Product details(Product Specifications)

- Frame cross-section: 2 rails measuring 133 mm / 3 rails measuring 200 mm
- Frame width: Side frame 65 mm / Central panel 28 mm
- Material: Aluminum alloy (6063-T5 and 6063-T6)
- Aluminum thickness: Frame 2.0 mm / Panel 3.0 mm
- Glass: 5mm + 27A + 5mm
- Hardware: SZ HOPO, Oaasm, Staforce, Cmech
- Structural System: Multi-Chamber Thermal Break Framework
- Energy Efficiency: Thermal Break Material PA66GF25
- Sealing system: HAIDA three-layer rubber seal.
- Powder coating specifications: AkzoNobel powder coating (premium, world-class quality).
- Insect screen: 0.6 mm stainless steel (Optional: High-density PET mesh)

Size Limits

- Width (W): Ranging from 800 mm to 3,000 mm
- Height (H): Maximum of 3,500 mm

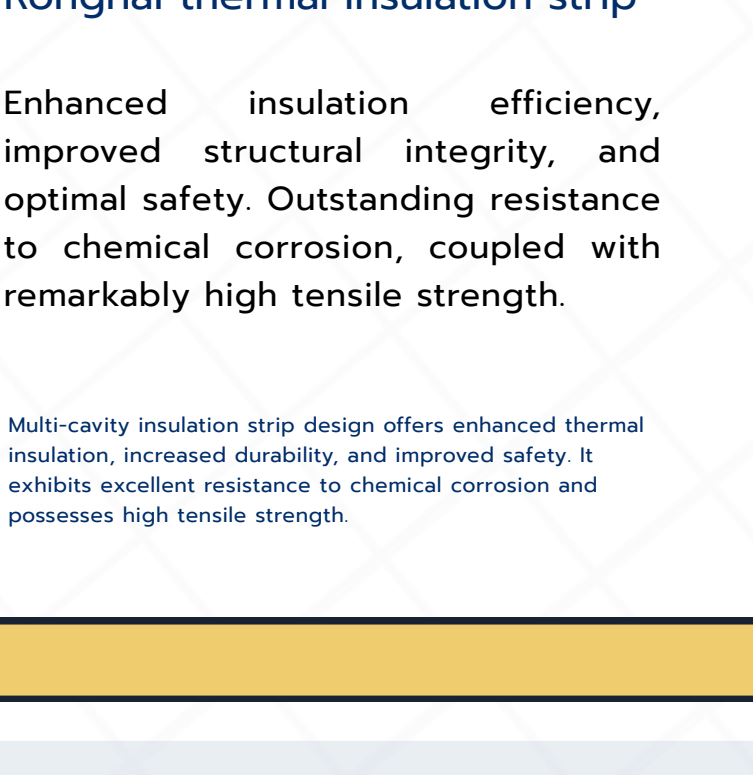

(H): Not to exceed 3,500 mm

Activation techniques

Minimalist aesthetics

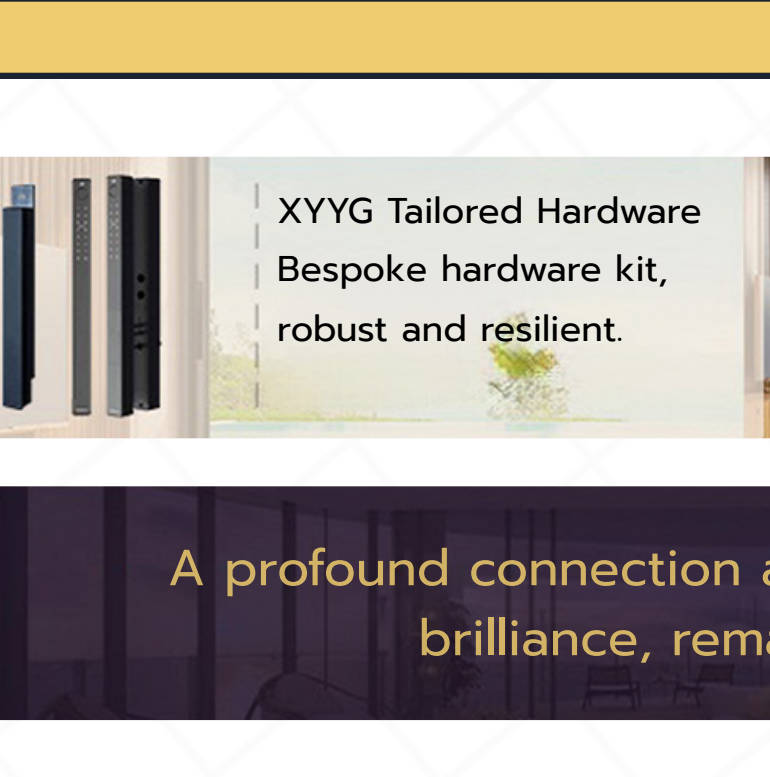

Minimalist Aesthetic

Experience unobstructed panoramic vistas through expansive glass panels measuring up to 8 square meters.

Minimalist design with an oversized dimension is easy to manage.

Security framework

It can be accessed through multiple methods, including fingerprint recognition, an application, a password, or a key, and incorporates a multi-point locking system to ensure optimal security against theft.

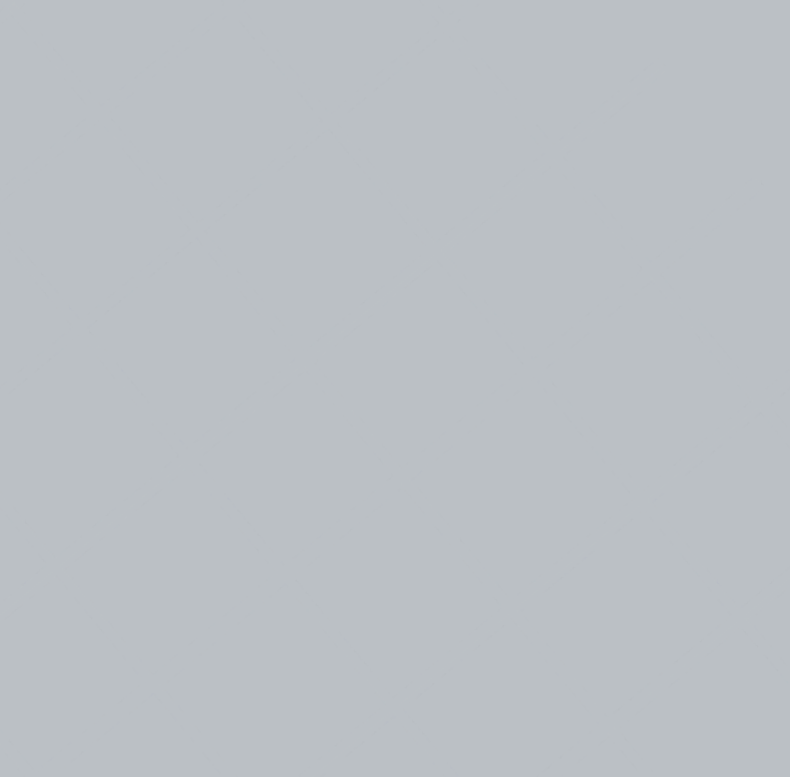

Diverse opening styles

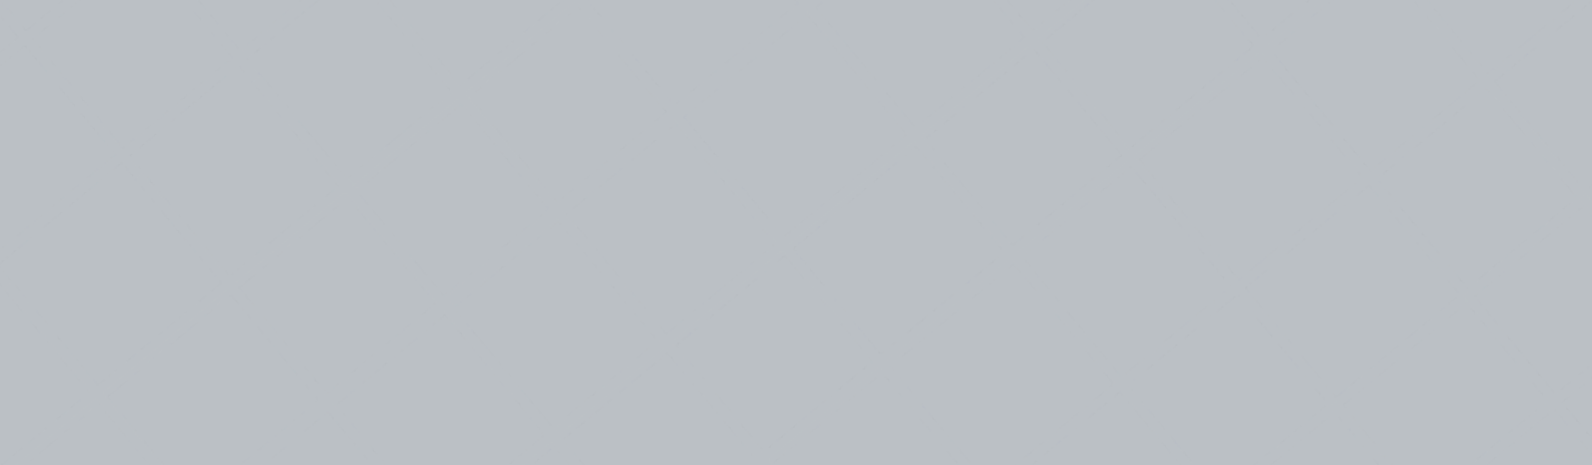

Available in both manual pull and electromagnetic configurations, with choices for step-profile tracks or barrier-free flush tracks, ensuring a seamless aesthetic that enhances any interior design style.

Ronghai thermal insulation strip

Enhanced insulation efficiency, improved structural integrity, and optimal safety. Outstanding resistance to chemical corrosion, coupled with remarkably high tensile strength.
