

STIEBEL HOUSE ACB

Model : STIEBEL HOUSE ACB

Product Code : 1611-236621

Dimension : 610 x 185 x 210 mm.

Box Dimension : 645 x 185 x 220 mm.

Weight of Product : 6.4 kg.

Weight overall : 8 kg.

STIEBEL HOUSE ACB
1611-236621

Product Features STIEBEL HOUSE ACB

- Fresh water will be clean from dirt particles, chlorines, VOCs TTHM, heavy metals and partly bacteria to give clear, less odor, bad smell and safer fresh water for all kinds of fresh water sources
- Reduce skin and body allergies caused by chlorine and its harmful compounds (trihalomethanes TTHMs)
- Better for skin and hair by removing chlorine and its harmful compounds
- No more clog on filters or faucet outlets (shower units, faucet outlets,). It indirectly improves the water flow because of less- clog. Less maintenance is needed for sanitary accessories.
- Silver ions prohibits the growth of bacteria inside filter housing to keep water inside cartridge always fresh
- Durable and high absorption filter media
- Able to install both indoor/outdoor and both POE and POU

ACTIVATED CARBON BLOCK POE/POU PRE FILTER

DESCRIPTIONS

The STIEBEL HOUSE ACB Pre Filter is made of high quality coconut charcoal powder impregnated with silver ions to reduce bad taste, odor and harmful components inside fresh water by removing Chlorine, Volatile Organic Compounds (VOC), Total Trihalomethanes (THM), some bacteria and heavy metals. Provides fresh water which is cleaner and healthier. Silver ions added in the carbon reduce the growth of bacteria inside the filter cartridge and makes the outgoing water always fresh. STIEBEL HOUSE ACB Pre Filter is perfect to install both as Point of Entry and/or Point of Use.

REMOVAL FUNCTIONS

- Bad taste and odors
- Chlorine, VOC, THM
- Some bacteria and heavy metals
- Prevents growth of bacteria inside filter housing.

TECHNICAL DATA

Type of Filter	STIEBEL HOUSE ACB
Filter media type	Coconut charcoal powder with silver ions
Operating pressure	1.5 to 3 bar
Operating temperature	5 to 35 degree C
Water source	Fresh water source for daily use (drinking, shower, toilet)
Water Capacity (L & Gal)	210 L per min flow cartridge
Installation type	Point of Entry and/or Point of Use
Unit of operation (with standard)	12.5 to 12.5 x 12.5 x 12.5 cm (5 x 5 x 5 inch)
Weight (Filter with standard)	2.5 kg
Dimensions (**)	200mm (H) x 185mm (W) x 220mm (D)

** Note: this filter is not for filter media replacement in the field and for brand identity without filter media treatment such as a drinking water filter. ** depends on water quality, water and tap water conditions.
