

4U 19" Rack Mount Patch Panel Cabinet Chassis for PLC Splitter LGX/Cassette Type

RackCassette-02

Product Summary

4U 19" Rack Mount Patch Panel Cabinet Chassis for PLC Splitter LGX/Cassette Type 16 Slots. It widely used in FTTx, EPON, BPON, GPON. Suitable to mount PLC Splitter LGX/Cassette Type 1xN 2xN PLC splitter, good performance, high reliability and stability , superior environmental and mechanical characteristics, and fast installation. They also enable more effective monitoring and management of fiber optical networks.

Features & Benefits:

- 4U Racks & Enclosure 16 slots for LGX/Cassette PLC Splitter
- Excellent Environmental Stability
- Excellent Mechanical
- Good uniformity and low insertion loss
- Low Polarization Dependent Loss
- Stability Telcordia GR-1221 and GR-1209

Specifications:

Item	Technical Parameter
Model:	RackCassette-02
Rack type:	Racks & Enclosure
Dimensions :	485x200x176mm
Chassis slot:	16 slots
Material:	Cold steel
PLC splitter type:	LGX/Cassette PLC Splitter
Material:	Cold steel
Color:	Gray
Fiber optic type:	Single mode or Multi mode
Size of chassis:	4U
