Information & Warranty

Information

High Quality ABS plastic :
"HOY" rinsing spray head is made of high quality ABS plastic to ensure durability and prevent leakage from crack.

Water Lock :
Trigger can be adjusted upward and locked to maintain continual water flow for extra cleanliness.

Soft and Easy Touch :
Soft touch trigger enhances control and allows gentle water pressure.

360° rotatable :
The sprayer is designed to be 360 degrees rotatable with non-kink hose when in use.

All spare parts are replaceable :
Extend the product life with available spare parts for all parts. Easy installation and low maintenance cost for your most valuable choice of products.

5 year warranty covers for non leakage
*5-year warranty for non leakage under normal use.

Stainless Steel grade 304 :
304 stainless steel cap provides impact resistance.

Stainless steel plate cap and silicone rubber :
The cap is made of stainless steel grade 304 with silicone rubber for easy cleaning by squeezing the tiny buttons.

Compact size :
Jolly is designed to be compact for simple installation, and adjustable for wide range of sprinkle.

Adjustable hanger :
The hanger is adjustable to fit all sizes for usage convenience.

Warranty

Warranty Condition :

The guarantee covers product with defect from production or malfunction from proper use according to product specification capacity and instruction manual only. V.R.Union Co.,Ltd. will compensate for defect with the same product or equivalence.

* Warranty condition is mentioned on product package.

The guarantee does not cover on following conditions :

1. Improper or wrong installation from the installation instruction.
2. Malfunction and damage caused by inappropriate care or misuse or damages from using in public places such as hotels, schools, department stores, industrial plants, etc.
3. Indirect damage from installation, withdrawal and removal.
4. Expense from delivery for product return and/or compensation.
5. Malfunction and damage caused by use of wrong purpose and/or adaptation or modification of product.
6. Use with underground water, hard water, dirty water and/or acid-alkaline contaminated water.
