

A woman with her hair in a bun, wearing a white strapless towel, stands in a wooden sauna. She is holding a light-colored wooden handle with the brand name 'TYLO' visible on it. In the background, there are wooden benches and a metal bucket with a wooden handle. The text 'Product catalogue Harmony sauna room' is overlaid on the right side of the image.

SAUNA ROOM FOR WELL-BEING

Prefabricated quality concept

Tylö's ready-made Harmony sauna room is the solution if you want an easy and convenient route to a sauna of your own. There will be no mess and no long and tedious weeks of fitting and building - your sauna will be delivered in a way that makes installation both quick and easy, making minimum impact on your bathroom or spa area. Installation takes only a day or two, and the end result is a beautiful sauna with no visible fixings, nails or joints. You can plan and configure your own Tylö Harmony sauna room with our easy-to-use online tool or with the help of your local Tylö dealer.

Lots of sauna for your money, Customised standard

Buying a sauna from Tylö is simple. Our Harmony sauna rooms can easily be customised to suit your requirements with regard to size and position. Decide what type of wood you want for the walls and interior fittings, as well as how much glass surface you want for your sauna room. Then you add the sauna heater that best suits your needs, and finally a control panel.

How to order your ready-to-assemble Harmony sauna room

SELECT YOUR BASIC DESIGN

1. Select which model and layout you want

All models come in a choice of three types of wood: Spruce, aspen or thermo aspen. The latter is a heat-treated aspen with a slightly darker tone.

2. Decide if you want a soffit or not

Soffits come with built-in Downlights LED.

3. Decide on the size of your sauna room

Harmony sauna rooms are available in a variety of sizes, from 1160 x 1160mm to 2435 x 2435mm.

4. Select the type of wood for the outer and inner panels

Spruce

Aspen

Thermo Aspen

5. Select door type/glass

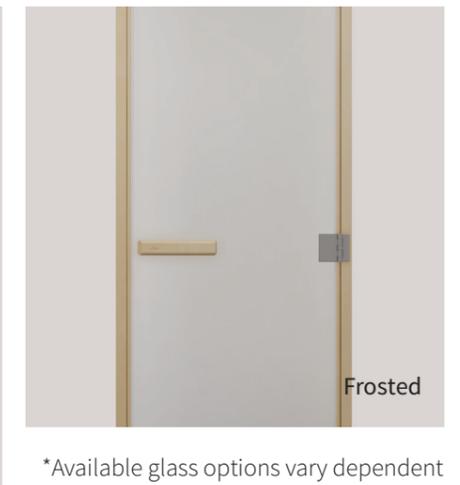

Chose between clear glass, tinted or frosted*.

Clear glass

Tinted

Frosted

*Available glass options vary dependent on the sauna room model selected

CREATE A FEELING OF COMFORT

6. Select your preferred bench design

E68, aspen Wide-slat interior in aspen.

ESR, aspen Narrow-slat interior in aspen.

ESR, alder Narrow-slat interior in alder.

E68 Pro, aspen Wide-slat interior in aspen with reinforced construction. For larger parties.

ESR Pro, aspen Narrow-slat interior in aspen with reinforced construction. For larger parties.

ESR Pro, alder Narrow-slat interior in alder with reinforced construction. For larger parties.

7. Select skirting panel for your benches

You can choose to have benches with or without skirting panels.

8. Select your backrest

You can choose to have your sauna room with or without backrest and with or without background lighting.

ADD THE TECHNICAL COMPONENTS

9. Select your sauna heater and control panel

All our heaters and other products can be found on tylo.com. Your local Tylo dealer can also assist you.

Quality of life
Everything you
need is included

Upgrading your bathroom or spa area with a Harmony sauna room will add a sense of luxury to your every day life. With exquisite craftsmanship and rigorous attention to detail, our designers have created the Harmony sauna room as an option for the true bon vivant looking for a convenient way to get a beautiful and versatile sauna to enjoy at home.

QUICK, EASY AND CONVENIENT

A dream project

Installing your new Harmony sauna can be done in less than a day. The smart, prefabricated modules are easily assembled with no visible joints or fixings, and everything has been prepared for electrical systems and ventilation. The installer will only need a few hours to put everything in place, before your new sauna is ready to be used and enjoyed for decades to come.
