Designed to make you feel at home

sentida nursing home beds with a hotel design

We want to make sure your residents feel as comfortable as possible in a nursing home bed – they should feel at ease in their bed and room.

With our new upholstered beds made from high-quality materials from reputable partners we offer an excellent surface material. The surfaces impress on an international scale with their enormous variety of applications in the interior design of high-quality living and contract sectors, particularly in the medical sector. Perfectly coordinated collections and innovations allow padding solutions, furniture fronts and floor panels of all kinds to be combined into a single unit. Above all they are a hit due to their longevity and therefore represent real quality.

wissner-bosserhoff is a byword for high-quality beds and furniture solutions in retirement homes, in-patient and day patient nursing homes, hospitals and medical centers.

We set new standards –
see for yourself on the following pages.
Personal care in a pleasant atmosphere.

Living concept Forest

There is almost nothing so relaxing as a walk in the forest. The fresh air and the lush shades of green and brown refresh and invigorate us and help us clear our heads. This has even been scientifically proven: Japanese researchers have discovered that walking through the forest reduces blood pressure and heart rate. In addition, adrenaline levels are lower than after a walk in a city. This concept is just a suggestion – we will happily give you individual advice.

Living concept Sea

The taste of salt on your lips, wind in your hair and warm rays of sun on your skin. A day on the beach gives a feeling of peace and harmony. Close your eyes, listen to the waves, breathe in the fresh sea air and the vacation feeling of well-being quickly sets in. This concept is just a suggestion – we will happily give you individual advice.

Living concept Country

Caught up in the hectic of everyday life, many people long for a life in the country. Colorful flower meadows, sweet-smelling roses, shady trees and babbling brooks provide fresh air and a place to unwind from everyday life. Yet only a very few people own a country house. Often just the right colors and accessories are enough to provide a little country flair. This is just a suggestion – we will happily give you individual advice.

Living concept Urban

More and more people choosing to forgo retiring to a quiet cottage in the country and are instead choosing to spend their time in the city surrounded by life and culture. Retiring in the city is not about relaxing in tranquillity after years of hard work but about making the most of new found freedom, experiencing new things, forging new friendships and re-discovering yourself in the heart of the ever changing urban landscape. This is just a suggestion – we will happily give you individual advice.
