# THE ROYAL GEMS CITY GOLF CLUB

RG (Royal Gems) Golf City - Dream Arena is a golfing destination unlike any other. This innovative course brings together some of the most iconic holes in the world, offering a truly unique and unforgettable experience.

The course's designers have meticulously recreated these famous layouts, capturing their distinctive features and challenges. From the intimidating church pew bunkers of Oakmont's third hole to the dramatic island green of Sawgrass' seventeenth, golfers can test their skills against legendary designs. The back nine, modeled after Augusta National, adds another layer of complexity, with demanding elevation changes and strategic bunkering. This section of the course is a true test of skill and endurance.

Beyond the golf, RG (Royal Gems) Golf City offers a world-class experience. The knowledgeable caddies provide invaluable insights and assistance, while the luxurious clubhouse provides a comfortable and relaxing atmosphere.

# THE VINTAGE CLUB BANGKOK

The Vintage Golf Club offers a serene and enjoyable golfing experience near Bangkok's Suvarnabhumi International Airport. Designed by Arthur Hills, this classic layout features rolling fairways, challenging greens, and a variety of holes that cater to golfers of all skill levels.

While the course may not be as well-known as some others in Bangkok, it boasts excellent conditions, friendly caddies, and a comfortable clubhouse. The lack of crowds and affordable green fees make it a particularly attractive option for those seeking a quality round without the crowds and high prices often associated with Bangkok's more popular courses

# LAKWOOD COUNTRY CLUB

Lakewood Golf Club offers a straightforward golfing experience near the heart of Bangkok. While not renowned for its dramatic terrain, the course compensates with well-maintained fairways, strategic water hazards, and a pleasant parkland setting. The three nine-hole layouts provide variety, with the newer holes generally considered the strongest.

While the flat layout might not be as visually striking as some other courses, Lakewood's proximity to the city and its consistent conditions make it a popular choice for golfers seeking a convenient round. The course's generous fairways and well-trained caddies contribute to a generally enjoyable experience.

For golfers looking for a relaxing round without the complexities of a highly challenging layout, Lakewood Golf Club is a suitable option.
