# LAEM CHABANG INTERNATIONAL

Laem Chabang Golf Club is a golfing masterpiece meticulously crafted by Jack Nicklaus. This 27-hole championship course is renowned for its stunning natural beauty and strategic design. Nestled amidst rolling hills, sparkling lakes, and lush vegetation, Laem Chabang offers a truly unforgettable golfing experience. The course is divided into three distinct nines - Mountain, Lake, and Valley - each presenting unique challenges and breathtaking vistas.

From the dramatic elevation changes of the Mountain Course to the water hazards that come into play on the Lake Course, golfers of all skill levels will find themselves captivated by the course's beauty and challenged by its demanding layout. Beyond the exceptional golf, Laem Chabang boasts world-class amenities and impeccable service, making it a must-play destination for any golf enthusiast visiting Thailand.

# PATTANA SPORT RESORT

**Pattana Golf Club & Resort** in Chonburi Province, northeast of Pattaya, is a comprehensive 1,000-acre golf destination named after founder Dr. Pattana Juangroongruangkit. It features a 27-hole layout with three 9-hole courses—Andreas-A, Brookei-B, and Calypso-C—each offering unique challenges such as undulating fairways, fast Tifdwarf greens, and two par-6 holes. Highlights include the 663-yard 5th on the A-Course and the 626-yard 9th on the B-Course. The resort boasts a large clubhouse, sports stadium, conference center, heliport, and various accommodations. While ideal for low handicappers and scratch golfers, especially in windy conditions, course conditions can vary, so it's best to check with a local agent before playing. The resort also caters to large groups, making weekend tee times scarce and potentially slowing play.

# SIAM COUNTRY CLUB PLANTATION

The Siam Country Club Plantation Course is a golfing masterpiece that demands respect and precision. This world-class layout, carved from a former tapioca and pineapple plantation, is a testament to the vision of renowned architects Lee Schmidt and Brian Curley. Its dramatic elevation changes, coupled with the stunning backdrop of Pattaya Beach and the Gulf of Thailand, create a visually striking and mentally challenging experience.

Each hole presents a unique test, from the daunting long carries and blind shots to the undulating greens guarded by formidable bunkers. The course's signature triple green is a marvel of design, offering a truly unforgettable challenge. While the Plantation Course is undoubtedly demanding, it rewards strategic play and accuracy with breathtaking vistas and a sense of accomplishment.

For those seeking a truly unforgettable golfing experience in Thailand, the Siam Country Club Plantation Course is an absolute must-play. It is a course that will test your skills, challenge your patience, and leave you yearning for a return visit.
