

Natural Water Purification

ozoneswim.com.au

Pool Purification

'The healthy, environmentally friendly solution'

How Ozone Works?

GENERATION

Oxygen converted to pure Ozone

RESULTS

Noticeably softer and clearer pool water with no residual odour.

PURIFICATION

Ozone immediately oxidises and neutralises harmful contaminants (organics, bacteria and viruses)

REVERT TO NATURE

Ozone breaks down into Oxygen after sanitising pollutants

Proudly Australian Made with Environment and Innovation Awards

Why People Choose Ozone Swim

Easy on the Eye – Soft on the Skin

Save Time, Money & Maintenance

Healthier Pool Water

Sensitive & Safe Sanitation

Crystal Clear & Odour-Free

Tried & Trusted

Fast Fact - Chloramines are the by-product of the chlorine sanitation process. Chloramines are the substance that causes unpleasant eye, skin and nose irritation as well as breathing difficulties.

'I encourage pool owners to provide their families with the healthiest pool water possible with an Ozone Swim.'
Laurie Lawrence

A New Benchmark in Reliability, Convenience & Control

Ultimate Dual Sanitation & Purification

Combining Ozone & Chlorine delivers the total solution.

Self-Cleaning Cell Technology

Keeps your system clean and reduces maintenance.

Multi-Flow Ozone Injection Manifold

Automatic, safe and consistent Ozone dosing.

Mineral, Salt or Fresh Water Compatible

Compliments any residual sanitisation system.

About the System

Ozone is a naturally occurring oxidiser that is a powerful sanitising agent and is used throughout many industries to purify air and water. Ozone Swim combines patented corona discharge technology with a premium mineral/salt chlorination system. Therefore it effectively sanitises, purifies and reduces maintenance - resulting in therapeutic, healthy and crystal clear water.

OZONE

Add Ozone to your current system

The 1200i Series works in conjunction with existing salt chlorinators, chemical dosing systems and tablet feeders.

BR-500.06	Ozone Swim 1200i Series
BR-500.18	With timer clock
BR-500.06T	Ozone Swim 1200iT Series
BR-500.18T	With timer clock

OZONE SYSTEM

Mineral/Salt + Ozone = Total Solution

The 1000, 2000 & 3000 Series is designed to replace existing sanitisation systems. These units have the benefit of both salt/mineral Chlorination and Ozone purification.

BR-500.07	Ozone Swim 1000 Series
Salt/Mineral Level:	3,500ppm
BR-500.08	Ozone Swim 2000 Series
Salt/Mineral Level:	3,500ppm
BR-500.09	Ozone Swim 3000 Series
Salt/Mineral Level:	3,500ppm
