor area, as it is a suspended rail system. **Saves even greater space than previously.**

NO.4

Elegant and aesthetically pleasing, adaptable for daily applications.

NO.5

A standard one-way shock absorption system is installed. Optional accessories are available from the OPK (Oupaiike) brand. **Secure and resilient**
