

## PTFE sheet gasket : Model VALQUA No.GF300

**Product name : BLACK HYPER**

### **Feature 1 :**

This is a high-performance non-asbestos sheet gasket ideal for utility lines using water vapor and oil.

### **Feature 2 :**

These comply with the Food Sanitation Law.

### **Applicable fluid :**

Water, sea water, hot water, steam, Crude oil, alcohol, animal and vegetable oils, thermal oil, General solvents, weak acid, weak alkali, Air, Nitrogen gas, Inert gas, Exhaust gas, Flammable gas, Cryogenic fluid.

### **Inappropriate fluid :**

Oxidizing acid, to burn like oxygen, Polymerizable monomer, Strong alkali, Poisonous, Hydrofluoric acid.

### **Application :**

Cover flanges, nozzles and other joints for pipe flanges, valve bonnets, towers and tanks, ovens, pressure vessels, and heat exchangers in factories, electric power plants, oil refineries, steel plants, and ships.

### **Main component :**

PTFE, Silica, Graphite.

### **Color / print :**

Dark-grey/Black

<b>Temperature (°C)</b>	<b>Pressure (MPa)</b>
