Atoll Convection Oven

With its compact size and smart design, it is ideal for in-store bakeries, coffee shops, hotels and restaurants. The Atoll range features:

- Double glass design, easy for observation and cleaning
- Bidirectional hot air circulation for even baking results
- Electromagnetic door lock – the door opens automatically when the baking program finishes
- 30 pre-set programs, each capable of 5 baking stages, for optimal baking results
- USB port option for easy program storage and transfer, for chain operations
- Optional under proofer or trolley for your convenience
- Control system for your choice: programmable PCB or 7" capacitive Touchscreen PCB
- Available for Puff version which is specially designed for baking choux puff type products

Atoll 600

Only needs 230V/15A, it is a perfect 'show' unit for creating an open-kitchen atmosphere in a limited space, while still offering consistent baking result. It is ideal for small bakeries, coffee shops, hotel lobby bars and snack shops. Atoll 600 also features removable water tank, which allows you to operate the oven anywhere you want with steam option.
