

# Venus Classic CA36L (Mono)

RF

## FEATURES

Venus Classic (Mono) CA36L-G09 is a standard and clear Mono RF antenna designed for applications in high-end retail stores. Besides the functional features of Century Mono RF systems, Venus Classic (Mono) antenna has its own characteristics.

- ▲ Fully integrated design with all electronics, including possible add-ons, inside base of the antenna
- ▲ Plug-and-play default settings make systems work with excellent performance in most of environment which helps in easy installation and saving tremendous labor cost
- ▲ Standard detection range on both sides of the antenna
- ▲ Simple but modern design of the antenna's frame and base cover
- ▲ High quality acrylic antenna frames, which are clear, clean and durable
- ▲ Customized colors of base covers are acceptable for volume orders

## OPTIONAL FEATURES

- ▲ Remote Service Module
- ▲ People Counting Module
- ▲ V-Line Management Platform

## STANDARDS COMPLIANCE

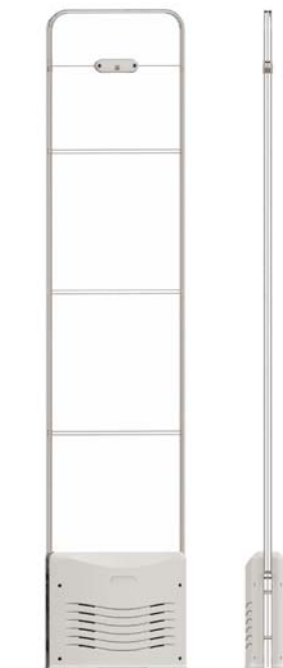

- ▲ ETSI EN 301 489-1 V2.2.0: 2017
- ▲ ETSI EN 301 489-3 V2.1.1: 2017
- ▲ ETSI EN 300 330 V2.1.1: 2017
- ▲ EN 50364: 2010
- ▲ EN 60950-1: 2006 +A11: 2009 +A1: 2010 +A12: 2011 +A2:2013

## TECHNICAL SPECIFICATIONS

- ▲ Input: 24VDC
- ▲ Consumption: 24 W
- ▲ Center Frequency: 8.2MHz
- ▲ Sweep Range: 8.2±0.5MHz
- ▲ Lamp: Red/ Green/ Blue
- ▲ Alarm volume: 0-120dB
- ▲ Application: Apparel stores

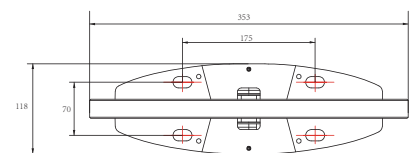

## PERFORMANCE

- ① Label (GF4040H) : Up to (the range as indicated in the System Configurations)
- ② Hard Tag (T013) :

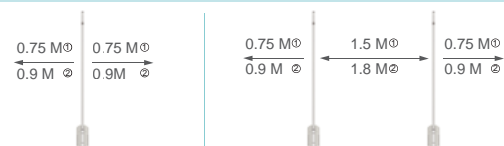

## DIMENSIONS

Height: 1655mm  
 Width: 353mm  
 Depth: 118mm  
 Weight: 25kg

## SYSTEM CONFIGURATIONS

## PRODUCT CODES

Code	Description	Remark
CA36L	Antenna frame without electronics	Frame with antenna coils, without electronics.
CA36L-G09	Mono RF system, incl. cable kit	All electronics integrated in antenna, The antenna can work independently.
