4000 ANSI LM Brightness

Superior Laser Lighting
4,000 lumens high brightness provides the ability to project crystal clear, vibrant images from a long distance on a large screen even in daytime indoors.

Wireless Projection

Wireless Projection
Paring with default Acer wireless dongle[1], you will be able to skip the cable and project from your smartphone, laptop or PC via wireless signal. Screen Mirroring[2] support allows quick and seamless screen-mirroring without installing extra app.

Wireless dongle is required for wireless projection. Additional devices must support Miracast technology.
