

# STREAM 5S

Model	:	STREAM 5S
Product Code	:	1611-238451
Dimension (HxWxD)	:	376 x 290 x 90 mm.
Box Dimension (HxWxD)	:	254 x 340 x 134 mm.
Weight of Product	:	2.80 kg.
Weight overall	:	3.70 kg.

## **Product Features STREAM 5S**

### **Ultrafiltration (UF) membrane**

A micro-porous structure hollow fiber works as an efficient filter to remove 100% bacteria and particles down to 0.01 micron

### **Oxidation Reduction Potential (ORP) mineral ceramic balls**

The ORP mineral ceramic balls reduce ORP value which acts as anti-oxidant of water to increase the natural metabolism of human body. It also contributes better “alkaline” tasting to filtered water.

### **Anti-bacterial carbon**

Anti-bacteria carbon powder in the last filtration stage will prevent a contamination from the outside and keep the filter cartridge always fresh.

### **Encapsulated filter**

The filters inside cartridges are clean and protected against contamination from the outside (e.g. during the filter replacement and cleaning

### **Push & Click filter system in modern design**

The “Push & Click” function makes the filter exchange very easily and simple by only pushing the button and changing of the filter cartridge. A “Click” sound will signal that the filter is inserted properly into the adapter.

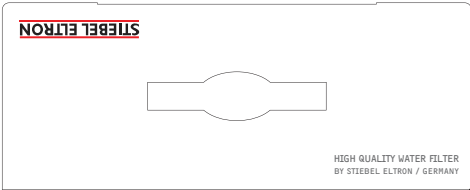

### **Automatic Shut-off**

In case the cartridge is removed from the adapter or the cartridge is not inserted properly the water flow will automatically shut off. Operation and filter exchange are clean and safe
