DISCOVER NEW IDEAS AND GET INSPIRATION FOR TOMORROW

Southeast Asia is one of the fastest-growing regions in the world and offers good investment conditions. According to experts, the GDP of the ASEAN countries is set to rise from \$ 2.3 trillion to \$ 10 trillion by 2030. The automotive industry will have a large share of this, with Thailand and especially Bangkok a prominent role as a hub of this region. Suppliers from the die casting industry already gather in the ASEAN region to participate from this growth.

As part of Metal AP NürnbergMesse is hosting the EUROGUSS ASIA PACIFIC conference. The conference is an excellent platform to anticipate new trends, receive market information, and exchange ideas for your daily work.

PROGRAM

11:00 AM	Welcome / Mr. Christopher Boss (NürnbergMesse GmbH, Germany)
11:05 AM	Welcome / tbc. (German Thai Chamber of Commerce)
11:10 AM	Welcome / Mr. Rungkamchon Wannasai (Thai Foundry Association)
11:15 AM	Idra Die Casting machines, application on large size thin wall parts, 5G Powerparts, battery housings and structural components / Mr. Paolo Romani (IDRAGROUP S.r.L., High pressure diecasting machines, Brescia, Italy)
11:35 AM	Puzzle die, a longlife die concept, with particular reference to automotive structural components and others thin wall components of size / Mr. Andreas Kant (COSTAMPGROUP S.p.A. Sirone (LC), Italy)
11:55 AM	Thermoregulation for structural castings / Mr. Federico di Giovanni (IECI S.r.L., Passirano (BS), Italy)
12:15 PM	Lunchbreak
1:00 PM	EEC: a prime location for your future investment in auto industry / Ms. Nongnuth Phetcharatana (Eastern Economic Corridor - EEC, Thailand)
1:20 PM	BOI's service and incentives for attracting investment / tbc. (Thailand Board of Investment)
1:40 PM	Vacuum integration on the production of 5G, battery cases and structural parts / Mr. Jerome Salvador Honorio (FONDAREX S.A. Saint-Legier, Switzerland)
2:00 PM	Trimming of large automotive structural components and others / Mr. Ivano Scalvenzi (MECCANICA PIERRE S.r.L., Bedizzole (BS), Italy)
2:20 PM	Challenges in spraying of structural casting dies on higher tonnage diecasting machines / Mr. Markus Maille (WOLLIN GmbH, Lorch, Germany)
2:40 PM	SmartCMS_The brain of the digital cell / Mr. Robin Lu (Bühler DC Asia, Switzerland)
3:00 PM	Modeling and Simulation of Complex Metal Casting Processes / Mr. Dr. Amir Isfahan (FLOW-3D CAST, USA)
3:30 PM	End of the Conference

Register for the conference and Metal AP for free:

You can register free of charge for EUROGUSS ASIA PACIFIC.
With this ticket you can also visit METAL AP from
12 – 14 December 2019.
